Take Control of Find My and AirTags, 2nd Edition Glenn Fleishman,2023-09-18 Track your stuff, find your friends, and safely share your location Version 2.0, updated September 18, 2023 Take Control of Find My and AirTags takes you inside Apple's Find My ecosystem. Once solely a way to track where your iPhone was, now Find My encompasses so much more. You can follow people's location (with permission) and share yours; find misplaced Apple and Beats audio hardware, even down to a single lost earbud; and track and share AirTags and third-party items attached to or in your bag, car, bike, and more. Since the introduction of Find My iPhone over a decade ago, Apple has made it possible to Find My Nearly Everything. The current ecosystem encompasses people, Apple devices, and low-power, long-life trackers, with apps available for iOS, iPadOS, macOS, watchOS, and on iCloud.com. Take Control of Find My and AirTags takes you through the many parts of Find My so you can configure and refine how you and your stuff is tracked and shared. The book looks at three different kinds of tracking:

- People: Learn how to share your location safely, follow others who let you, and send and receive notifications about arrivals and departures.
- Devices: Apple lets you track the whereabouts of your and Family Sharing group members' iPhone, iPad, iPod touch, Mac, Watch, and Apple and Beats audio hardware. Get to know the ins and outs of enabling Find My and taking remote actions, from playing a sound to wiping your data from a device.
- Items: Find out how AirTags make use of the crowdsourced network of other people's Apple devices to help you find a lost or forgotten purse, backpack, or even car, and about third-party devices licensing the technology from Apple. Learn how to share your items with up to five other people. Also get to know the dangers of Find My stalking and how to identify the risk, deter unwanted tracking from happening, block it if you find it—and report it to law enforcement or get other help. And find out about a new industry effort, headlined by Apple and Google, to make trackers from all companies discoverable on Apple and Android phones, tablets, and computers. The book also digs into how Family Sharing interacts with personal and device location sharing and finding, and how to help other people find their lost stuff if they don't have one of their own Apple devices handy. The book focuses on the latest Apple operating systems: iOS 17/iPadOS 17, macOS 14 Sonoma, and watchOS 10. However, it looks back to iOS 15/iPadOS 15 and macOS 13 Ventura for nearly every feature—and sometimes back even years before those releases—so you can best use your mix of Apple devices of all vintages. Here's more of what you can find in this book:

- Start sharing AirTags and other items with up to five other people.
- Find out the difference between device-based Find My tracking and the Find My network.
- Figure out if your Apple or Beats audio hardware can be tracked just over Bluetooth nearby or via the Find My Network.
- Lost a single earbud? Apple may have you covered by playing a sound out of it or providing nearly pinpoint tracking.
- Experience the joy of playing a sound over the internet or nearby to help find a missing device or item.
- See the place in Apple's ecosystem for third-party Find My tracking from nearly a dozen companies that make bike, bag, and general stuff trackers, some with extra alarms
- Control and monitor the way you let others track your whereabouts.
- Get to know presence, the way you define which of your devices indicates where you are to other people.
- Learn about the capability in iOS 15/iPadOS 15 and later to track an iPhone or iPad even after it's been erased!
- See how Messages in iOS 17/iPadOS 17 simplifies and improves location sharing and maps.
- Dig into

Apple's efforts to prevent Find My from being used for stalking and unwanted tracking, and how to find out if someone's trying to track you without your permission, including the new partnership with Google to block stalkers and harassers. • Discover buried controls for configuring exactly how Find My updates your device's location, including when power runs low. • Your Apple Watch has three Find My apps you'll get to know to use them effectively on the go. • Understand Activation Lock, which protects devices from being reused even if someone has erased them. • Help family members find lost and stolen gear through Find My's Family Sharing support.

Warhol-isms Andy Warhol, 2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." *Warhol-isms* separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.

The Little Book of Balenciaga Emmanuelle Dirix, 2022-03-03 'Haute couture is like an orchestra, whose conductor is Balenciaga. We other couturiers are the musicians and we follow the direction he gives' - Christian Dior The godfather of conceptual design, a master of shape, a true fashion game changer – all are accolades bestowed upon one of the most interesting, venerated and iconic couturiers of the twentieth century: Cristóbal Balenciaga. His pureness of line, the comfort of his garments and innovative work with textiles, colour and volume made a huge impact on twentieth-century fashion, with creations such as the babydoll, balloon and sack dresses still influencing fashion today. Through stunning images and captivating text, *Little Book of Balenciaga* depicts the work and life of Balenciaga the couturier. Fashion historian Emmanuelle Dirix examines his legacy both through tracing the Maison's artistic direction after his death, and

the generations of designers influenced by the master himself.

Fashion Design Research Ezinma Mbonu, 2014-09-02 Every fashion collection begins with research. But how do you start? How much should you do? How do you use that research? Fashion Design Research is designed to answer these questions and demystify the process for students. Illustrated throughout with inspirational photographs and images of good practice within student sketchbooks, the book begins with the basics of primary and secondary research sources and shows students how and where to gather information. Chapters on market, fabric, and color research follow before the final chapter shows how to gather all the information together, understand it, and use it in a process known as triangulation. Additionally, case studies from a wide range of international designers showcase different working methods. By offering a clear approach to research for fashion design, this book will inspire students to embrace an activity that is both fun and fruitful.

1930s Fashion: The Definitive Sourcebook Charlotte Fiell, 2021-10-14 From the turbulence of the 1930s emerged the Golden Age of Glamour. Framed by two world-changing events – the economic crash of 1929 and the outbreak of the Second World War – the 1930s saw new looks emerge and thrive, despite economic and social uncertainty. This was the decade of the bias cut, the statement shoulder, the puff sleeve, the tea dress, the fur shrug and the floor-length evening gown. It was also the era that saw Hollywood challenge Paris's fashion crown and its stars become fashion icons, signalling a new grown-up direction in womenswear design. Packed with over 500 original photographs, illustrations and sketches from the decade, this is an essential guide for any fashion historian, student or vintage enthusiast. These classic images have been selected from popular fashion publications of the day, mail-order catalogues and Hollywood studio press shots, including material from *Chic Parisien*, *Harper's Bazaar*, *Sears*, *La Femme Chic* and film studios Metro-Goldwyn-Mayer and Paramount. Authored and edited by renowned design historian, Charlotte Fiell, this volume also contains an authoritative introduction by fashion historian, Emmanuelle Dirix, as well as the biographies of the key designers and fashion houses of the period.

1940s Fashion: The Definitive Sourcebook Charlotte Fiell, 2021-10-14 From the ashes of the Second World War came forward-thinking fashions, the likes of which had never been seen before. The early Forties were defined by thriftiness and practicality, a make-do-and-mend attitude in a time of war. However, the latter half of the decade saw the emergence of the traditional femininity, elegance and luxury often associated with the era. Spanning the austerity of the war years to the introduction of Dior's revolutionary New Look, this extensive survey brings together vintage photography and illustrations to follow the

season-by-season fashion evolution of the Forties, providing a comprehensive overview of this period of contrasts. 1940s Fashion: The Definitive Sourcebook covers every aspect of female fashions from the decade, from lace evening gowns, tailored jackets and furs to figure-sculpting undergarments, satin negligées and scandalous bikinis, offering the most comprehensive appraisal of this age of wartime and post-war glamour. This in-depth look at the styles and trends that shaped 1940s fashion features images of the decade's most iconic stars and designers. Stylish leading ladies such as Veronica Lake, Joan Bennett and Barbara Stanwyck are included as well as designs by Dior, Lucien Lelong, Balmain and Worth. Authored and edited by renowned design historian, Charlotte Fiell, this volume also contains an authoritative introduction by fashion historian, Emmanuelle Dirix, as well as the biographies of the key designers and fashion houses of the period.
