

German Mobile News

Gerard Goggin, Larissa Hjorth

News from Germany Heidi J. S. Tworek, 2019-03-11 Winner of the Barclay Book Prize, German Studies Association Winner of the Gomory Prize in Business History, American Historical Association and the Alfred P. Sloan Foundation Winner of the Fraenkel Prize, Wiener Library for the Study of Holocaust and Genocide Honorable Mention, European Studies Book Award, Council for European Studies To control information is to control the world. This innovative history reveals how, across two devastating wars, Germany attempted to build a powerful communication empire—and how the Nazis manipulated the news to rise to dominance in Europe and further their global agenda. Information warfare may seem like a new feature of our contemporary digital world. But it was just as crucial a century ago, when the great powers competed to control and expand their empires. In *News from Germany*, Heidi Tworek uncovers how Germans fought to regulate information at home and used the innovation of wireless technology to magnify their power abroad. Tworek reveals how for nearly fifty years, across three different political regimes, Germany tried to control world communications—and nearly succeeded. From the turn of the twentieth century, German political and business elites worried that their British and French rivals dominated global news networks. Many Germans even blamed foreign media for Germany's defeat in World War I. The key to the British and French advantage was their news agencies—companies whose power over the content and distribution of news was arguably greater than that wielded by Google or Facebook today. Communications networks became a crucial battleground for interwar domestic democracy and international influence everywhere from Latin America to East Asia. Imperial leaders, and their Weimar and Nazi successors, nurtured wireless technology to make news from Germany a major source of information across the globe. The Nazi mastery of global propaganda by the 1930s was built on decades of Germany's obsession with the news. *News from Germany* is not a story about Germany alone. It reveals how news became a form of international power and how communications changed the course of history.

Social, Mobile, and Emerging Media around the World Alexander V. Laskin, 2018-06-20 This edited collection explores the practical applications of diverse types of emerging media technologies in a variety of industries and in many different regions of the world.

News from the Land of Freedom Walter D. Kamphoefner, Wolfgang Johannes Helbich, Ulrike Sommer, 1991 Collection of over 350 German immigrant letters composed by one individual or family group.

Mobile Telecommunications Networks Peter Curwen, Jason Whalley, 2014-10-31 During the past decade, no industry has grown faster than that of mobile communications, yet coverage of its operations remains scarce. This state-of-the-art book examines the evolving structure and strategic behaviour of the thirty largest operators i

The Routledge Companion to Mobile Media Gerard Goggin, Larissa Hjorth, 2014-05-09 The last decade has witnessed the rise of the cell phone from a mode of communication to an indispensable multimedia device, and this phenomenon has led to the burgeoning of mobile communication studies in media, cultural studies, and communication departments across the academy. The Routledge Companion to Mobile Media seeks to be the definitive publication for scholars and students interested in comprehending all the various aspects of mobile media. This collection, which gathers together original articles by a global roster of contributors from a variety of disciplines, sets out to contextualize the increasingly convergent areas surrounding social, geosocial, and mobile media discourses. Features include: comprehensive and interdisciplinary models and approaches for analyzing mobile media; wide-ranging case studies that draw from this truly global field, including China, Africa, Southeast Asia, the Middle East, and Latin America, as well as Europe, the UK, and the US; a consideration of mobile media as part of broader media ecologies and histories; chapters setting out the economic and policy underpinnings of mobile media; explorations of the artistic and creative dimensions of mobile media; studies of emerging issues such as ecological sustainability; up-to-date overviews on social and locative media by pioneers in the field. Drawn from a range of theoretical, artistic, and cultural approaches, The

Routledge Companion to Mobile Media will serve as a crucial reference text to inform and orient those interested in this quickly expanding and far-reaching field.

FCC Record United States. Federal Communications Commission,2001

Where are you Africa? M. Goliama,2010-12-01 This is an original and innovative study of mobile phones in Africa from a theological perspective. The First and the Second Special Assemblies for Africa of the Synod of Bishops, held in Rome in 1994 and 2009 respectively, made an urgent appeal to the Church in Africa to employ various media forms of social communications for evangelization and the promotion of justice and peace. Evidently, electronic media are now increasingly used for evangelization across Africa. The proliferation of the mobile phone in Africa is a most welcome development to this end. On the basis of a thorough review of the growing literature on the mobile phone and the cultures it inspires, Goliama highlights the ambivalent nature of mobile cultures for the Roman Catholic Church's evangelization mission in Africa. He argues not only for the continued merits of face-to-face communication for the Church's pastoral approach in the African context. He points to how this could be enriched by a creative appropriation of the mobile phone as a tool for theological engagement, in its capacity to shape cultures in ways amenable to the construction of a Cell phone Ecclesiology. Such emergent mobile cultural values include the tendency of mobile users to transcend social divides, to promote social interconnectedness, and to privilege the question where are you?. This informed and well articulated exploration of Cell phone Ecclesiology is thus envisaged to aid the Church in Africa to wrestle more effectively with challenges that diminish human life and promote instead qualities that are life-affirming to all categories of people in the Church and society.

TRUSTING MOBILE PAYMENT Andrea Bauer,2017-07-18 In this book Andrea Bauer examines the apparently simple question of the role of trust in the development and establishment of mobile payment services. The proliferation of new payment instruments was always associated with the condition of trustworthiness. Even if the form of payment has changed constantly in the past (e.g. cowrie shells, stones, coins, paper notes, plastic cards or electronic digits), the demand for trustworthiness was always an essential factor regarding its market acceptance. What trust exactly is, which functions trust has in the use of technical solutions and which aspects and determinants of trust are crucial regarding mobile payment services, Andrea Bauer will analyze in the present work.

Stars with Stripes Anthony Luzzatto Gardner,2020-03-24 For sixty years, the United States has supported European integration on a bipartisan basis—not only because this has served European interests, but because it has promoted American interests as well. As core partners in transatlantic efforts to address regional and global economic, political and security challenges, the US and the EU have collaborated critically over the years to make the world a less turbulent place. That is, until the 2016 election of Donald J. Trump. In this era of Brexit and President Trump's incendiary rhetoric regarding Europe, it has never been more important to understand and defend the EU as a significant and valuable American ally. Written by President Barack Obama's Ambassador to the European Union, *Stars with Stripes* provides an analytic yet accessible look at how the US and the EU have worked together effectively on numerous core issues such as trade, the digital economy, climate change and more. In blending humor, personal experience, references to popular culture, and incisive analyses of the major issues and players in the diplomatic relationship between the US and the EU, former Ambassador Anthony Luzzatto Gardner tells an illuminating story of this essential partnership, and provides an exclusive insider look at US/EU diplomacy as well as the Brussels political scene.

Encyclopedia of Mobile Phone Behavior Yan, Zheng,2015-03-31 The rise of mobile phones has brought about a new era of technological attachment as an increasing number of people rely on their personal mobile devices to conduct their daily activities. Due to the ubiquitous nature of mobile

phones, the impact of these devices on human behavior, interaction, and cognition has become a widely studied topic. The Encyclopedia of Mobile Phone Behavior is an authoritative source for scholarly research on the use of mobile phones and how these devices are revolutionizing the way individuals learn, work, and interact with one another. Featuring exhaustive coverage on a variety of topics relating to mobile phone use, behavior, and the impact of mobile devices on society and human interaction, this multi-volume encyclopedia is an essential reference source for students, researchers, IT specialists, and professionals seeking current research on the use and impact of mobile technologies on contemporary culture.

Press Intelligence Bulletin United States. Office of War Information. Bureau of Intelligence, **Personal Security** Tanya Spencer, 2013-07-15 Maintain peace of mind while you are working or living abroad—wherever and however you travel. As an international traveler, you know there are risks. But are you doing everything you can to protect yourself and your belongings? Whether you are traveling for work or pleasure, *Personal Security: A Guide for International Travelers* enables you to prevent security incidents and react in life-saving ways during a crisis. This comprehensive manual answers questions such as: Which criteria should you use for selecting the safest hotel or airline? How to deal with corrupt officials? What are special considerations for women, families, elderly, or travelers with disabilities? What support can you expect from your organization and what are your responsibilities? Benefit from lessons learned from leading experts and seasoned travelers Learn how criminals select their targets and manipulate situations, whether for street crime or serious attack such as kidnapping or terrorism See yourself from the local perspective Deal with common travel inconveniences and stress factors proactively Improve your situational awareness Increase your effectiveness by realistically assessing threats Make the most out of the opportunities that traveling brings Tanya Spencer has traveled extensively to high-risk destinations and has trained 1000s of people how to safely navigate the complexities of international travel. Emphasizing prevention, the book covers medical, cultural, and political considerations, so you understand exactly what you must do before and while you are abroad. It provides flexible frameworks, models, and tools that allow you to easily apply the wealth of tips and advice to any travel situation you might face. Before your next trip, benefit from these time-tested strategies for proactively managing travel risks.

Exploring Transmedia Journalism in the Digital Age Gambarato, Renira Rampazzo, Alzamora, Geane C., 2018-02-16 Since the advent of digitization, the conceptual confusion surrounding the semantic galaxy that comprises the media and journalism universes has increased. Journalism across several media platforms provides rapidly expanding content and audience engagement that assist in enhancing the journalistic experience. *Exploring Transmedia Journalism in the Digital Age* provides emerging research on multimedia journalism across various platforms and formats using digital technologies. While highlighting topics, such as immersive journalism, nonfictional narratives, and design practice, this book explores the theoretical and critical approaches to journalism through the lens of various technologies and media platforms. This book is an important resource for scholars, graduate and undergraduate students, and media professionals

seeking current research on media expansion and participatory journalism.

Introduction to International Economics Henk Jager, Catrinus Jepma, 2017-09-15 The second edition of Introduction to International Economics is a non-technical introduction to international economics that builds on the strengths of the first edition. It analyses in a practical way how the internationalization of economic activities influences companies, investors and consumers, as well as foreign and domestic markets. While the book is policy-oriented, the adequate historical and theoretical context is provided. All concepts are discussed in a non-mathematical way and graphic analysis is used to clarify explanations, which makes it ideal for business and MBA students. International economics is attracting ever more attention due to the recent worldwide economic crisis, and this book gives a truly global perspective by discussing real-world examples and case studies from different sectors, including from the Americas, Europe and Asia. New features in this edition include the following: - Updated empirical material - The chapter on balance of payments, the foreign exchange market and their relationship has been completely rewritten - Expanded material on developments in the European monetary integration process - More focus on issues in emerging economies, such as the practice and lessons of currency boards, dollarization, and the occurrence of currency crises
