Data Requirements for Monitoring Truck Safety Transportation Research Board,1990 The existing truck accident and travel data are not adequate for determining the trends in truck safety or for guiding actions that could reduce accident losses. Therefore the Transportation Research Board, with support from the Federal Highway Administration, the Motor Vehicle Manufacturers Association, the Highway Users Federation, and the Trucking Research Institute of the American Trucking Associations, undertook this study to recommend improvements in the data systems used to monitor truck safety and to develop programs to reduce accident losses.
