*8 Proven Ways to Have a Healthier Baby After Birth* Sarah Blight, Steve Blight, 2014-03-10 Having a baby is hard, isn't it? Confession time... I tried to get pregnant, then I tried to have a healthy pregnancy hoping I'd have a healthy baby. I spent months glued to the computer researching the best and safest stuff (and bought way too much of it!), I read all the best pregnancy books and took a \$150 birth class. I popped those prenatal vitamins like they were going out of style and happily went to all my pre-natal pregnancy appointments. I was uncomfortable. My back hurt. I wasn't sleeping worth a darn, I mean seriously, how can you when you're peeing every 5 seconds? The whole pregnancy experience was totally new to me, but I knew it was my job to make sure that I did everything I could for our baby. My husband heard me say, on more than one occasion, "Whelp hun, there's nothing else I can

do. Once I get to the hospital, my doctor and nurse will tell me what to do and take over.” But they didn't. My baby was born and had respiratory distress. Two minutes later he was sent off to be observed in the nursery. I felt panicky when the nurse leaned down and whispered ... “there's nothing you can do, just get some rest.” That wasn't true. That's why I wrote Birth Book #2 for you. The best hospitals, doctors, midwives and researchers know there are scientifically proven ways you can improve your baby's health during the most critical hour of their life, their first hour. But most providers and birth classes never tell you what these are. If our babies miss out on these benefits, they're missing out on critical health boosts that affect healthy brain development, how well their vital organs work, how strong their immune systems will be to fight off nasty infections, and lots more. You deserve to know what these are, so your baby can get the benefits too! We've asked some of the best and most sought after doctors, midwives and researchers in the world to teach you exactly what these benefits are and how to get them for your baby. Your teachers are: Dr. Sarah Buckley Dr. Lucky Jain Barbara Harper R.N, Midwife Rebecca Dekker, PhD, RN, APRN Dr. Robert Sidonio Jr. Dr. Anna Morad Mavis Schorn, PhD, CNM (the last three are from Vanderbilt University, one of the leading maternity care hospitals in the world). Most people think they have no control over their baby's health, but really they have 100% control over giving their baby these benefits that have been scientifically proven to improve their baby's health. Just learn WHAT they are, then your baby can get all these benefits & have better health too! You'll learn: -How to help your baby breathe easier & avoid respiratory distress -How to help you baby avoid anemia (10x lower chance says Dr. Alan Greene) -How to easily give your baby up to 33% more iron rich, oxygen rich & stem cell rich blood -How to strengthen your baby's immune system ... and a lot more If you didn't know that you could help your baby get all these big health benefits, it's not your fault. I didn't know any of this for my first

baby either, but once I learned, it changed everything. Imagine this ... you just had your baby, you can smell their sweet soft skin, you're hearing her precious coos, you're feeling her warm snuggly little body on yours as you look down gazing into her eyes knowing with 100% certainty that you gave her one of the most important health boosts she'll ever get! Wouldn't that feel good? You'll also get a printable summary of the research studies (from the US Cochrane Center, National Institute of Health, World Health Organization, etc.) so you can take them to your appointments and exact scripts you can use when talking with your provider. So what are you gonna do from here? You can ignore the proven ways to help your baby have the best possible health. Or you can take a shortcut and learn from the best.

Somewhere under the starched shirts and silk ties beat the heart of an undeniably sexy male. And Mimi was just the woman to find him.... The medical staff was impressed with how organized I was when they were asking me to fill out paperwork and when they saw my book wished that more mothers would get one! I am an organizer junkie, and I LOVED this organizer! It's wonderfully thorough, logically organized, and has more info than you'll ever use! She thought of things I would have NEVER thought of, like what to ask potential pediatricians. All in all, a great resource and well worth the money. This was the best purchase I made in anticipation of our new baby. I'm a first time mom and would have been lost without this book throughout the pregnancy. My twins are almost a year old and I still use the book to write down questions for the pediatrician and gifts the kids receive. Not only was it great for preparing for the babies, it will be a wonderful memento later. While preparing for baby can be an uncertain and scary time, this book brings some order and organization to the planning process. I carry this book wherever I go. I would highly recommend this book to anyone expecting. I loved this organizer because it didn't seem to be too commercialized, it offered just the right amount of things that you

would need - as I found out after my baby was born! I found this book invaluable! I recommend it to all first time moms and have given it to just about everyone I know that is having a baby for the first time.

Secrets of the Baby Whisperer Tracy Hogg, Melinda Blau, 2001-06-01 “TRACY HOGG HAS GIVEN PARENTS A GREAT GIFT—the ability to develop early insight into their child’s temperament.” –Los Angeles Family When Tracy Hogg’s *Secrets of the Baby Whisperer* was first published, it soared onto bestseller lists across the country. Parents everywhere became “whisperers” to their newborns, amazed that they could actually

communicate with their baby within weeks of their child's birth. Tracy gave parents what for some amounted to a miracle: the ability to understand their baby's every coo and cry so that they could tell immediately if the baby was hungry, tired, in real distress, or just in need of a little TLC. Tracy also dispelled the insidious myth that parents must go sleepless for the first year of a baby's life—because a happy baby sleeps through the night. Now you too can benefit from Tracy's more than twenty years' experience. In this groundbreaking book, she shares simple, accessible programs in which you will learn: • E.A.S.Y.—how to get baby to eat, play, and sleep on a schedule that will make every member of the household's life easier and happier. • S.L.O.W.—how to interpret what your baby is trying to tell you (so you don't try to feed him when he really wants a nap). • How to identify which type of baby yours is—Angel, Textbook, Touchy, Spirited, or Grumpy—and then learn the best way to interact with that type. • Tracy's Three Day Magic—how to change any and all bad habits (yours and the baby's) in just three days. At the heart of Tracy's simple but profound message: treat the baby as you would like to be treated yourself. Reassuring, down-to-earth, and often flying in the face of conventional wisdom, *Secrets of the Baby Whisperer* promises parents not only a healthier, happier baby but a more relaxed and happy household as well.

**Dude, You're Gonna Be a Dad!** John Pfeiffer, 2011-03-18

There are approximately 3,712 ways for a guy to look stupid during pregnancy - this book's here to help you avoid all(most) of them. And here's your first hint: Focus on what you can be doing for her rather than what's happening to her. She's pregnant. She knows that. You know that. And her 152 baby books tell her exactly what she can expect. Your job is to learn what you can do between the stick turning blue and the drive to the delivery room to make the next nine months go as smoothly as possible. That's where John Pfeiffer steps in. Like any good coach, he's been through it. He's dealt with the morning sickness and doctor visits,

painting the baby's nursery and packing the overnight bag, choosing a name, hospital, and the color of the car-seat cover. All the while he remained positive and responsive - there with a You're beautiful when necessary - but assertive during the decision-making process (he didn't want to wind up with a kid named Percy). And now it's your turn. She might be having the baby, but you have plenty of responsibilities.
