Foodopoly Wenonah Hauter,2015-04-07 “A meticulously researched tour de force” on politics, big agriculture, and the need to go beyond farmers’ markets to find fixes (Publishers Weekly). Wenonah Hauter owns an organic family farm that provides healthy vegetables to hundreds of families as part of the Community Supported Agriculture (CSA) movement. Yet, as a leading healthy-food advocate, Hauter believes that the local food movement is not enough to solve America’s food crisis and the public health debacle it has created. In *Foodopoly*, she takes aim at the real culprit: the control of food production by a handful of large corporations—backed by political clout—that prevents farmers from raising healthy crops and limits the choices people can make in the grocery store. Blending history, reporting, and a deep understanding of farming and food production, *Foodopoly* is a shocking, revealing account of the business behind the meat, vegetables, grains, and milk most Americans eat every day, including some of our favorite and most respected organic and health-conscious brands. Hauter also pulls the curtain back from the little-understood but vital realm of agricultural policy, showing how it has been hijacked by lobbyists, driving out independent farmers and food processors in favor of the likes of Cargill, Tyson, Kraft, and ConAgra. *Foodopoly* shows how the impacts ripple far and wide, from economic stagnation in rural communities to famines overseas, and argues that solving this crisis will require a complete structural shift—a change that is about politics, not just personal choice.

Blue Apple Switchback Carrie Highley,2016-06-07 Carrie Highley was always a tomboy—and by the time she turned sixteen, she was wishing she were dancing with the girls instead of the boys at cotillion dances. In her early thirties, while living in West Virginia, she discovered a passion for road biking, finally stopped sequestering her deep feelings for women, and began an ill-fated love affair with a female cycling friend. Then, at thirty-six, she found herself skidding into Asheville, North Carolina, holding on tight to the coattails of her doctor husband and spending her time as a stay-at-home mother of two boys. Moving to North Carolina was Highley’s attempt to reembrace heterosexual married life after her tumultuous time in West Virginia. But in Asheville, she met Charlie, a fellow cyclist twenty-three years her senior, who became her mentor, friend, and father all rolled into one—and as they grew closer, she started unloading her fears into Charlie’s inbox. With Charlie’s support, Highley finally got the courage to do what she’d been waiting her whole life to do: go down the mountain with her hands off the brakes.
