How to Get Free Stuff K. C. McAllister, 2014-09-04

Getting things for free really isn't a pipedream. At least, not if you play your cards right and know what to do. They say that fortune favors the brave, but that's not always the case. When it comes to getting free stuff, fortune actually favors the knowledgeable and the resourceful. In 2013 alone, US companies spent over \$94 billion dollars in advertising to get people to try out their latest products. There's a lot of free stuff out there and rest assured, it's not all getting handed out in tiny bite-sized samples at your local supermarket. Besides free software, other goodies on offer include gadgets, books, and movies. Keep reading, and you may even get a free phone and a free yacht, although with some conditions. This book will explain how to get all of the above and more.

I Hate Running and You Can Too Brendan Leonard, 2021-03-16 I Hate Running and You Can Too is a humorous, punchy, motivating guide to running longer

distances than some might think sensible - whether that's a 5K or a marathon. Outside magazine columnist, chart-ist, and longtime runner, Brendan Leonard gets real on the love/hate relationship all runners have with the sport. He breaks down running in terms that speak to everyone who has ever struggled to get out the door and go for a run: getting comfortable being uncomfortable, how to start small and stick with it, that walking is a completely legitimate running strategy, and devising your own definition of success. Filled with 75 charts and graphs that give readers a sensible way to think about running, *I Hate Running and You Can Too* breaks down the reality of the training miles versus race miles, how to stay motivated, and what to do when faced with setbacks. *I Hate Running and You Can Too* shows readers that you won't always like running (sometimes you'll even hate it), but if you just keep going, you might learn to love it too.
