Imagine that income was completely unconnected to your time and just showed up in your bank account at the end of every month like clockwork without you having to punch a clock or trade 40 hours of your life every week to earn it. What would you do with that money? Send your children to college? Pay your mortgage off early? Finally go on the vacation you've always dreamed of? Or maybe you would do all three! The internet has quietly ushered in an age of unlimited passive income potential. A couple of decades ago, unless you were born into money, you had to work to survive, essentially selling your life off by the hour to a company that likely didn't care much about your happiness, well-being, hopes, or dreams. And worst of all, if the company found a way to automate or outsource your job and save a couple of cents an hour, they'd do it in a heartbeat. You give the company the best hours of your day and the best days of your life and in exchange you're paid enough to survive but not enough to thrive. But for those who have harnessed the power of online small business startups to generate passive income streams, THOSE DAYS ARE OVER! Author and internet entrepreneur Seth Ramsey has boiled down the essentials of earning passive income online and laid out a proven 8 step plan that even a total beginner can follow and successfully generate passive income streams within 90 days.

Passive Income Kevin Stuart, 2018-02-27 You're About To Discover The #1 Secret To Generate Passive Income Streams With This Step-By-Step Tutorial And Proven Business Models, Ideas A passive income is any income you earn without actively engaging in work-related activities. However, a passive income is still work. A major misconception on the subject is that you can set up a passive income today and start making money on autopilot tomorrow. That rarely happens. Most passive income streams, especially those whose nature concentrates on the online space, require that you put in the work now so that later, you may stop working full time. That does not mean you will not work at all; you will. All worthwhile passive income streams require some form of maintenance. With that said, it's easy to understand why many people believe that a passive income means no work at all: because well set up passive income streams can requires as little as a few hours of maintenance work per week or month to continue generating revenue. Take the example of a well set up blog. If you put in the time now into creating great, search engine friendly, evergreen content-say about 100-200 pieces of genuinely good and valuable content which would take a year of more-in a year or two, you can stop actively working on the website or blog every day. You can monetize the traffic coming to the website through various strategies such as affiliate marketing and advertising so that

you can generate an income even as you post once or twice per week-some blogs continue to earn a passive income each month even without any maintenance work.As you can see from the above, setting up an online passive income does not mean not working; it simply means putting in the work upfront so that later, you can work less and still generate an income.This passive income definition is the one we shall use as we work through the steps in this guide. This guide shall discuss, in a systematic manner, proven business models and ideas that when well implemented, shall help you create multiple streams of online passive income. Let's begin. How to Make Money Online - The Real Secrets Revealed Wisdom Gabriel, 2017-09-14 NO PRIOR EXPERIENCE REQUIRED. ALL INSTRUCTIONS ARE FULLY DETAILED AND STEP-BY-STEP SO ANYONE CAN FOLLOW THEM EASILY. Online passive income is the ultimate dream. Making money while you sleep. Everybody wants it. But is it really possible? The short answer is YES The longer answer is yes, but it isn't easy to accomplish. If it was, wouldn't everyone be doing it? In my ebook, I give you a step-by-step plan on how to develop a passive income online business and show you how making money online actually works (with links to supporting lessons for extra clarity). The specific plan I teach is designed to make you \$5,000+ per month in passive income earnings, based on Blogging, Affiliate Marketing, Freelancing and Selling of Digital Products. Once you understand the process though, you can decide to work with any of them or with all. When you stop is up to you (and yes, there are people making tens of thousands of dollars per month on the Internet based on these concepts—they just love the work and don't ever stop. What's great about the business plan that I teach you is not only the income level you will accomplish if you follow through, but all that you will learn in the process. The skills you learn in this ebook will enable you to build all kinds of online businesses and open the door for all kinds of entrepreneurial projects you may have. Not only that, you will be able to evaluate business ideas much more intelligently once you've gone through this whole process. You will understand the fundamentals of keyword research & analysis, traffic & lead generation, social & affiliate marketing, monetization & conversion testing, and traffic analysis. These skills will help you immensely in ANY business you ever decide to start (online or not, passive or not). Generating an online passive income won't happen overnight and takes a lot of hard work, but going through the process is completely worth it and having an exact plan of action is the ONLY way to

ensure success. Let me put it this way: if you were offered no pay for six months for 40+ hours of work per week, but after those six months, you got \$5,000+ per month for the rest of your life, would that be worth it to you? If that idea isn't unbelievably exciting to you, then this isn't the business for you. This isn't a get rich quick scheme. This is a business. Except with this business, instead of trading your time for money (like most jobs), you are investing your time. You work hard now and continue to reap the benefits indefinitely. Building an online business takes a lot of work and a lot of patience, but the rewards can be amazing. That's the kind of business that I teach you in this ebook. Here's what you will learn 1. The Truth Behind the Internet and making money online 2. The only ways you can truly make money online 3. Blogging - What is blogging? 4. Affiliate Marketing - What is Affiliate Marketing? 5. Freelancing - what is freelancing? and much more things you will learn.
