People Get Ready Robert W. McChesney, John Nichols, 2016-03-08 Humanity is on the verge of its darkest hour -- or its greatest moment The consequences of the technological revolution are about to hit hard: unemployment will spike as new technologies replace labor in the manufacturing, service, and professional sectors of an economy that is already struggling. The end of work as we know it will hit at the worst moment imaginable: as capitalism fosters permanent stagnation, when the labor market is in decrepit shape, with declining wages, expanding poverty, and scorching inequality. Only the dramatic democratization of our economy can address the existential challenges we now face. Yet, the US political process is so dominated by billionaires and corporate special interests, by corruption and monopoly, that it stymies not just democracy but progress. The great challenge of these times is to ensure that the tremendous benefits of technological progress are employed to serve the whole of humanity, rather than to enrich the wealthy few. Robert W. McChesney and John Nichols argue that the United States needs a new economy in which revolutionary technologies are applied to effectively address environmental and social problems and used to rejuvenate and extend democratic institutions. Based on intense reporting, rich historical analysis, and deep understanding of the technological and social changes that are unfolding, they propose a bold strategy for democratizing our digital destiny -- before it's too late -- and unleashing the real power of the Internet, and of humanity.

People Get Ready! Christine Berry, Joe Guinan, 2019-05-01 Jeremy Corbyn's Labour stands on the brink of power, promising a fundamental re-ordering of British politics. But what, in practice, will this entail? How can a radical government stand up to an establishment that is hostile to any significant redistribution of wealth and power? *People Get Ready!* dives into the nitty gritty of what's needed to bring about transformative change. Unlike a decade ago, the left's problem is no longer a shortage of big ideas. Inside and outside the Labour Party, an agenda for new forms of public and community ownership is taking shape. Today the biggest danger facing the left is lack of preparedness—the absence of strategies that can make these ideas a reality. *People Get Ready!* draws on previous attempts at radical change, from the election of Labour at the end of the Second World War and the progressive early days of Mitterrand's presidency in France, to Tony Benn's battles with Harold Wilson and

Margaret Thatcher's icy insistence that there was no alternative to free markets. These stories highlight the importance of knowing your allies and, even more, your enemies, of being ready to deal with sabotage and resistance from the highest levels, of being bold enough to transform the structures of government, and of having a mass movement that can both support the leadership and hold it to its radical programme when the going gets tough. Remarkably, democratic socialism in Britain is closer to government than in any other European country. The responsibilities this brings for those supporting the Corbyn project are as great as the opportunities it presents. But there isn't much time to get ready ...

Get Ready: For You Best Marriage Now Rick Thomas,2019-02-21 Get Ready - For Your Best Marriage Now - If you are thinking about dating, courtship, or getting married, this could be the most important book you'll ever read. I realize what I just wrote may come across as an overstatement or hyperbolic marketing, but it is not. I have been in the counseling business for many years, and the most common situation I have counseled are marriages in trouble. These troubled marriages did not just happen. The problems in any marriage are rooted in the two people who are married before they were married.It's a WorkbookThis book is the culmination of thousands of hours of counseling with marriages that came to me because they either did not know the content of this book, did not know how to apply it, or refused to use what they knew. All of their marriages were in trouble, and they hoped to reverse years of poor decision-making and relational conflict.What you are about to read has been field tested. It will work for you in proportion to your willingness to take it to heart while practically applying it to your life and relationship. I recommend that you read this book slowly, reflectively, prayerfully, and conversationally. You may want to read it more than once. This book is not meant to be read and shelved. It is a reusable tool that will

never wear out no matter how many times you use it. Do not be afraid: use it often. At the end of each chapter, I have call to action opportunities that are meant to probe your thought life as well as your practical experience. Ask the Spirit of God to open your eyes to see any hidden things. Ask Him to give you the courage to change what needs changing, no matter how hard it feels at the moment. And above all else, expect God's favor on your life as you humbly submit to His guidance while you move through this resource. If You Are Married This book is for you, too. Perhaps your marriage has hit the rocks. After years of muddling through, you feel as though you've lost all hope. Your hope is not lost. I wrote this book for people who want a great marriage. The content applies (1) to those who have yet to tie the knot, (2) to those who have tied the knot, and (3) to those who have untied the knot. Whether pre-married, married, or post-married, the content of this book is about how to have a God-glorifying and mutually enjoyable marriage. If that is what you want, this is what you need. Don't be discouraged; be hopeful. God is a Healer of the hurting. If you are one of the hurting ones because your marriage went to the wrong place, I appeal to you to set aside some time to read this resource. Find a friend to walk with you through it. Ask the Father to restore the brokenness. Expect His mercy and favor. I do not know if the Lord can transform your marriage, but I do know He can make your life better than what it is. The content in this book can assist you in that beautiful cause. Rick Greenville, SC
