Don't Get A Job, Build A Business Joanne Hession, Joan Baker, 2013-01-18 This book is full of the kind of information you need to run a small business successfully - whether you are just starting out, or you have an established business and you want to develop it and ensure its survival. Through a series of 'Killer Questions' the authors highlight all the important things you need to think about to make your business a success and ensure you are heading in the right direction. The book is divided into three sections: the first deals with the business owner themselves, the second addresses other people involved in the business, whether they are

customers, suppliers, staff or consultants, and the third looks at the structure of and planning in the business. The informal approach and short chapters means that the book can either be read straight through or be dipped in and out of for easy reference. The authors have a combination of fifty years' business experience between them and are both currently involved in business training and coaching.

Meaning in Mid-Life Transitions Edmund

Sherman,1987-01-15 This book contributes to an understanding of the nature of mid-life transitions and crises by focusing on the unique personal meaning of the transitional experience for the individual. There is an implicit structure to the way in which such a transition is experienced by the individual, and this can be made explicit by the techniques and methods of the approach outlined and illustrated in the book. The value of making this structure explicit is that it enables us to understand and assess the nature and dimensions of the transition, whether or not it will reach crisis proportions, and to assess possible intervention strategies. Meaning in Mid-Life Transitions should be of interest to human service practitioners as well as teachers and students of human development and behavior. It evidences an integrative approach and structural framework, including a series of in-depth clinical and research studies.
