Why Don't They Just Get a Job? Liane Phillips, Echo Montgomery Garrett, 2010 *WHY DON'T THEY JUST GET A JOB?* describes the journey and the incredible results of Dave and Liane Phillips efforts to help those in poverty find their way to self sufficiency. Under the premise that existing job-readiness programs only focus on job placement and not retention to help the unemployed and underemployed, Dave and Liane Phillips created a poverty to economic self-sufficiency program with an 80% one-year employment retention rate. In the past three years this organization, Cincinnati Works, has brought \$25 million in wages locally to over 1500 families. The not-for-profit offers a complete spectrum of free, lifetime employment services for the entry-level job-seeker to sustain and advance in today's work climate. The model is a winner of the 2009 Manhattan Institute Social Entrepreneur Award. Following its success, Dave Phillips is now volunteering as a consultant for similar programs in other cities.

Get a Job! Dan Quillen, 2013-10-08 Unique job hunting advice for the new economy, told with personal anecdotes and real stories: more like chicken soup for the job-seeker than a dry reference manual! *Get a Job!* shows people at any point in their career how to find a job, and how to keep that job once they have it. The new economy of real 16% unemployment requires job hunters to think like a hiring manager. Quillen's book alone teaches readers how to do that, by providing insights into the thought process of hiring managers and HR Directors -- because he has been one most of his career! Using stories and anecdotes throughout, all from his 20+ years of personal experience and as a very recent job seeker himself, his credentials are better than anyone else writing on this subject. Ten or fifteen years ago, a well-crafted resume got you interviews and a job. But now, in the horrific New Normal economy where real unemployment is more than 16%, you absolutely have to tailor your resume specifically to each job for which you are applying. If you don't, less-qualified candidates will get the interviews, and you'll be left out in the cold. This is just one part of the new job-seeking world that author Dan Quillen reveals from personal experience. Laid off in 2011, Dan was part of two networking groups...their average interviews per resume submitted was something like 5% -- one in twenty. Dan's was 24% -- nearly one in four. Dan got a job in record time, and now he shows readers how to do the same in *Get a Job!* Rather than a cold impersonal litany of things to do, *Get a Job!* is more like sitting down with an old friend who has taken a personal interest in the job seeker's dilemma. Quillen takes his readers by the hand and guides them through all the critical steps necessary for finding a job today -- not twenty years ago. Along the way, Quillen shares his own personal experiences in finding work in today's difficult economy, seen through the lens of his decades of HR experience as a hiring manager and HR director. The use of the Internet and social media is an important component of this book, which is filled with examples from Dan's own job hunt. Featured

are copies of his resume (reviewed and discussed section-by-section), the job boards he used in his search and how best to use them, first steps to take after being laid off, the importance of resumes and cover letters, overcoming gatekeepers, preparing for the interview and how to excel at one, temp agencies, age-related questions, and much more. Dan also provides great strategies on how to keep a job once you've landed it, how to prepare to leave if the job appears to be ending, and how to stay positive in a very negative time. Real examples from Dan's search are the hallmark of every chapter, every strategy offered to readers.
