Building Applications and Components with Visual Basic .NET Ted Pattison, Joe Hummel, 2004 • Ted Pattison is a revered Visual Basic developer, trainer, and author >• Addresses the main stumbling point keeping experienced Visual Basic 6 developers from migrating to Visual Basic .NET >• Provides not only a deep conceptual understanding of object-oriented theory from a Visual Basic perspective, but also a practical guide to using modern OOP concepts effectively

Your Call Is (Not That) Important to Us Emily Yellin, 2010-08-17 Bring up the subject of customer service phone calls and the blood pressure of everyone within earshot rises exponentially. Otherwise calm, rational, and intelligent people go into extended rants about an industry that seems to grow more inhuman and unhelpful with every phone call we make. And Americans make more than 43 billion customer service calls each year. Whether it's the interminable hold times, the outsourced agents who can't speak English, or the multitude of buttons to press and automated voices to listen to before reaching someone with a measurable pulse -- who hasn't felt exasperated at the abuse, neglect, and wasted time we experience when all we want is help, and maybe a little human kindness? *Your Call Is (Not That) Important to Us* is journalist Emily Yellin's engaging, funny, and far-reaching exploration of the multibillion-dollar customer service industry and its surprising inner-workings. Yellin reveals the real human beings and often surreal corporate policies lurking behind its aggravating façade. After reading this first-ever investigation of the customer service world, you'll never view your call-center encounters in quite the same way. Since customer service has a role in just about every industry on earth, Yellin travels the country and the world, meeting a wide range of customer service reps, corporate decision makers, industry watchers, and Internet-based consumer activists. She spends time at outsourced call centers for Office Depot in Argentina and Microsoft in

Egypt. She gets to know the Mormon wives who answer JetBlue's customer service calls from their homes in Salt Lake City, and listens in on calls from around the globe at a FedEx customer service center in Memphis. She meets with the creators of the yearly Customer Rage Study, customer experience specialists at Credit Suisse in Zurich, the founder and CEO of FedEx, and the CEO of the rising Internet retailer Zappos.com. Yellin finds out which country complains about service the most (Sweden), interviews an actress who provides the voice for automated answering systems at many big corporations, and talks to the people who run a website (GetHuman.com that posts codes for bypassing automated voices and getting to an actual human being at more than five hundred major companies. Yellin weaves her vast reporting into an entertaining narrative that sheds light on the complex forces that create our infuriating experiences. She chronicles how the Internet and global competition are forcing businesses to take their customers' needs more seriously and offers hope from people inside and outside the globalized corporate world fighting to make customer service better for us all. *Your Call Is (Not That) Important to Us* cuts through corporate jargon and consumer distress to provide an eye-opening and animated account of the way companies treat their customers, how customers treat the people who serve them, and how technology, globalization, class, race, gender, and culture influence these interactions. Frustrated customers, smart executives, and dedicated customer service reps alike will find this lively examination of the crossroads of world commerce -- the point where businesses and their customers meet -- illuminating and essential.

A Truck Full of Money Tracy Kidder, 2017-06-13 "A perfectly executed, exquisitely reported parable of the Internet age and the wild, mad adventure that is start-up culture."—Charles Duhigg *Fortune*, mania, genius, philanthropy—the bestselling author of *Mountains Beyond Mountains* gives us the inspiring story of Paul English, the founder of Kayak and Lola. Tracy Kidder, the "master of the

nonfiction narrative” (The Baltimore Sun) and author of the bestselling classic *The Soul of a New Machine*, now tells the story of Paul English, a kinetic and unconventional inventor and entrepreneur, who as a boy rebelled against authority. Growing up in working-class Boston, English discovers a medium for his talents the first time he sees a computer. As a young man, despite suffering from what would eventually be diagnosed as bipolar disorder, he begins his pilgrim’s journey through the ups and downs in the brave new world of computers. Relating to the Internet as if it’s an extension of his own mind, he discovers that he has a talent for conceiving innovative enterprises and building teams that can develop them, becoming “a Pied Piper” of geeks. His innovative management style, success, and innate sense of fair play inspire intense loyalty. Early on, one colleague observes: “Someday this boy’s going to get hit by a truck full of money, and I’m going to be standing beside him.” Yet when English does indeed make a fortune, when the travel website Kayak is sold for almost two billion dollars—the first thing he thinks about is how to give the money away: “What else would you do with it?” The second thing he thinks is, What’s next? With the power of a consummate storyteller, Tracy Kidder casts a fresh, critical, and often humorous eye on the way new ideas and new money are reshaping our culture and the world. *A Truck Full of Money* is a mesmerizing portrait of an irresistibly endearing man who is indefatigable, original, and as unpredictable as America itself. Praise for *A Truck Full of Money* “Kidder’s prose glides with a figure skater’s ease, but without the glam. His is a seemingly artless art, like John McPhee’s, that conceals itself in sentences that are necessary, economical, and unpretentious.”—The Boston Globe “Kidder’s portrayal of living with manic depression is as nuanced and intimate as a reader might ever expect to get. . . . You can’t help admiring Mr. English and cheering for him.”—The New York Times

Rule the Web Mark Frauenfelder, 2007-06-12 In *Rule the Web*, you'll learn how to: * Browse

recklessly, free from viruses, ads, and spyware * Turn your browser into a secure and powerful anywhere office * Raze your old home page and build a modern Web masterpiece * Get the news so fast it'll leave skidmarks on your inbox * Fire your broker and let the Internet make you rich * Claim your fifteen megabytes of fame with a blog or podcast You use the Web to shop, do your banking, have fun, find facts, connect with family, share your thoughts with the world, and more. But aren't you curious about what else the Web can do for you? Or if there are better, faster, or easier ways to do what you're already doing? Let the world's foremost technology writer, Mark Frauenfelder, help you unlock the Internet's potential—and open up a richer, nimbler, and more useful trove of resources and services, including: EXPRESS YOURSELF, SAFELY. Create and share blogs, podcasts, and online video with friends, family, and millions of potential audience members, while protecting yourself from identity theft and fraud. DIVIDE AND CONQUER. Tackle even the most complex online tasks with ease, from whipping up a gorgeous Web site to doing all your work faster and more efficiently within your browser, from word processing to investing to planning a party. THE RIGHT WAY, EVERY TIME. Master state-of-the-art techniques for doing everything from selling your house to shopping for electronics, with hundreds of carefully researched tips and tricks. TIPS FROM THE INSIDERS. Mark has asked dozens of the best bloggers around to share their favorite tips on getting the most out of the Web.

The Village Effect Susan Pinker, 2015-08-25 In her surprising, entertaining and persuasive new book, award-winning author and psychologist Susan Pinker shows how face-to-face contact is crucial for learning, happiness, resilience and longevity. From birth to death, human beings are hard-wired to connect to other human beings. Face-to-face contact matters: tight bonds of friendship and love heal us, help children learn, extend our lives and make us happy. Looser in-person bonds matter, too, combining with our close relationships to form a personal village around us, one that exerts unique effects. And not just any social networks will do: we need the real, face-to-face, in-the-flesh encounters that tie human families, groups of friends and communities together. Marrying the findings of the new field of social neuroscience together with gripping human stories, Susan Pinker explores the impact of face-to-face contact from cradle to grave, from city to Sardinian mountain village, from classroom to workplace, from love to marriage to divorce. Her results are enlightening and enlivening, and they challenge our assumptions. Most of us have left the literal village behind, and don't want to give up our new technologies to go back there. But, as Pinker writes so compellingly, we need close social bonds and uninterrupted face-time with our friends and families in order to thrive--even to survive. Creating our own village effect can make us happier. It can also save our lives.

The Oxford Handbook of Mobile Music Studies, Volume 1 Sumanth Gopinath, Jason Stanyek, 2014-03 The two volumes of The Oxford Handbook of Mobile Music Studies consolidate an area of scholarly inquiry that addresses how mechanical, electrical, and digital technologies and their

corresponding economies of scale have rendered music and sound increasingly mobile-portable, fungible, and ubiquitous. At once a marketing term, a common mode of everyday-life performance, and an instigator of experimental aesthetics, mobile music opens up a space for studying the momentous transformations in the production, distribution, consumption, and experience of music and sound that took place between the late nineteenth and the early twenty-first centuries. Taken together, the two volumes cover a large swath of the world-the US, the UK, Japan, Brazil, Germany, Turkey, Mexico, France, China, Jamaica, Iraq, the Philippines, India, Sweden-and a similarly broad array of the musical and nonmusical sounds suffusing the soundscapes of mobility. Volume 1 provides an introduction to the study of mobile music through the examination of its devices, markets, and theories. Conceptualizing a long history of mobile music extending from the late nineteenth century to the present, the volume focuses on the conjunction of human mobility and forms of sound production and reproduction. The volume's chapters investigate the MP3, copyright law and digital downloading, music and cloud computing, the iPod, the transistor radio, the automated call center, sound and text messaging, the mobile phone, the militarization of iPod usage, the cochlear implant, the portable sound recorder, listening practices of schoolchildren and teenagers, the ringtone, mobile music in the urban soundscape, the boombox, mobile music marketing in Mexico and Brazil, music piracy in India, and online radio in Japan and the US.

Simple Alan Siegel,Irene Etzkorn,2013-04-02 For decades, Alan Siegel and Irene Etzkorn have championed simplicity as a competitive advantage and a consumer right. Consulting with businesses and organizations around the world to streamline products, services, processes and communications, they have achieved dramatic results. In SIMPLE, the culmination of their work together, Siegel and Etzkorn show us how having empathy, striving for clarity, and distilling your message can reduce the

distance between company and customer, hospital and patient, government and citizen-and increase your bottom line. Examining the best and worst practices of an array of organizations big and small-including the IRS, Google, Philips, Trader Joe's, Chubb Insurance, and ING Direct, and many more-Siegel and Etzkorn recast simplicity as a mindset, a design aesthetic, and a writing technique. In these illuminating pages you will discover, among other things: Why the Flip camera became roadkill in the wake of the iPhone What SIMPLE idea allowed the Cleveland Clinic to improve care and increase revenue How OXO designed a measuring cup that sold a million units in its first 18 months on the market Where Target got the idea for their ClearRX prescription system How New York City simplified its unwieldy bureaucracy with three simple numbers By exposing the overly complex things we encounter every day, SIMPLE reveals the reasons we allow confusion to persist, inspires us to seek clarity, and explores how social media is empowering consumers to demand simplicity. The next big idea in business is SIMPLE.

Building Isomorphic JavaScript Apps Jason Strimpel,Maxime Najim,2016-09-12 Isomorphic JavaScript, often described as the holy grail of web application development, refers to running JavaScript code on both the browser client and web application server. This application architecture has become increasingly popular for the benefits of SEO, optimized page load and full control of the UI, and isomorphic libraries are being used at companies like Walmart, Airbnb, Facebook, and Netflix. With this practical book, authors Jason Strimpel and Maxime Najim provide the knowledge you need to build and maintain your own isomorphic JavaScript apps. This book includes: Part 1 identifies different classifications of isomorphic JavaScript apps, and shows you how to set up a development environment Part 2 takes you from theory to practice by showing you how to build out your own isomorphic app Part 3 takes you through existing solutions in the market today, providing you with

the knowledge you need to bring isomorphic solutions into your development workflow

Market Intelligence Resources 2008 ,

Good for Business Andrew Benett,Cavas Gobhai,Ann O'Reilly,2010-11-23 In order to satisfy the heightened demands of today's more powerful consumer, corporations from Wal-Mart to GE are undergoing an evolutionary transformation in the way they do business--from their operations and strategies to their relationships with customers and communities. Today, brands matter a lot, and what companies we do business with also matters. In *Good For Business*, the authors show not only why building an authentic corporate brand is critical to success, but how to do it in a way that creates more loyal customers, develops a devoted workforce, and makes a social difference in the world at large.

Designing Voice User Interfaces Cathy Pearl,2016-12-19 Voice user interfaces (VUIs) are becoming all the rage today. But how do you build one that people can actually converse with? Whether you're designing a mobile app, a toy, or a device such as a home assistant, this practical book guides you through basic VUI design principles, helps you choose the right speech recognition engine, and shows you how to measure your VUI's performance and improve upon it. Author Cathy Pearl also takes product managers, UX designers, and VUI designers into advanced design topics that will help make your VUI not just functional, but great. Understand key VUI design concepts, including command-and-control and conversational systems Decide if you should use an avatar or other visual representation with your VUI Explore speech recognition technology and its impact on your design Take your VUI above and beyond the basic exchange of information Learn practical ways to test your VUI application with users Monitor your app and learn how to quickly improve performance Get real-world examples of VUIs for home assistants, smartwatches, and car systems

Unleashing Excellence Dennis Snow, Teri Yanovitch, 2009-11-16 A step-by-step guide to designing and implementing an amazing customer service culture In today's competitive business environment, keeping customers happy is the key to long-term success. But some businesses provide much better customer service than others. It's not always clear what works and what doesn't, and implementing new customer service practices midstream can be a difficult, chaotic task. Business leaders who want to transform their business culture into one of customer service excellence need reliable, proven guidance. Unleashing Excellence gives you practical tools and step-by-step guidance tailored to your company's individual customer service needs. It shows you how to navigate your teams through every step of the implementation process to achieve true customer service excellence. The book covers the training and education of your group, how to measure the quality of your service, how to build a culture of personal accountability, and how to recognize excellence and reward it. Fully revised to include updated information on the latest tools and best practices, as well as the stories and lessons learned from those organizations that have used the process described in the book. Offers proven best practices for designing and implementing an excellent customer service culture Simple format divides content into nine leadership actions that guide you through a step-by-step process Shows you how to build a common customer service vision for your entire organization Customer service is vital to the survival of your business. If you want to move your organization's customer service practices from good to great, Unleashing Excellence is the key.

The New Pioneers Tania Ellis, 2010-11-04 New times create new needs – and new needs require new solutions. The New Pioneers is a practical guide for capitalists and idealists on how to navigate in the new economic world order. It is about the social megatrends that are shaping our lives in new ways and creating a new face of capitalism. And it is about the pioneers that are paving the way for

the new business revolution: this century's generation of visionary leaders, social entrepreneurs and social intrapreneurs. 'Hardcore business people are realising that they can increase their profits by incorporating social responsibility into their business, and heartcore idealists are realising that the use of market methods helps them meet their social goals successfully,' argues Tania Ellis. With a wide array of cases from all over the world Tania Ellis explains the key principles of sustainable business success. Read *The New Pioneers* to gain insight into the new rules that are paving the way for business unusual – for the benefit of humanity and the bottom line. Learn more about *The New Pioneers* and join the movement of sustainable businesses and social entrepreneurs at www.thenewpioneers.biz

Rules to Break and Laws to Follow Don Peppers, Martha Rogers, 2012-03-01 Praise for *Rules to Break & Laws to Follow: How Your Business Can Beat the Crisis of Short-Termism* A fascinating, highly readable synthesis of business principles, technology, sociology and common sense, *Rules to Break and Laws to Follow* persuasively shows the connection between customer trust and business profits, and then explains how to make it happen. As a bonus, you'll learn how to make your company more innovative, how to ensure your employees actually enjoy what they're doing, and how to deal with the kinds of service and quality breakdowns that occasionally plague any company, even a well-managed one. This book should be on your required reading list. —Stephen M. R. Covey, bestselling author of *The Speed of Trust: The One Thing That Changes Everything* Over the years, Peppers and Rogers have given me valuable advice about navigating the changing business landscape. This book is a must-read for managers who want to empower their employees and customers to make change their ally. —Jim McCann, founder and CEO of 1-800-FLOWERS.COM Highly readable and entertaining. Make sure everybody in your firm reads this book by last Friday. —Dror Pockard, CEO of eglue In a time

when most companies are built to flip, Peppers and Rogers have planted a stake in the ground to help you survive past the next round of financing or consumer fad. Knowing what rules to break is arguably even more important than what laws to follow, and this book imparts knowledge for both. —Guy Kawasaki, cofounder of TrueMors and author of *The Art of the Start* Peppers and Rogers have created the unthinkable: an enjoyable wake-up call! Their book serves up one compelling and provocative idea after another, and the authors enjoy debunking some of our most deeply ingrained business beliefs. Read this book and your customers will thank you. —Dan Heath, coauthor of *Made to Stick: Why Some Ideas Survive and Others Die*

HCI Beyond the GUI Philip Kortum, 2008-06-13 As technology expands and evolves, one-dimensional, graphical user interface (GUI) design becomes increasingly limiting and simplistic. Designers must meet the challenge of developing new and creative interfaces that adapt to meet human needs and technological trends. *HCI Beyond the GUI* provides designers with this know how by exploring new ways to reach users that involve all of the human senses. Dr. Kortum gathers contributions from leading human factors designers to present a single reference for professionals, researchers, and students. Explores the human factors involved in the design and implementation of the nontraditional interfaces, detailing design strategies, testing methodologies, and implementation techniques Provides an invaluable resource for practitioners who design interfaces for children, gamers and users with accessibility needs Offers extensive case studies, examples and design guidelines

Flip the Funnel Joseph Jaffe, 2010-01-26 Why customer retention is the new acquisition If there's anything the recession of 2009 taught us, it was the importance of investing in our customers, but when was this any different? So says Joseph Jaffe, bestselling author of *Life After the 30-Second Spot*

and Join the Conversation, and a leading expert and thought leader on new media and social media. In most businesses, it costs roughly five-to-ten times more to acquire a new customer than it does to retain an existing one, and yet companies continue to disproportionately spend their budgets into the wrong end of the funnel – the mass media or awareness side. What we haven't paid enough attention to is the right end of the funnel-the word-of-mouth component that essentially acts as a multiplier for future business. The economic impact of an active, engaged and loyal customer is tremendous. And the same is true of the opposite scenario, namely the impact of angry customers and negative word-of-mouth or referrals. It is this thinking that Jaffe has channeled to challenge marketers to flip the funnel once and for all. With a renewed focus and energy on customer experience, it is possible to grow your sales, while decreasing your budget – in other words, getting more from less. Engaging a few customers to spread the word to many. Using this new flipped funnel model, together with a set of new rules of customer service and a revolutionary customer referral and activation process, you'll learn how to transform your existing customers into your best salespeople. In addition, Jaffe will explain how to best introduce and combine both digital and social media tools to boost your loyalty arsenal, deploy influencer marketing and implement word-of-mouth strategies that inspire your loyal, opinionated, and most vocal customers to become credible, persuasive, and influential endorsers of your products and services. Explains how to cut your marketing budget AND grow sales! Illustrates practical ways to use existing customers to reach out to new prospects Outlines the authentic role of social media Demonstrates key ideas with rich, real life examples including Comcast, Apple, The Obama Campaign, Dell, Panasonic, American Airlines, Delta Airlines, Johnson & Johnson, Coca-Cola and many, many more Written by one of the most sought-after consultants, keynote speakers, and thought-leaders on new marketing change and innovation; renowned blogger and podcaster at Jaffe

Gethuman Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere.

The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Gethuman PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of

documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines.

One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research

and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and

innovation in various fields. It is worth noting that while accessing free Gethuman PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Gethuman free PDF books and manuals for download has

revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Gethuman Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
