*Slenderman* Kathleen Hale,2022-08-16 The first full account of the Slenderman stabbing, a true crime narrative of mental illness, the American judicial system, the trials of adolescence, and the power of the internet On May 31, 2014, in the Milwaukee suburb of Waukesha, Wisconsin, two twelve-year-old girls attempted to stab their classmate to death. Morgan Geyser and Anissa Weier's violence was extreme, but what seemed even more frightening was that they committed their crime under the influence of a figure born by the internet: the so-called "Slenderman." Yet the even more urgent aspect of the story, that the children involved suffered from undiagnosed mental illnesses, often went overlooked in coverage of the case. *Slenderman: Online Obsession, Mental Illness, and the Violent Crime of Two Midwestern Girls* tells that full story for the first time in deeply researched detail, using court transcripts, police reports, individual reporting, and exclusive interviews. Morgan and Anissa were bound together by their shared love of geeky television shows and animals, and their discovery of the user-uploaded scary stories on the Creepypasta website could have been nothing more than a brief phase. But Morgan was suffering from early-onset childhood schizophrenia. She believed that she had seen Slenderman long before discovering him online, and the only way to stop him from killing her family was to bring him a sacrifice: Morgan's best friend Payton "Bella" Leutner, whom Morgan and Anissa planned to stab to death on the night of Morgan's twelfth birthday party. Bella survived the

attack, but was deeply traumatized, while Morgan and Anissa were immediately sent to jail, and the severity of their crime meant that they would be prosecuted as adults. There, as Morgan continued to suffer from worsening mental illness after being denied antipsychotics, her life became more and more surreal. Slenderman is both a page-turning true crime story and a search for justice.

Urewera Notebook by Katherine Mansfield ,2015-04-21 An authoritative scholarly edition of Mansfield's camping journal, offering new understandings of her colonial lifeKatherine Mansfield filled the first half of the Urewera Notebook during a 1907 camping tour of the central North Island, shortly before she left New Zealand forever. Her camping notes offer a rare insight into her attitude to her country of birth, not in retrospective fiction but as a nineteen year old still living in the colony. This publication is the first scholarly edition of the Urewera Notebook, providing an original transcription, a collation of the alternative readings and textual criticism of prior editors, and new information about the politics, people and places Mansfield encountered on her journey. As a whole, this edition challenges the debate that has focused on Mansfield's happiness or dissatisfaction throughout her last year in New Zealand to reveal a young writer closely observing aspects of a country hitherto beyond her experience and forming a complex critique of her colonial homeland.Key Features:A new, more accurate transcription of the notebookTextual notes provide significant variant readings from other extant editions of the notebook An introductory essay draws on important new developments in New Zealand literary criticism, advances in historiography of the period and legal historyIncludes a route map, revised itinerary and authoritative annotation for the textIncludes 20 photographs, many previously unpublished, from Beauchamp family photograph albums at the Alexander Turnbull Library and Ebbett Papers at the Hawke's Bay Museum
