Ghost Box Chris Moon, Paulette Moon, 2017-08-08 The Ghost Box: A Device of Fascination and Fear Discover the mind-blowing, bone-chilling stories of a leading investigator as he pioneers the use of this intriguing tool Chris Moon was the first investigator to use the celebrated device known as the ghost box to facilitate real-time, two-way communication with the spirit world. In *Ghost Box*, Chris shares the extraordinary spiritual contacts he's made with the box during investigations of famous haunted locations such as the Sallie House and the Lizzie Borden House. Also revealed in this amazing book are Chris's experiences using the box to communicate with the spirit of Abraham Lincoln, JFK assassination witnesses, shadow people, and the spirits who come through during his frequent gallery readings. Giving Up the Ghost Katherine A. Fowkes, 1998 Arguing that our enjoyment of ghost films is linked to masochistic pleasure, Giving up the Ghost provides us with a new way of thinking about the relation between film viewing and gender. A deft but readable application of psychoanalytic theories, especially masochism (by way of Deleuze and Studlar), extends the utility of psychoanalysis to the understanding of film genre and film audiences. It is indispensable reading for scholars and students of film theory.

The Ghost Hunter's Strangest Cases Hans Holzer, 2012-02-21 A famed ghost hunter shares real-life stories of people across America sharing their homes with ghosts and other supernatural encounters. This fascinating collection contains more than twenty astounding yet true stories about psychic occurrences and uncanny phenomena. With the aid of reputable psychics, famed "ghost hunter" Hans Holzer has researched these cases, interviewing numerous ordinary people who share their days and nights with spectral visitors, both friendly and hostile. In *The Ghost Hunter's Strangest Cases*, Dr. Holzer reopens his files to unfold the most striking cases of people in various walks of life who suddenly, without warning, crossed paths with the Unknown. Before their paranormal encounters, most of the witnesses interviewed herein knew little or nothing about ghosts; none of them sought out these strange visitations. The true stories in this book come from all corners of this country—from New England, to our nation's capital, to deep in the heart of the South, and all the way to California—these inquiring people went to Holzer for advice, often because they could not obtain satisfactory counsel from ordinary sources, such as psychologists or psychiatrists.

Holy Ghost in the Catholic Machine J. E. Sigler, 2023-10-02 Books on Catholic preaching from theological, biblical, rhetorical, and mechanical angles abound. This book is nothing like those. Using interviews with thirty-nine parish priests, Sigler exposes the deep roots of the Catholic preaching problem in the church's own organizational structures, revealing how seminary education, working conditions, parish norms, and even beliefs about God constrain priests from preaching well. Along the way, three preacher profiles emerge, capturing the array of preaching-related ambivalence, exhaustion, frustration, and anxiety that plague the vast majority of priests. Thankfully, not every priest suffers. Through the example of one preacher profile, Sigler shows how priests who fully embrace their cooperation with the Spirit in preaching steer clear of the preaching-related pressures and tensions that grind so many of their brother preachers down. Exploring these priests' exceptional approaches to their vocational identities, day-to-day parish work, and relationships with the Spirit provides every other priest with surprisingly practical guidance for finding peace in preaching. In the voices of priests that fill these pages, a rare conversation about the cold, hard realities of preaching in the Catholic Church begins. Out of their vast experience, intriguing disagreements, and profound insights, *Holy Ghost in the Catholic Machine* draws hope for better preaching.

Body, Soul, Spirits and Supernatural Communication Éva Pócs, 2019-01-17 This book provides a nuanced picture of the notions of body and soul held by the peoples of Europe through the soul concepts associated with the Judeo-Christian tradition and other religions and denominations; and the alternative traditions preserved alongside Christianity in folklore collections, linguistic and literary records. The studies also emphasize the

connections between these notions and beliefs related to death and the dead, as well as questions of communication between the human world and the spirit world. The essays here focus on the roles notions of the soul and the spirit world play in the everyday life, religion and mentality of various communities; their folklore and literary representations, as well as the narrative metaphors, motifs, topoi and genres of ideas about the soul and about supernatural communication, along with questions of the relationship between narratives and religious notions. This book will appeal to researchers and students of religion, mythology, folklore and the anthropology of religion, as well as general readers interested in the humanities.
