Miranda Sun

If I Have to Be Haunted Miranda Sun, 2023-09-26 Cemetery Boys meets Legendborn in this thrillingly romantic, irresistibly fun YA contemporary fantasy debut following a teenage Chinese American ghost speaker who (reluctantly) makes a deal to raise her nemesis from the dead. Cara Tang doesn't want to be haunted. Look, the dead have issues, and Cara has enough of her own. Her overbearing mother insists she be the "perfect" Chinese American daughter—which means suppressing her ghost-speaking powers—and she keeps getting into fights with Zacharias Coleson, the local golden boy whose smirk makes her want to set things on fire. Then she stumbles across Zach's dead body in the woods. He's even more infuriating as a ghost, but Cara's the only one who can see him—and save him. Agreeing to resurrect him puts her at odds with her mother, draws her into a dangerous liminal world of monsters and magic—and worse, leaves her stuck with Zach. Yet as she and Zach grow closer, forced to depend on each other to survive, Cara finds the most terrifying thing is that she might not hate him so much after all. Maybe this is why her mother warned her about ghosts. Delightful and compulsively readable, this contemporary fantasy has something for every reader: a snarky voice, a magnetic enemies-to-lovers romance, and a spirited adventure through a magical, unpredictable world hidden within our own.

Chris Moon was the first investigator to use the celebrated device known as the ghost box to facilitate real-time, two-way communication with the spirit world. In Ghost Box, Chris shares the extraordinary spiritual contacts he's made with the box during investigations of famous haunted locations such as the Sallie House and the Lizzie Borden House. Also revealed in this amazing book are Chris's experiences using the box to communicate with the spirit of Abraham Lincoln, JFK assassination witnesses, shadow people, and the spirits who come through during his frequent gallery readings. Based on Thomas Edison's designs for the Telephone to the Dead, this device—also called Frank's Box in honor of its designer Frank Sumption—has been used to communicate with an incredible variety of spirits and astral beings. This book shares the fascinating story of how Frank's Box came to be and explores the startling truths of the spirit world. Praise: [T]his book will please fans of ghost-hunting stories.—Publishers Weekly

Indians on Display Norman K Denzin, 2016-06-16 Even as their nations and cultures were being destroyed by colonial expansion across the continent, American Indians became a form of entertainment, sometimes dangerous and violent, sometimes primitive and noble. Creating a fictional wild west, entrepreneurs then exported it around the world. Exhibitions by George Catlin, paintings by Charles King, and Wild West shows by Buffalo Bill Cody were viewed by millions worldwide. Norman Denzin uses a series of performance pieces with historical, contemporary, and fictitious characters to provide a cultural critique of how this version of Indians, one that existed only in the western imagination, was commodified and sold to a global audience. He then calls for a rewriting of the history of the American west, one devoid of minstrelsy and racist pageantry, and honoring the contemporary cultural and artistic visions of people whose ancestors were shattered by American expansionism.

Riddance Shelley Jackson, 2018-10-16 Finalist for the Believer Book Award for Fiction Named a Best Book of Fall by Vulture, New York Magazine, and more A ravishing novel charged with the idea of the incommunicable. —The New Yorker Eleven-year-old Jane Grandison, tormented by her stutter, sits in the back seat of a car, letter in hand inviting her to live and study at the Sybil Joines Vocational School for Ghost Speakers & Hearing-Mouth Children. Founded in 1890 by Headmistress Sybil Joines, the school—at first glance—is a sanctuary for children seeking to cure their speech impediments. Inspired by her haunted and tragic childhood, the Headmistress has other ideas. Pioneering the field of necrophysics, the Headmistress harnesses the "gift" she and her students possess. Through their stutters, together they have the ability to channel ghostly voices communicating from the land of the dead, a realm the Headmistress herself visits at will. Things change for the school and the Headmistress when a student disappears, attracting attention from parents and police alike. Set in the overlapping worlds of the living and the dead, Shelley Jackson's Riddance is an illuminated novel told through theoretical writings in necrophysics, the Headmistress's dispatches from the land of the dead, and Jane's evolving life as Joines's new stenographer and central figure in the Vocational School's mysterious present, as well as its future.

The Motivation Myth Jeff Haden, 2018-01-09 From Inc.com's most popular columnist, a counterintuitive—but highly practical—guide to finding and maintaining the motivation to achieve great things. It's comforting to imagine that superstars in their fields were just born better equipped than the rest of us. When a co-worker loses 20 pounds, or a friend runs a marathon while completing a huge project at work, we assume they have more grit, more willpower, more innate talent, and above all, more motivation to see their goals through. But that's not actually true, as popular Inc.com columnist Jeff Haden proves. Motivation as we know it is a myth. Motivation isn't the special sauce that we require at the beginning of any major change. In fact, motivation is a result of process, not a cause. Understanding this will change the way you approach any obstacle or big goal. Haden shows us how to reframe our thinking about the relationship of motivation to success. He meets us at our level—at the beginning of any big goal we have for our lives, a little anxious and unsure about our way forward, a little burned by self help books and strategies that have failed us in the past—and offers practical advice that anyone can use to stop stalling and start working on those dreams. Haden takes the mystery out of accomplishment, proving that success isn't about spiritual awakening or a lightning bolt of inspiration—as Tony Robbins and adherents of The Secret believe—but instead, about clear and repeatable processes. Using his own advice, Haden has consistently drawn 2 million readers a month to his posts, completed a 107-mile long mountain bike race, and lost 10 pounds in a month. Success isn't for the uniquely-qualified; it's possible for any person who understands the true nature of motivation. Jeff Haden can help you transcend average and make lasting positive change in your life.

When Emma gets word of a sticky spirit problem in Las Vegas, she and the ghost of Granny Apples hit the road for Sin City. The spooked one is Dolly, a former showgirl. Dolly is haunted by Lenny, a dead Vegas hood worried about an aging mobster named Nemo coming after the leggy old bombshell. Dolly's playing dumb, but Emma's making a blind bet that she knows more about Nemo than she admits. When Nemo is found dead, Dolly goes missing—and lands herself on a short list of suspects. Emma, Granny, and their pals comb Las Vegas to find her, only to discover the truth behind a casino heist gone bad, a hidden stash of stolen loot, and a missing wise guy who's not letting death come between him and setting things straight. And Emma and Granny Apples aren't about to fold until they save Dolly's neck and put her past to rest. Teaching Modern Latin American Poetries Jill S. Kuhnheim,Melanie Nicholson,2019-11-01 The essays in this book, groundbreaking for its focus on teaching Latin American poetry, reflect the region's geographic and cultural heterogeneity. They address works from Mexico, Chile, Peru, Ecuador, Colombia, Cuba, Brazil, Argentina, Guatemala, Nicaragua, and Uruguay, as well as from indigenous communities found within these national distinctions, including the Kaqchikel Maya and Zapotec. The volume's essays help instructors teach poetry written from the second half of the twentieth century on, meaningfully connecting this contemporary corpus with older poetic traditions. Contributors address teaching various topics, from the silva and the long poem to Afro-descendant poetry, in ways that bring performance, digital approaches, queer theory, and translation into action. The insights offered here will demonstrate how Latin American poetry can become a part of classes in African diasporic studies, indigenous studies, history, and anthropology.

Perspectives on Dialogue in the New Millennium Peter Kühnlein,Hannes Rieser, Henk Zeevat,2003-09-29 The formal treatment of the semantics and pragmatics of dialogue became possible through a series of breakthroughs in foundational methodology. There is broad consensus on a couple of issues, like the fact that some variety of dynamic theory is necessary to capture certain characteristics of dialogue. Other matters still are disputed. This volume contains papers both of foundational and applied orientation. It is the result of one of a series of specialized Workshops on Formal Semantics and Pragmatics of Dialogue that took place in 2001. One can therefore truly say that it mirrors both the state of the art at the end of the past millennium and research strategies that are pursued at the beginning of the new millennium. The collected papers cover the range from philosophy of language to computer science, from the analysis of presupposition to investigations into corpora, and touches upon topics like the role of speech acts in dialogue or language specific phenomena. This broad coverage will make the volume valuable for students of dialogue from all fields of expertise.
