Data Mining Mobile Devices Jesus Mena,2016-04-19 With today's consumers spending more time on their mobiles than on their PCs, new methods of empirical stochastic modeling have emerged that can provide marketers with detailed information about the products, content, and services their customers desire. Data Mining Mobile Devices defines the collection of machine-sensed environmental data pertaining to human social behavior. It explains how the integration of data mining and machine learning can enable the modeling of conversation context, proximity sensing, and geospatial location throughout large communities of mobile users. Examines the construction and leveraging of mobile sites Describes how to use mobile apps to gather key data about consumers' behavior and preferences Discusses mobile mobs, which can be differentiated as distinct marketplaces—including Apple®, Google®, Facebook®, Amazon®, and Twitter® Provides detailed coverage of mobile analytics via clustering, text, and classification AI software and techniques Mobile devices serve as detailed diaries of a person, continuously and intimately broadcasting where, how, when, and what products, services, and content your consumers desire. The future is mobile—data mining starts and stops in consumers' pockets. Describing how to analyze Wi-Fi and GPS data from websites and apps, the book explains how to model mined data through the use of artificial intelligence software. It also discusses the monetization of mobile devices' desires and preferences that can lead to the triangulated marketing of content, products, or services to billions of consumers—in a relevant, anonymous, and personal manner.

Althea & Oliver Cristina Moracho,2016-03-08 First published in the United States of America by Viking, an imprint of Penguin Group (USA) LLC, 2014.--Title page verso.

**The Liz Taylor Series** Kathe Burkhart,2007 The respected New York painter Kathe Burkhart is best known internationally for her Liz Taylor Series, a Feminist conceptual project that is more a highly performative serial work than a simple body of paintings and drawings devoted to this iconic and perpetually complicated Hollywood muse. In Burkhart's work, Taylor's multiple personae--actress, vixen, Hollywood royalty, serial wife and divorcée, party girl, charitable humanitarian, entrepreneur, rebel, dominant woman--together form a media-based mirror of contemporary female identity. Derived from tabloid and paparazzi shots, film stills and publicity photos and often emblazoned with highly charged expressions of profanity, the paintings portray the actress as a two-dimensional doppelgänger for the artist herself--caught in the act of reclaiming female sexuality and power. This comprehensive volume, arranged in chronological order, presents Burkhart's series-in-progress at its 25-year mark. Consistently intense and obsessively focused, it is a relentlessly powerful experience.

*How to Kill Your Best Friend* Lexie Elliott,2022-06-21 If you suspected your best friend, the person you were closest to in the whole world, was a murderer, what would you do? Would you confront her? Would you help keep her secret? Or would you begin to feel afraid? Most importantly, why don't you feel safe now that she's dead? From the author of *The French Girl* comes a novel full of secrets, suspense, and deadly twists. Georgie, Lissa, and Bronwyn have been inseparable since dominating their college swim team; swimming has always been an escape from their own problems, but now their shared passion has turned deadly. How can it be true that Lissa, the strongest swimmer they know, drowned? Granted, there is something strange about Kanu Cove, where Lissa was last seen, swimming off the coast of the fabulous island resort she owned with her husband. Lissa's closest friends gather at the resort to honor her life, but Georgie and Bron can't seem to stop looking over their shoulders. Danger lurks beneath the surface of the crystal-clear water, and even their luxurious private villas can't help them feel safe. As the weather turns ominous, trapping the funeral guests together on the island, nobody knows who they can trust. Lissa's death was only the beginning....

**An Underground Life** Gad Beck, Frank Heibert,1999 That a Jew living in Nazi Berlin survived the Holocaust at all is surprising. That he was a homosexual and a teenage leader in the resistance and yet survived is amazing. But that he endured the ongoing horror with an open heart, with love and without vitriol, and has written about it so beautifully is truly miraculous. This is Gad Beck's story.

Slayer Kiersten White,2019-01-08 "Will get Buffy fans up in their feels." —Entertainment Weekly A New York Times and Publishers Weekly bestseller From bestselling author Kiersten White comes the first novel in a series set in the world of Buffy the Vampire Slayer that introduces a new Slayer as she grapples with the responsibility of managing her incredible powers that she's just beginning to understand. Into every generation a Slayer is born... Nina and her twin sister, Artemis, are far from normal. It's hard to be when you grow up at the Watcher's Academy, which is a bit different from your average boarding school. Here teens are trained as guides for Slayers—girls gifted with supernatural strength to fight the forces of darkness. But while Nina's mother is a prominent member of the Watcher's Council, Nina has never embraced the violent Watcher lifestyle. Instead she follows her instincts to heal, carving out a place for herself as the school medic. Until the day Nina's life changes forever. Thanks to Buffy, the famous (and infamous) Slayer that Nina's father died protecting, Nina is not only the newest Chosen One—she's the last Slayer, ever. Period. As Nina hones her skills with her Watcher-in-training, Leo, there's plenty to keep her occupied: a monster fighting ring, a demon who eats happiness, a shadowy figure that keeps popping up in Nina's dreams... But it's not until bodies start turning up that Nina's new powers will truly be tested—because someone she loves might be next. One thing is clear: Being Chosen is easy. Making choices is hard.

**Social Media for Journalists** Megan Knight,Clare Cook,2013-05-22 Untangles the jargon and sets out the route-map for how the social network can enable us to become major contributors to the multiplatform digital age. The right message, the right time - this is the right book for taking advantage of it all. - Jon Snow, Channel 4

News The essential guide to understanding and harnessing the tools of journalism today, Meagan Knight and Clare Cook show you how to master the enduring rules of good practice and the new techniques of social media. The book gives a thorough guide to principles and practice, including: How to find, write and break stories with social media An online journalism toolkit to get you started Using crowdsourcing to find and follow stories Getting on top of user-generated content The ins and outs of copyright and ethics Building your brand and making money The new economy of journalism and how to get ahead. More than a simple 'how-to' guide, this book takes you to the next level with its integration of theory and practice. It is a one-stop guide for students and practitioners of journalism.

That's What Frenemies Are For Sophie Littlefield, Lauren Gershell, 2019-07-30 In this razor-sharp novel for fans of *When Life Gives You Lululemons*, a Manhattan socialite turns her spin instructor into a fitness superstar to impress her friends. But can she keep her little project under control? Or has she created a monster? Julia Summers seems to have it all: a sprawling Upper East Side apartment, a successful husband, and two adorable children attending the best private school in the city. She relishes wielding influence over her well-heeled girlfriends . . . but her star appears to be fading. That's why, when stranded in Manhattan for the summer as her entire crowd flees to the Hamptons, Julia is on the hunt for the next big thing that will make her the envy of her friends and put her back on top. Enter Flame, the new boutique gym in her neighborhood. Seductive and transformative, Flame's spin classes are exactly what Julia needs—and demure, naïve instructor Tatum is her ticket in. But rebranding Tatum as a trendy guru proves hard work, and Julia's triumphant comeback at summer's end doesn't quite go as planned. Tatum begins to grasp just how much power her newfound stardom holds, and when things suddenly get ugly, Julia realizes she's in way over her head. Julia's life is already spiraling out of control when her husband is arrested for fraud and bribery. As her so-called friends turn their backs on her, and Tatum pursues her own agenda, Julia is forced to rethink everything she knew about her world to reclaim her perfect life. But does she even want it back? Witty and incisive, Sophie Littlefield and Lauren Gershell's *That's What Frenemies Are For* provides an engrossing glimpse into the cutthroat moms' club of the Upper East Side. Advance praise for *That's What Frenemies Are For* “Pack up your beach bag and put your phone on Do Not Disturb: This modern-day Pygmalion story is juicy fun! Fans of Lauren Weisberger and Jill Kargman will delight in this delicious romp about how the other half lives.”—Jamie Brenner, bestselling author of *The Forever Summer* and *Drawing Home* “Whether this book hits a little too close to home or offers the perfect escape, readers will love the insanity of Julia's social ups and downs in this clever novel.”—Laurie Gelman, author of *Class Mom*

**The Weekender Effect** Robert William Sandford, 2011-02-01 Provocative, passionate and populist, RMB Manifestos are short and concise non-fiction books of literary, critical, and cultural studies. As cities continue to grow at unprecedented rates, more and more people are looking for peaceful, weekend retreats in mountain or rural communities. More often than not, these retreats are found in and around resorts or places of natural beauty. As a result, what once were small towns are fast becoming mini cities, complete with expensive housing, fast food, traffic snarls and environmental damage, all with little or no thought for the importance of local history, local people and local culture. *The Weekender Effect* is a passionate plea for considered development in these bedroom communities and for the necessary preservation of local values, cultures and landscapes.

*Hiding from the Internet* Michael Bazzell, 2018 New 2018 Fourth Edition Take control of your privacy by removing your personal information from the internet with this updated Fourth Edition. Author Michael Bazzell has been well known in government circles for his ability to locate personal information about anyone through the internet. In *Hiding from the Internet: Eliminating Personal Online Information*, he exposes the resources that broadcast your personal details to public view. He has researched each source and identified the best method to have your private details removed from the databases that store profiles on all of us. This book will serve as a reference guide for anyone that values privacy. Each technique is explained in simple steps. It is written in a hands-on style that encourages the reader to execute the tutorials as they go. The author provides personal experiences from his journey to disappear from public view. Much of the content of this book has never been discussed in any publication. Always thinking like a hacker, the author has identified new ways to force companies to remove you from their data collection systems. This book exposes loopholes that create unique opportunities for privacy seekers. Among other techniques, you will learn to: Remove your personal information from public databases and people search sites Create free anonymous mail addresses, email addresses, and telephone numbers Control your privacy settings on social networks and remove sensitive data Provide disinformation to conceal true private details Force data brokers to stop sharing your information with both private and public organizations Prevent marketing companies from monitoring your browsing, searching, and shopping habits Remove your landline and cellular telephone numbers from online websites Use a credit freeze to eliminate the worry of financial identity theft and fraud Change your future habits to promote complete privacy and anonymity Conduct a complete background check to verify proper information removal Configure a home firewall with VPN Kill-Switch Purchase a completely invisible home or vehicle

**Status Update** Alice E. Marwick, 2013-11-26 Presents an analysis of social media, discussing how a technology which was once heralded as democratic, has evolved into one which promotes elitism and inequality and provides companies with the means of invading privacy in search of profits.

*The Animator's Survival Kit* Richard Williams, 2012-09-25 A manual of methods, principles and formulas for classical, computer, games, stop motion and internet animators--Cover.

**The Deep-sky Imaging Primer** Charles Bracken, 2017-10-28 The book that taught thousands of people about astrophotography has been completely revised and updated in this second edition. It covers everything you need to know to capture stunning images of deep-sky objects with a DSLR or CCD camera: The fundamental concepts of imaging and their impact on the final image How to pick a telescope and camera How to get set up and take the images Where and when to find the best objects in the night sky How to process images using Adobe Photoshop(R) and PixInsight(R) Start-to-finish examples of image processing Full-color with over 300 illustrations.

**Pupstyle** Nicole Corse, Dara Foster, 2011 With a flip of the pages, see puppies go from bow to wow!, along with facts about them--Provided by publisher.

**Camera Obscura, Camera Lucida** Richard Allen, Annette Michelson, Malcolm Turvey, 2003 Annette Michelson's contributions to art and film criticism over the last three decades have been unparalleled. This volume honors her unique legacy with original essays by some of the many scholars who have been influenced by her work. Some

continue her efforts to develop theoretical frameworks for understanding modernist art, while others practice her form of interdisciplinary criticism in relation to avant-garde and modernist art works and artists. Still others investigate and evaluate Michelson's work itself. All in some way pay homage to her extraordinary contribution.

Digitizing Race Lisa Nakamura,2007-12-20 Lisa Nakamura refers to case studies of popular yet rarely evaluated uses of the Internet, such as pregnancy websites, instant messaging, and online petitions and quizzes, to look at the emergence of race-, ethnic-, and gender-identified visual cultures.

*A Catalogue of Problem Plants in Southern Africa* M. J. Wells,1986

Hellblazer Andy Diggle,Leonardo Manco,2008-10 John Constantine, the dark prince of England's occult underground, knows the sooty streets of London like the back of his cigarette-toting hand. But half a world away there's a new threat rising that not even Constantine can see coming.

**San Rock Art** J.D. Lewis-Williams,2013-02-15 San rock paintings, scattered over the range of southern Africa, are considered by many to be the very earliest examples of representational art. There are as many as 15,000 known rock art sites, created over the course of thousands of years up until the nineteenth century. There are possibly just as many still awaiting discovery. Taking as his starting point the magnificent Linton panel in the Iziko-South African Museum in Cape Town, J. D. Lewis-Williams examines the artistic and cultural significance of rock art and how this art sheds light on how San image-makers conceived their world. It also details the European encounter with rock art as well as the contentious European interaction with the artists’ descendants, the contemporary San people.
