A Tower of Giraffes Anna Wright, 2015-11-03 A drove of pigs, a romp of otters, an ostentation of peacocks, and a tower of giraffes. . . . This clever book introduces young readers to some of the words we use to refer to animals in a group. The ink, watercolor, and fabric collage art is brightly colored and uniquely sets this fun book apart from the crowd. Each page presents information about an animal and its group behavior, such as how geese fly in a V-shape and honk to encourage the leaders, and that sometimes tens of thousand of flamingos meet up in one location. Young readers will have a great time and create a wellspring of new vocabulary words.

The Photo Ark Joel Sartore, 2017 This book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals -- especially those that are endangered. His message: to know these animals is to save them. Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has

photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits: from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the prose of veteran wildlife writer Douglas Chadwick, this book presents an argument for saving all the species of our planet.
