The Yellow Wall-Paper Charlotte Perkins Gilman,2024-03-21 She has just given birth to their child. He labels her postpartum depression as »hysteria.« He rents the attic in an old country house. Here, she is to rest alone – forbidden to leave her room. Instead of improving, she starts hallucinating, imagining herself crawling with other women behind the room's yellow wallpaper. And secretly, she records her experiences. The Yellow Wall-Paper [1892] is the short but intense, Gothic horror story, written as a diary, about a woman in an attic – imprisoned in her gender; by the story. Charlotte Perkins Gilman's feminist novella was long overlooked in American literary history. Nowadays, it is counted among the classics. CHARLOTTE PERKINS GILMAN (1860-1935), born in Hartford, Connecticut, was an American feminist theorist, sociologist, novelist, short story writer, poet, and playwright. Her writings are precursors to many later feminist theories. With her radical life attitude, Perkins Gilman has been an inspiration for many generations of feminists in the USA. Her most famous work is the short story The Yellow Wall-Paper [1892], written when she suffered from postpartum psychosis.

Health and Wellness in 19th-Century America John C. Waller,2014-08-11 This book provides a comprehensive description of what being sick and receiving medical care was like in 19th-century America, allowing modern readers to truly appreciate the scale of the improvements in healthcare theory and practice. Health and Wellness in 19th-Century America covers a period of dramatic change in the United States by examining our changing understanding of the nature of the disease burden, the increasing size of the nation, and our conceptions of sickness and health. With topics ranging from the unsanitary tenements of New York's Five Points, the field hospitals of the Civil War, and to the laboratories of Johns Hopkins Medical School, author John C. Waller reveals a complex picture of tradition, discovery, innovation, and occasional spectacular success. This book draws upon an extensive literature to document sickness and wellness in environments like rural homesteads, urban East-coast slums, and the hastily built cities of the West. It provides a fascinating historical examination of a century in which Americans made giant strides in understanding disease yet also clung to traditional methods and ideas, charting how U.S. medical science gradually transformed from being a backwater to a world leader in the field.

The Yellow Wallpaper Illustrated Charlotte Perkins Gilman,2019-07-03 The story details the descent of a young woman into madness. Her supportive, though misunderstanding husband, John, believes it is in her best interests to go on a rest cure after experiencing symptoms of temporary nervous depression. The family spends the summer at a colonial mansion that has, in the narrator's words, something queer about it. She and her husband move into an upstairs room that she assumes was once a nursery. Her husband chooses for them to sleep there due to its multitude of windows, which provide the air so needed in her recovery. In addition to the couple, John's sister Jennie is present; she serves as their housekeeper. Like most nurseries at the time the windows are barred, the wallpaper has been torn, and the floor is scratched. The narrator attributes all these to children, as most of the damage is isolated to their reach. Ultimately, though, readers are left unsure as to the source of the room's state, leading them to see the ambiguities in the unreliability of the narrator.The narrator devotes many journal entries to describing the wallpaper in the room – its yellow smell, its breakneck pattern, the missing patches, and the way it leaves yellow smears on the skin and clothing of anyone who touches it. She describes how the longer one stays in the bedroom, the more the wallpaper appears to mutate, especially in the moonlight. With no stimulus other than the wallpaper, the pattern and designs become increasingly intriguing to the narrator. She soon begins to see a figure in the design, and eventually comes to believe that a woman is creeping on all fours behind the pattern. Believing she must try to free the woman in the wallpaper, the woman begins to strip the remaining paper off the wall.After many moments of tension between John and his sister, the story climaxes with the final day in the house. On the last day of summer, she locks herself in her room to strip the remains of the wallpaper. When John arrives home, she refuses to unlock the door. When he returns with the key, he finds her creeping around the room, circling the walls and touching the wallpaper. She excitedly exclaims, I've got out at last... in spite of you and Jane, causing her husband to faint as she continues to circle the room, creeping over his inert body each time she passes it, believing herself to have become the personification of the woman trapped behind the yellow wallpaper.

Blue Horizons Kathryn Andrews, 2020-11-01 A full length contemporary romance novel. Will Ashton Music is my motivation. I've always believed that, because of it, I would be somebody. Somebody to someone, and something to myself. At age four, I picked up my grandfather's acoustic guitar and, up until three weeks ago, I've never put it down. From a single chord to a full arrangement, music fed my soul. I craved it with every fiber of my being, but now, I just don't know. That driving force that's always pushed me has somehow stalled, along with the thrill, the passion, and the familiarity . . . it's all gone. I'm beginning to worry that my love for music just isn't enough. As the summer tour finally comes to an end, I head to the Blue Ridge Mountains instead of returning to Nashville. It's here that I've always been able to lose myself amongst the solitude and the lake, but what I didn't expect to find was her. Wild blonde hair, light blue eyes, and a laugh I find myself trying to coax from her has me completely enamored. She's quiet, incredibly poised, and driven by secrets as big as the mountains around us. They're what's made her untouchable, and left me wanting to know more. Maybe that's what I need. Maybe I need more. Maybe I need her. Ava Layne They say that life isn't about how many breaths we take, but how many moments take our breath away. But what if those moments aren't filled with happiness and love, but something dark and haunting? For me, it's those moments that've shaped and taken over my life. I can't change who I am, God knows I've tried, and, because of this, I've accepted the silver lining . . . I'm alive. Fifty-two white keys, thirty-six black keys, ten fingers, seven notes, two friends, and one stage. At the piano, on the stage, with my two best friends, I finally found myself, and I live for those moments. One by one, I collect them, cherish them, patiently waiting for the next, until it arrives and changes everything. That's the moment I meet him.
