Back East: The South Steven S Long,Christopher McGlothlin,Kenneth Hite,1999-12-02 **Deadlands: The Weird West**, Pinnacle's award-winning game of supernatural horror in the Old West continues to roll along. In 2000, new products allow players to take on the role of operatives for the Agency, wrestle with the curses of lycanthropy and vampirism, and learn the secrets of the latest developments in the New Science. This sourcebook details the Confederacy from the front lines of Northern Virginia to the hidden dangers of Florida's Everglades.

Red Harvest Dashiell Hammett,2010-12-29 The steadfast and sturdy Continental Op has been summoned to the town of Personville-known as Poisonville-a dusty mining community splintered by competing factions of gangsters and petty criminals. The Op has been hired by Donald Willsson, publisher of the local newspaper, who gave little indication about the reason for the visit. No sooner does the Op arrive, than the body count begins to climb . . . starting with his client. With this last honest citizen of Poisonville murdered, the Op decides to stay on and force a reckoning—even if that means taking on an entire town. Red Harvest is more than a superb crime novel: it is a classic exploration of corruption and violence in the American grain.

The Cinema of Attractions Reloaded Wanda Strauven,2006 Twenty years ago, noted film scholars Tom Gunning and André Gaudreault introduced the phrase “cinema of attractions” to describe the essential qualities of films made in the medium’s earliest days, those produced between 1895 and 1906. Now, **The Cinema of Attractions Reloaded** critically examines the term and its subsequent wide-ranging use in film studies. The collection opens with a history of the term, tracing the collaboration between Gaudreault and Gunning, the genesis of the term in their attempts to explain the spectacular effects of motion that lay at the heart of early cinema, and the pair’s debts to Sergei Eisenstein and others. This reconstruction is followed by a look at applications of the term to more recent film productions, from the works of the Wachowski brothers to virtual reality and video games. With essays by an impressive collection of international film scholars—and featuring contributions by Gunning and Gaudreault as well—**The Cinema of Attractions Reloaded** will be necessary reading for all scholars of early film and its continuing influence.

Howard Hughes: The Secret Life Charles Higham,2013-09-24 His wealth was legendary. His passions were bizarre. Now, the truth about the money, the madness, and the man behind the enigma. Howard Hughes is one of the best known and least understood men of our times--famed for his wealth, his daring, and his descent into madness. Bestselling biographer Charles Higham goes beyond the enigma to reveal the incredible private life of Howard Hughes: * his romances with the great stars of Hollywood--Katharine Hepburn, Bette Davis, Cary Grant, Tyrone Power, and numerous others * his forays into sadomasochism * his involvement with Richard Nixon and Watergate * his bizarre final years This is a compelling portrait of a unique American figure--in a story as revealing as it is unforgettable.

The Currency of Empire Jonathan Barth,2021-06-15 In **The Currency of Empire**, Jonathan Barth explores the intersection of money and power in the early years of North American history, and he shows how the control of money informed English imperial action overseas. The export-oriented mercantile economy promoted by the English Crown, Barth argues, directed the plan for colonization, the regulation of colonial commerce, and the politics of empire. The imperial project required an orderly flow of gold and silver, and thus England's colonial regime required stringent monetary regulation. As Barth shows, money was also a flash point for resistance; many colonists acutely resented their subordinate economic station, desiring for their local economies a robust, secure, and uniform money supply. This placed them immediately at odds with the mercantilist laws of the empire and precipitated an imperial crisis in the 1670s, a full century before the Declaration of Independence. The **Currency of Empire** examines what were a series of explosive political conflicts in the seventeenth century and demonstrates how the struggle over monetary policy prefigured the patriot reaction to the Stamp Act and so-called Intolerable Acts on the eve of American independence. Thanks to generous funding from the Arizona State University and George Mason University, the ebook editions of this book are available as Open Access (OA) volumes from Cornell Open (cornellpress.cornell.edu/cornell-open) and other Open Access repositories.

The Targeter Nada Bakos,2019-06-04 A CIA analyst's revealing and utterly engrossing account of the world of high-stakes foreign intelligence and her role within the campaign to stop top-tier targets inside Al-Qaida (Joby Warrick). In 1999, 30-year-old Nada Bakos moved from her lifelong home in Montana to Washington, D.C., to join the CIA. Quickly realizing her affinity for intelligence work, Nada was determined to rise through the ranks of the agency first as an analyst and then as a Targeting Officer, eventually finding herself on the frontline of America's war against Islamic extremists. In this role, Nada was charged with determining if Iraq had a relationship with 9/11 and Al-Qaida, and finding the mastermind behind this terrorist activity: Abu Musab al-Zarqawi. Her team's analysis stood the test of time, but it was not satisfactory for some members of the Administration. In a tight, tension-packed narrative that takes the reader from Langley deep into Iraq, Bakos reveals the inner workings of the Agency and the largely hidden world of intelligence gathering post 9/11. Entrenched in the world of the CIA, Bakos, along with her colleagues, focused on leading U.S. Special Operations Forces to the doorstep of one of the world's most wanted terrorists. Filled with on-the-ground insights and poignant personal anecdotes, **The Targeter** shows us the great personal sacrifice that comes with intelligence work. This is Nada's story, but it is also an intimate chronicle of how a group of determined, ambitious men and women worked tirelessly in the heart of the CIA to ensure our nation's safety at home and abroad.
