National Human Development Report 2014 United Nations Publications,2015 Over the 15 years since the countrys last National Human Development Report (NHDR) was published Ethiopia has undergone significant economic and social changes and has recorded some of the highest growth rates in the world-over 10 per cent in some years. However, Ethiopias Human Development Index (HDI) and its relative ranking have not moved appreciably during the past decade. Even though Ethiopia is one of the 10 countries globally that has attained the largest absolute gains in its HDI over the last several years, it still ranks 173rd out of 186 countries in the latest UNDP Human Development Report. It is this development challenge that underlines the fact that the preparation of the NHDR is so opportune now and why the focus of the report on inclusive growth for sustainable human development is so apposite. In 1998, when the last NHDR was written, the development challenges facing the country were considerably different.

Creekers Edward Lee,2022-01-10 Crick City is a small hick town. Violent, mean and dirt-poor, it's a place nobody wants to call home. But for homicide cop Phil Straker, it is home. And now someone—or something—is turning his boyhood town into a bloody sideshow of mutilation and gruesome carnage. They're called Creekers. Centuries old, driven by rage and lust for revenge, they move through the deep, dark woods—deformed, shadowy outcasts with twisted faces and blood-red eyes. Now, as the moon hangs low over their ancient house, they're gathering for a harvest of terror and death Crick City will never forget...

Back in No Time Brion Gysin,2015-05-15 Brion Gysin (1916–1986) was a visual artist, historian, novelist, and an experimental poet credited with the discovery of the ‘cut-up’ technique -- a collage of texts, not pictures -- which his longtime collaborator William S. Burroughs put to more extensive use. He is also considered one of the early innovators of sound poetry, which he defines as ‘getting poetry back off the page and into performance.’ Back in No Time gathers materials from the entire Gysin oeuvre: scholarly historical study, baroque fiction, permutated and cut-up poetry, unsettling memoir, selections from The Process and The Last Museum, and his unproduced screenplay of Burroughs’ novel Naked Lunch. In addition, the Reader contains complete texts of several Gysin pieces that are difficult to find, including “Poem of Poems,” “The Pipes of Pan,” and “A Quick Trip to Alamut.”

Overcoming School Refusal Joanne Garfi,2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child’s social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

The Jive Talker Samson Kambalu,2022-08-25 A bawdy, brilliant and heartbreaking memoir by the award-winning Malawian-born artist. With exuberant prose, a cast of extraordinary characters and a rebellious spirit, Samson Kambalu tells the story of how a little boy obsessed with fashion, football, Nietzsche and Michael Jackson won a free education at the Kamuzu Academy ('The Eton of Africa') and began his long journey to art school, and international artistic and academic success. The son of a philosophising, hard-drinking, poorly paid hospital manager, Kambalu's award-winning conceptual work is now shown in galleries across the world and still evokes that childhood landscape of literary excitement, family chaos and music; post-colonial injustice, poverty and Aids. 'A book filled with wonder, humour and hope. It is a magnificent achievement.' Aminatta Forna, Sunday Telegraph 'Read Kambalu, cry, clap your hands.' Iain Finlayson, The Times 'A truly original book.'Pride Magazine

The Business Affairs of Mr Julius Caesar Bertolt Brecht,2016-01-28 Bertolt Brecht's extraordinary historical novel presents an aspiring scholar's efforts to write an idealized life of Julius Caesar twenty years after his death. But the historian abandons his planned biography, confronted by a baffling range of contradictory views. Was Caesar an opportunist, a permanently bankrupt businessman who became too big for the banks to allow him to fail – as his former banker claims? Did he stumble into power while trying to make money, as suggested by the diary of his former slave? Across these different versions of Caesar's career in the political and economic life of Rome, Brecht wryly contrasts the narratives of imperial progress with the reality of grasping self-interest, in a sly allegory that points to the Weimar Republic and perhaps even to our own times. Brecht reminds his readers of the need for constant vigilance and critical suspicion towards the great figures of the past. In an echo of his dramatic theories, the audience is confronted with its own task of active interpretation rather than passive acceptance -- we have to work out our own views about Mr Julius Caesar. This edition is translated by Charles Osborne and features an introduction and editorial notes by Anthony Phelan and Tom Kuhn.

The Rules of Love & Grammar Mary Simses,2016-05-31 A woman finds love and closure, and rediscovers herself, when she returns to her roots in the enchanting new novel from the author of The Irresistible Blueberry Bakeshop & Café. Newly jobless, newly single, and suddenly apartmentless, writer Grace Hammond has come unmoored. A grammar whiz who's brilliant at correcting other people's errors, she hasn't yet found quite the right set of rules for fixing her own mistakes. Desperate to escape the city and her trifecta of problems, Grace hits pause and retreats to her Connecticut hometown. What begins as a short visit with her parents quickly becomes a far more meaningful stay, though, as she discovers that the answers to what her future holds might be found by making peace with -- and even embracing -- the past. As Grace sets out to change her ways and come to terms, finally, with the tragedy that took her older sister's life so many years ago, she rekindles a romance with her high school sweetheart, Peter, now a famous Hollywood director who's filming a movie in town. Sparks also fly at the local bike shop,

where Grace's penchant for pointing out what's wrong rattles the owner's ruggedly handsome schoolteacher son, Mitch. Torn between the promise of a glamorous life and the allure of the familiar, Grace must decide what truly matters -- and whether it's time for her to throw away the rule book and bravely follow her heart.

The German Language in a Changing Europe Michael G. Clyne,1995-11-16 Recent sociopolitical events have profoundly changed the status and functions of German and influenced its usage. In this study (published by Cambridge in 1984) Michael Clyne revises and expands his original analysis of the German language in Language and Society in the German-speaking Countries in the light of such changes as the end of the Cold War, German unification, the redrawing of the map of Europe, increasing European integration, and the changing self-images of Austria, Switzerland and Luxembourg. His discussion includes the differences in the form, function and status of the various national varieties of German; the relation between standard and non-standard varieties; gender, generational and political variation; Anglo-American influence on German; and the convergence of east and west. The result is a wide-ranging exploration of language and society in the German-speaking countries, all of which have problems or dilemmas concerning nationhood or ethnicity which are language-related and/or language-marked.

LOVE Corrinne Averiss,2021-01-19 Funny, emotional, and uplifting picture book about separation and love, to help children understand their emotions. Everyone loves everyone in Tess's house, but when Tess has to leave for school for the very first time, she is worried that her family's love might not stretch that far. Mom explains that love is like a string, it connects people together even when they are far away. At school Tess notices that all the children have strings! Some are new, some are old, some stretch a long way, and some even stretch right up into the sky. But what happens when a string breaks? Love is the third in a trio of feel-good picture books from author Corrinne Averiss (Joy (2018), Hope (2019)) - a pure delight from start to finish. A wonderful story that subtly tackles difficult topics of death, grief, separation, and overcoming anxiety.

Modals in the Languages of Europe Björn Hansen,Ferdinand de Haan,2009 This book is the first comprehensive survey of modals and modal constructions in the languages of Europe. It is a collaborative effort between scholars from Europe and the United States, stemming from a workshop on Modals in the Languages of Europe in Valencia. The aim of this book is to describe the properties of modals and modal constructions in the European area and to compare the systems in individual languages or language families from an areal and genetic perspective. For the sake of contrast, the book also looks at the expression of modality in some languages just outside of Europe. The book consists of fourteen chapters on modal systems in individual languages or language families, written by experts in the respective languages, and an introductory and concluding chapter, written by the editors. The book gives both a description of the modals in the individual languages and an account of the nature and status of modals in general. It provides the reader with a theoretical account of how modals and modal constructions are grammaticalized. This theoretical account is informed by the parameters of grammaticalization of Christian Lehmann. These parameters were chosen because they are language-independent, as opposed to more language specific criteria (for instance, the NICE-criteria for English). The parameters themselves are examined as well for their suitability as part of any theory of grammaticalization. The book thus gives readers access to a collection of data on modality that surpasses most works in this field and also provides a fresh perspective on issues of grammaticalization and language contact. It is therefore of interest to scholars of modality, language contact and areal linguistics, grammaticalization theory and typology.

Kafka's Last Trial Benjamin Balint,2019-08-22 When Franz Kafka died in 1924, his loyal friend and champion Max Brod could not bring himself to fulfil Kafka's last instruction: to burn his remaining manuscripts. Instead, Brod devoted the rest of his life to canonizing Kafka as the most prescient chronicler of the twentieth century. By betraying Kafka's last wish, Brod twice rescued his legacy - first from physical destruction, and then from obscurity. But that betrayal also led to an international legal battle over which country could lay claim to Kafka's legacy: Germany, where Kafka's own sister perished in the Holocaust and where he would have suffered a similar fate had he remained, or Israel? At once a brilliant biographical portrait of Kafka and Brod and the influential group of writers and intellectuals known as the Prague Circle, Kafka's Last Trial offers a gripping account of the controversial trial in Israeli courts - brimming with dilemmas legal, ethical, and political - that determined the fate of the manuscripts Brod had rescued when he fled with Kafka's papers at the last possible moment from Prague to Palestine in 1939. It describes a wrenching escape from Nazi invaders as the gates of Europe closed; of a love affair between exiles stranded in Tel Aviv; and two countries whose national obsessions with overcoming the traumas of the past came to a head in a fascinating and hotly contested trial. Ultimately, Benjamin Balint invites us to question: who owns a literary legacy - the country of one's language and birth or of one's cultural and religious affinities - and what nation can claim a right to it.
