The perfect guide for busy people who want to learn Chinese, Mandarin Chinese Characters Language Practice Pad helps even those completely unfamiliar with the language learn and write the 332 most essential Chinese characters--in just five minutes a day! Each page introduces one new character--showing how it is pronounced and written, along with its meaning and related vocabulary. The reverse side offers sample phrases and sentences to demonstrate how to use the words in their correct context. Do You Know About Huayu Pinyin? Xuesheng Gong,2016-09-22 Huayu Pinyin uses (q, v, w, x) the four special letters to mark the tones, compared with other spelling programs, there are many advantages such as: easier input (universal keyboard can be directly entered all letters), shorter syllables, more accurate sorting, fast queries, clear sound between syllables (no sound symbol), and with scientific segments, etc.The program does not exceed the 26 English letters range, including the four special tone letters which is in line with the current phonetic, pinyin habits, but also consistent with the IPA, fully close the conventional spelling pronunciation norms of other international popular language, easy to learn and easy to remember, and can be automatically sorted correctly by the computer. Reduce from other phonetic syllable sound up to 6 to 4; and from other monosyllabic sound letter on an

average of 3.23 to 2.77. It is currently the only Chinese language program in line with the rules of the International Phonetic Alphabet. It can be used for the Chinese pronunciation and tone labels, but also full conformity with international languages.

A Chinese Phrase A Day Practice Pad Sam Brier, Xia Lu, 2008-11-01 *A Chinese Phrase A Day* is a fun, less-intimidating way to learn Chinese! Part of Tuttle's best-selling page-a-day line, this new edition teaches useful everyday phrases and words. Although more people are studying the Chinese language than ever before, others are still wary of starting because they believe, it's too difficult. But *A Chinese Phrase A Day* will show absolute beginners that Chinese is in many ways much easier than other languages and it will help intermediate Chinese learners review and improve upon their past studies and practice Chinese everyday. With almost no grammar or tense, no verb conjugation and a consistency that English, Spanish, French and Japanese learners can only wish for, Chinese enables you to start conversing relatively quickly. After a few weeks of gradual progress your ability to read Chinese, write Chinese and speak Chinese will grow tremendously. This calendar like desk companion is divided into monthly topics and builds upon itself, one day at a time. Chinese phrases are kept short, simple and functional. Each of the 365 pages include these four components: The simplified Chinese characters. The romanized Chinese (hanyu pinyin). The English phrase. The traditional Chinese characters. /li Audio for all of the *A Chinese Phrase A Day* entries is available online. Listening and repeating after the native speakers in the audio files will help you to practice Chinese regularly and polish your spoken Mandarin Chinese and Mandarin listening comprehension. To get started, turn to Day One and begin studying the phrase, its meaning, pronunciation and cultural context. Then tear off

the sheet and practice writing it a few times. In a matter of days you'll be on your way to reading and writing Chinese!
