All that is Solid Melts Into Air Marshall Berman, 1983 The experience of modernization -- the dizzying social changes that swept millions of people into the capitalist world -- and modernism in art, literature and architecture are brilliantly integrated in this account.

*Bom Boy* Yewande Omotoso, 2011 Leke is a troubled young man living in the suburbs of Cape Town. He develops strange habits of stalking people, stealing small objects and going from doctor to doctor in search of companionship rather than cure. Through a series of letters written to him by his Nigerian father whom he has never met, Leke learns about a family curse; a curse which his father had unsuccessfully tried to remove. BOM BOY is a well-crafted, and complex narrative written with a sensitive understanding of both the smallness and magnitude of a single life.

**Pictorial Illusionism** J. A. Sokalski, 2007 Drawing together a wealth of primary sources, J.A. Sokalski examines the aims, inventions, and methods of the pictorial style that defined MacKaye's art. Sokalski shows how MacKaye's famous Madison Square Theatre, which featured a double stage reminiscent of an elevator, created whirling pictorial illusions for fashionable New York. He argues that MacKaye's infamous failure, the colossal Spectatorium theatre for the 1893 Chicago World's Fair, was the most complete realization of this illusionary aesthetic. Sokalski also explores MacKaye's influence on Buffalo Bill Cody and how civil war cycloramas expanded his concept of pictorial space.

Nietzsche's Zarathustra C. G. Jung, 2014-12-18 As a young man growing up near Basel, Jung was fascinated and disturbed by tales of Nietzsche's brilliance, eccentricity, and eventual decline into permanent psychosis. These volumes, the transcript of a previously unpublished private seminar, reveal the fruits of his initial curiosity: Nietzsche's works, which he read as a student at the University of Basel, had moved him profoundly and had a life-long influence on his thought. During the sessions the mature Jung spoke informally to members of his inner circle about a thinker whose works had not only overwhelmed him with the depth of their understanding of human nature but also provided the philosophical sources of many of his own psychological and metapsychological ideas. Above all, he demonstrated how the remarkable

book Thus Spake Zarathustra illustrates both Nietzsche's genius and his neurotic and prepsychotic tendencies. Since there was at that time no thought of the seminar notes being published, Jung felt free to joke, to lash out at people and events that irritated or angered him, and to comment unreservedly on political, economic, and other public concerns of the time. This seminar and others, including the one recorded in Dream Analysis, were given in English in Zurich during the 1920s and 1930s.

**Greek tragedies** Sophocles, Aeschylus, Euripides, 1992 The Grene and Lattimore edition of the Greek tragedies has been among the most widely acclaimed and successful publications of the University of Chicago Press. On the occasion of the Centennial of the University of Chicago and its Press, we take pleasure in reissuing this complete work in a handsome four-volume slipcased edition as well as in redesigned versions of the familiar paperbacks. For the Centennial Edition two of the original translations have been replaced. In the original publication David Grene translated only one of the three Theban plays, Oedipus the King. Now he has added his own translations of the remaining two, Oedipus at Colonus and Antigone, thus bringing a new unity of tone and style to this group. Grene has also revised his earlier translation of Prometheus Bound and rendered some of the former prose sections in verse. These new translations replace the originals included in the paperback volumes Sophocles I (which contains all three Theban plays), Aeschylus II, Greek Tragedies, Volume I, and Greek Tragedies, Volume III, all of which are

now being published in second editions. All other volumes contain the translations of the tragedies of Aeschylus, Sophocles, and Euripides for the most part from the original versions first published in the 1940s and 1950s. These translations have been the choice of generations of teachers and students, selling in the past forty years over three million copies.

*Jung's Seminar on Nietzsche's Zarathustra* James L. Jarrett, 2020-06-16  
Nietzsche's infamous work *Thus Spake Zarathustra* is filled with a strange sense of religiosity that seems to run counter to the philosopher's usual polemics against religious faith. For some scholars, this book marks little but a mental decline in the great philosopher; for C. G. Jung, *Zarathustra* was an invaluable demonstration of the unconscious at work, one that illuminated both Nietzsche's psychology and spirituality and that of the modern world in general. The original two-volume edition of Jung's lively seminar on Nietzsche's *Zarathustra* has been an important source for specialists in depth psychology. This new abridged paperback edition allows interested readers to participate with Jung as he probes the underlying meaning of Nietzsche's great work.

**Transferee Liability** Ellen S. Brody, Vivek Chandrasekhar, Theodore D. Peyser, ... analyzes the rules of [section] 6901 and related judicial interpretations. Beginning with a general discussion of transferee liability

and its development from the so-called trust fund doctrine, the Portfolio distinguishes between transferee liability in equity and liability at law. The liability of a transferee at law or equity for the tax of the transferor is governed by state law and in some cases by federal statutes. The liability of the transferor is determined under the Internal Revenue Code. Section 6901 does not create a separate liability for the transferee; instead, it provides a regime to facilitate collection by the IRS from a third party of the tax due from the transferor and to permit the third party/transferee to contest the IRS determination in the U.S. Tax Court. The Portfolio also discusses the liability of a fiduciary under 31 U.S.C. [section] 3713(b) and the application of [section] 6901 to this type of liability--P. (iii).
