Latinx Art Arlene Dávila,2020-07-24 In *Latinx Art* Arlene Dávila draws on numerous interviews with artists, dealers, and curators to explore the problem of visualizing Latinx art and artists. Providing an inside and critical look of the global contemporary art market, Dávila's book is at once an introduction to contemporary Latinx art and a call to decolonize the art worlds and practices that erase and whitewash Latinx artists. Dávila shows the importance of race, class, and nationalism in shaping contemporary art markets while providing a path for scrutinizing art and culture institutions and for diversifying the art world.

The Graffiti Subculture N. Macdonald,2001-07-19 This book is the most extensive contribution to our understanding of the graffiti subculture to date. Using insights from ethnographic research conducted in London and New York, the author explores the varying ways young men use graffiti to construct masculinity, claim power and establish independence from the institutions which define and often limit them as young people. Forging a link between subcultural practice and identity construction, this book will be essential reading for anyone interested in new understandings of youth and their subcultures.

Political Street Art Holly Eva Ryan, 2016-12-08 Recent global events, including the 'Arab Spring' uprisings, Occupy movements and anti-austerity protests across Europe have renewed scholarly and public interest in collective action, protest strategies and activist subcultures. We know that social movements do not just contest and politicise culture, they create it too. However, scholars working within international politics and social movement studies have been relatively inattentive to the manifold political mediations of graffiti, muralism, street performance and other street art forms. Against this backdrop, this book explores the evolving political role of street art in Latin America during the twentieth and early twenty-first centuries. It examines the use, appropriation and reconfiguration of public spaces and political opportunities through street art forms, drawing on empirical work undertaken in Brazil, Bolivia and Argentina. Bringing together a range of insights from social movement studies, aesthetics and anthropology, the book highlights some of the difficulties in theorising and understanding the complex interplay between art and political practice. It seeks to explore 'what art can do' in protest, and in so doing, aims to provide a useful point of reference for students and scholars interested in political communication,

culture and resistance. It will be of interest to students and scholars working in politics, international relations, political and cultural geography, Latin American studies, art, sociology and anthropology.

Going All City Stefano Bloch, 2019-11-14 "We could have been called a lot of things: brazen vandals, scared kids, threats to social order, self-obsessed egomaniacs, marginalized youth, outsider artists, trend setters, and thrill seekers. But, to me, we were just regular kids growing up hard in America and making the city our own. Being 'writers' gave us something to live for and 'going all city' gave us something to strive for; and for some of my friends it was something to die for." In the age of commissioned wall murals and trendy street art, it's easy to forget graffiti's complicated and often violent past in the United States. Though graffiti has become one of the most influential art forms of the twenty-first century, cities across the United States waged a war against it from the late 1970s to the early 2000s, complete with brutal police task forces. Who were the vilified taggers they targeted? Teenagers, usually, from low-income neighborhoods with little to their names except a few spray cans and a desperate need to be seen—to mark their presence on city walls and buildings even as their cities turned a blind eye to them. *Going All City* is the mesmerizing and painful story of these young graffiti writers, told by one of their own. Prolific LA writer Stefano Bloch came of age in the late 1990s amid constant violence, poverty, and vulnerability. He recounts vicious interactions with police; debating whether to take friends with gunshot wounds to the hospital; coping with his mother's heroin addiction; instability and homelessness; and his dread that his stepfather would get out of jail and tip his unstable life into full-blown chaos. But he also recalls moments of peace and exhilaration: marking a fresh tag; the thrill of running with his crew at night; exploring the secret landscape of LA; the dream and success of going all city. Bloch holds nothing back in this fierce, poignant memoir. *Going All City* is an unflinching portrait of a deeply maligned subculture and an unforgettable account of what writing on city walls means to the most vulnerable people living within them.

You're Welcome, Universe Whitney Gardner, 2017-03-07 A vibrant, edgy, fresh new YA voice for fans of *More Happy Than Not* and *Simon vs. the Homo Sapiens Agenda*, packed with interior graffiti. Winner of the Schneider Family Book Award! When Julia finds a slur about her best friend scrawled across the back of the Kingston School for the Deaf, she covers it up with a beautiful (albeit illegal) graffiti mural. Her supposed best friend snitches, the principal expels her, and her two mothers set Julia up with a one-way ticket to a "mainstream" school in the suburbs, where she's treated like an outcast as the only deaf student. The last thing she has left is her art, and not even Banksy himself could convince her to give that up. Out in the 'burbs, Julia paints anywhere she can, eager to claim some turf of her own. But Julia soon learns that she might not be the only vandal in town. Someone is adding to her tags, making them better, showing off—and showing Julia up in the process. She expected her art might get painted over by cops. But she never imagined getting dragged into a full-blown graffiti war. Told with wit and grit by debut author Whitney Gardner, who also provides gorgeous interior illustrations of Julia's graffiti tags, *You're Welcome, Universe* introduces audiences to a one-of-a-kind protagonist who is unabashedly herself no matter what life throws in her way. [A] spectacular debut...a moving, beautifully written contemporary novel full of quirky art and complicated friendships...this book is a gift to be thankful for.—BookRiot

Researching City Life Tyler Schafer, Michael Ian Borer, 2023-03-17 *Researching City Life: An Urban Field Methods Text-Reader* examines the city from a street level perspective and provides readers with tools to conduct research on urbanism—the everyday experiences of people in cities. Contending that culture is central to understanding urbanism, editors Tyler Schafer and Michael Ian Borer address qualitative research in cities and how it provides insights unable to be captured via quantitative methods. Carefully selected and edited readings cover participant observation, interviewing, narrative analysis, visual and sensory methods, and methods for (re)presenting the city. Each section includes an introduction from the editors, a Reflection Essay from one of the authors, and exercises that prompt hands-on experience.

New York Magazine, 1997-04-28 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
