Linked Gordon Korman,2021-07-20 An unforgettable novel from the New York Times bestseller Gordon Korman Link, Michael, and Dana live in a quiet town. But it's woken up very quickly when someone sneaks into school and vandalizes it with a swastika. Nobody can believe it. How could such a symbol of hate end up in the middle of their school? Who would do such a thing? Because Michael was the first person to see it, he's the first suspect. Because Link is one of the most popular guys in school, everyone's looking to him to figure it out. And because Dana's the only Jewish girl in the whole town, everyone's treating her more like an outsider than ever. The mystery deepens as more swastikas begin to appear. Some students decide to fight back and start a project to bring people together instead of dividing them further. The closer Link, Michael, and Dana get to the truth, the more there is to face-not just the crimes of the present, but the crimes of the past. With *Linked*, Gordon Korman, the author of the acclaimed novel *Restart*, poses a mystery for all readers where the who did it? isn't nearly as important as the why?

Tales from the Notre Dame Fighting Irish Locker Room Digger Phelps,Tim Bourret,2015-04-07 Former ESPN basketball commentator Digger Phelps is regarded as one of the most charismatic and opinionated analysts in the profession. And he was the same personality during his twenty years as the head coach at the University of Notre Dame. In this book, first published in 2004, Phelps teams up with Tim Bourret and recalls the most successful period in Notre Dame basketball history. In his twenty seasons, seventeen of Phelps's teams advanced to postseason play, including fourteen NCAA Tournament teams. In the book, Phelps recalls his initial expression of interest in Notre Dame through a 1965 letter he wrote to football coach Ara Parseghian. It recounts the scenes of his seven wins over number one-ranked teams, including the landmark game in 1974 when the Irish ended UCLA's eighty-eight-game winning streak. Two chapters concentrate on the coach's former Notre Dame players, concluding with the selection of his All-Digger teams. He also recalls the twenty Hall of Fame coaches he competed against, including Bobby Knight, Al McGuire, Ray Meyer, and John Wooden. *Tales from the Notre Dame Fighting Irish Locker Room* also contains a chapter entitled "Domers," which documents Phelps's relationships with Notre Dame coaches, administrators, and student-athletes, including Father Theodore Hesburgh, the man who made Notre Dame what it is today. Skyhorse Publishing, as well as our Sports Publishing imprint, are proud to publish a broad range of books for readers interested in sports—books about baseball, pro football, college football, pro and college basketball, hockey, or soccer, we have a book about your sport or your team. Whether you are a New York Yankees fan or hail from Red Sox nation; whether you are a die-hard Green Bay Packers or Dallas Cowboys fan; whether you root for the Kentucky Wildcats, Louisville Cardinals, UCLA Bruins, or Kansas Jayhawks; whether you route for the Boston Bruins, Toronto Maple Leafs, Montreal Canadiens, or Los Angeles Kings; we have a book for you. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Everything Must Go Elizabeth Flock,2007-10-01 To those on the outside, the Powells are a happy family, but then a devastating accident destroys their fragile facade. When seven- year-old Henry is blamed for the tragedy, he tries desperately to make his parents happy again. As Henry grows up, he is full of potential—a talented sportsman with an academic mind and a thirst for adventure—but soon he questions if the guilt his parents have burdened him with has left him unable to escape his anguished family or their painful past. With a delicate touch and masterful attention to detail, New York Times bestselling author Elizabeth Flock invites us to meet a man both ordinary and extraordinary, and to experience a life that has yet to be lived.

Perception: Themes in Literature G. Robert Carlsen,1974 A thematically arranged anthology of poems, short stories, plays, and novellas for the eighth-grade reader.

ParaNorman Elizabeth Cody Kimmel,2012-06-05 In a quaint New England town with a history of witches and pilgrims, misunderstood eleven-year-old Norman Babcock can see and talk to ghosts. No one believes him, of course-everyone just thinks he's weird (including his parents). But when a folktale of a witch who cursed her accusers turns out to be true, it's up to Norman to save the town from pilgrim zombies! He'll also have to take on a very angry witch, an annoying sidekick, his boy-crazy teenage sister, and dozens of moronic grown-ups who get in his way. This young ghoulish whisperer finds his paranormal talents pushed to their otherworldly limits in this hilarious and spooky adventure! Featuring gorgeous black-and-white interior illustrations and a story beyond what you'll see in the film, this novel is sure to delight!

Criminal Procedure Prof. Carlton Bailey,2015-03-05 In a criminal procedure class, students are asked to determine whether a citizen's constitutional rights were violated, and this question is consistently posed under a myriad of factual circumstances. In order to answer the query, students would need to examine and discuss the United States Supreme Court's interpretations of the Fourth, Fifth, Sixth, and Fourteenth Amendments of the US Constitution, identifying many tests and standards from those examinations and spirited discussions. *Criminal Procedure: Model Problems and Outstanding Answers* documents a few of the United States Supreme Court's tests and standards from these amendments to provide a more accurate assessment of whether a right under the Constitution has retained its full vitality, or whether it has been modified or made less vital than originally intended. Oxford University Press equips students with an accessible guide to acing challenging criminal procedure law exams. In *Criminal Procedure: Model Problems and Outstanding Answers*, Carlton Bailey helps students demonstrate their knowledge of criminal procedure in the structured and sophisticated manner that professors expect on law school exams. This book provides clear introductions on the fundamental topics in criminal procedure, provides hypotheticals similar to those that students can expect to see on an exam (including multi-issue questions), and offers model answers to those hypotheticals. Professor Bailey then coaches students in how to evaluate their own work with a comprehensive self-analysis section. This book prepares students by challenging them to use the law they learn in class while also explaining the best way to express sophisticated answers on law school exams.

Pie in the Sky Remy Lai,2019-06 El Deafo meets *Inside Out* and *Back Again* in this funny, emotional illustrated middle-grade debut about immigrating to Australia, being upstaged by an annoying little brother, baking cakes and overcoming loss. When Jingwen moves to Australia, he feels like he's landed on Mars. Making friends is impossible, since he doesn't speak English, and he's stuck looking after his little brother Yanghao. But Jingwen knows how to make everything better. If he can just make all of the cakes on the menu of the bakery his father had planned to open-and complete the dream he didn't have time to finish-then everything will be okay. Sure, he'll have to break his mother's most important rule about not using the oven when she's at work, keep his little brother from spilling his secret, and brush up on his baking skills, but some things are worth the risk. In her debut novel, Remy Lai captures with humour and heart, what it means to want desperately to belong and just how powerful one wish can be.

Sports, Media, and Society Kevin Hull,2024-03-26 Whether espoused by sports leagues, teams, or individual athletes, social issues are part of the sporting world fabric. The sports media often plays the gatekeeper, deciding how messages are presented and to what extent they're covered—if at all. *Sports, Media, and Society* investigates the impact of societal issues in sports and how the media reports those stories. Why does the sports media operate in the manner that it does, and what's the impact of its decisions on the audience? With *Sports, Media, and Society*, there is now a resource that combines mainstay class discussion points, current case studies, and theoretical and historical foundations in one comprehensive text. The book's 34 chapters are each short and concise—a format preferred by instructors—covering a wide range of topics and easily digestible for students. Part I covers sports media history and the media's role as gatekeeper. Chapters explore the history and evolution of various media—newspapers, magazines, radio, television, and social media—and the business of and competition between sports media entities. Case studies examine NBC's Olympics coverage and the nimbleness of *Sports Illustrated* in the digital space. Part II showcases television's impact on how fans follow sports. Discussions include ABC's *Wide World of Sports*, which exposed viewers to events around the globe; ESPN's foray into 24/7 sports coverage; and Fox Sports' shocking NFL deal, which marked a new era in media rights negotiations and sports broadcasting technologies. The intersection of sports and social issues is the focus of part III. Numerous issues are addressed, punctuated by case studies involving key players and

events related to each topic. Cases concerning Colin Kaepernick, USWNT (and coverage of women's sports generally), LGBTQ+ issues, and obstacles faced by women working in sports media are highlights, while examinations of social identity theory and framing provide context on how people identify with specific groups and how the media influences opinions. Athletes and sport entities are constantly in the news—not always in a positive light. Part IV addresses crisis management and communication, featuring case studies about Tiger Woods, Lance Armstrong, LeBron James (The Decision), Kobe Bryant (his death and the misreporting of facts surrounding it), and the Houston Astros sign-stealing scandal. The text concludes with part V, which explores emerging trends in sports media and society. Through social media, virtually anyone can become a thought leader (wresting control from traditional outlets), and teams and athletes can dialogue directly with fans, effectively sidelining sports journalists. Chapters on the formerly taboo subjects of athlete mental health and sports wagering, as well as the exploding popularity of esports, round out the text. Sports shape our culture in numerous ways, and the sports media plays a transformative role in how it occurs. Sports, Media, and Society prepares tomorrow's sports journalists and communicators to venture beyond the how-tos of developing content to understanding the whys behind it.

If We Kiss Rachel Vail, 2012-06-12 Charlie Collins has never been kissed. She's never been in love, either. Charlie's beautiful best friend, Tess, has kissed three boys and has loved each one of them. Then Charlie unexpectedly finds herself falling for Kevin, and she's in a mess of trouble right away. For one thing, Tess is in love with Kevin. Even worse, his father seems to be dating Charlie's mom, who suddenly can't stop smiling. With no one to confide in, Charlie has to figure this one out for herself. But even as she tries to pull away from Kevin, she can't stop wondering, What would happen if we kiss?

Blended Sharon M. Draper, 2020-04-07 Piano-prodigy Isabella, eleven, whose black father and white mother struggle to share custody, never feels whole, especially as racial tensions affect her school, her parents both become engaged, and she and her stepbrother are stopped by police.

No Land's Man Aasif Mandvi, 2014-11-04 The actor shares a heartfelt “collection of humorous essays that explore his myriad identities: Indian, Muslim, British, and American” (The Boston Globe). “My father moved our family to the United States because of a word. It was a word whose meaning fascinated him. It was a singularly American word, a fat word, a word that could only be spoken with decadent pride. That word was . . . Brunch! “The beauty of America,” he would say, “is they have so much food, that between breakfast and lunch they have to stop and eat again.”—from “International House of Patel” If you're an Indo-Muslim-British-American actor who has spent more time in bars than mosques over the past few decades, turns out it's a little tough to explain who you are or where you are from. In No Land's Man Aasif Mandvi explores this and other conundrums through stories about his family, ambition, desire, and culture that range from dealing with his brunch-obsessed father, to being a high-school-age Michael Jackson impersonator, to joining a Bible study group in order to seduce a nice Christian girl, to improbably becoming America's favorite Muslim/Indian/Arab/Brown/Doctor correspondent on The Daily Show with Jon Stewart. This is a book filled with passion, discovery, and humor. Mandvi hilariously and poignantly describes a journey that will resonate with anyone who has had to navigate his or her way in the murky space between lands. Or anyone who really loves brunch. “Best Comedy Books of 2014” selection by The Washington Post Praise for No Land's Man “I was enthralled Mandvi writes beautifully and comedically about his life, with wonderful dialogue and revealing detail, reminiscent of David Sedaris.” —Jonathan Ames, author of Wake Up, Sir! “It always bothered me that Aasif was more than merely funny—he's also a great actor. Now I've learned he's an amazing storyteller as well, and I am furious . . . but also grateful. Aasif's movement between cultures and genres is what makes him and his story singularly funny, poignant, and essential.” —John Hodgman, author of The Areas of My Expertise and More Information Than You Require “Aasif is my favorite Indo-Muslim-British-American Daily Show correspondent ever. I loved No Land's Man!” —Jim Gaffigan, author of Dad Is Fat and Food: A Love Story “A lighthearted but heartfelt portrait of Mandvi's childhood and his struggles to come to terms with his rather complicated life.” —The Boston Globe

SANDI Doug Boylan, 2020-06-25 This is a love song for Sandra Waddell Boylan, my wife of fifty years. She is a quiet woman who has made the world a better place for her family, her friends, for strangers, and for me. This book tells the story of her youth in Canada, her growing up in Ohio, and her marriage and rearing a family in New Orleans and Birmingham. It recounts her history and her interests in hopes that her children, grandkids, and friends who love her will know this woman a little better.

Insignificant Events in the Life of a Cactus Dusti Bowling, 2017-09-05 “Aven is a perky, hilarious, and inspiring protagonist whose attitude and humor will linger even after the last page has turned.” —School Library Journal (Starred review) Aven Green loves to tell people that she lost her arms in an alligator wrestling match, or a wildfire in Tanzania, but the truth is she was born without them. And when her parents take a job running Stagecoach Pass, a rundown western theme park in Arizona, Aven moves with them across the country knowing that she'll have to answer the question over and over again. Her new life takes an unexpected turn when she bonds with Connor, a classmate who also feels isolated because of his own disability, and they discover a room at Stagecoach Pass that holds bigger secrets than Aven ever could have imagined. It's hard to solve a

mystery, help a friend, and face your worst fears. But Aven’s about to discover she can do it all . . . even without arms. Autumn 2017 Kids’ Indie Next Pick Junior Library Guild Selection Library of Congress's 52 Great Reads List 2018

The Crossover Kwame Alexander,2014 A middle-grade novel in verse follows the experiences of twin basketball stars Josh and Jordan, who struggle with challenges on and off the court while their father ignores his declining health. 20,000 first printing.

Players and Pretenders ,2007-05-01 Players and Pretenders tells the story of the flip side of basketball’s “March Madness,” where the game is played by average players for love, not for money. At the end of the 1970s at Bard College, where there was no pretense of institutional support, Charley Rosen gathered his hoops hopefuls and put together a basketball season whose impact reached far beyond the court. ø Writing with a humorous touch, Rosen details the Running Red Devils’ season, simultaneously examining the lives of those who made it so memorable and providing a glimpse of how the team members existed off the courts as both players and pretenders. His book playfully depicts the 1979-80 basketball season at Bard College and the “sports for fun” side of the game.

Evolution of Cardio-Metabolic Risk from Birth to Middle Age Gerald S. Berenson,2011-07-09 That precursors of adult coronary artery disease, hypertension, and type II diabetes begin in childhood have been clearly established by the Bogalusa Heart Study. This unique research program has been able to follow a biracial (black/white) population over 35 years from childhood through mid-adulthood to provide perspectives on the natural history of adult heart diseases. Not only do these observations describe trajectories of cardio-metabolic risk variables leading to these diseases but provide a rationale for the need to begin prevention beginning in childhood. The trajectories of the burden of cardio-metabolic risk variables in the context of their fetal origin and chromosome telomere dynamics provide some insight into the metabolic imprinting in utero and aging process. The observed racial contrasts on cardio-metabolic risk variables implicate various biologic pathways interacting with environment contributing to the high morbidity and mortality from related diseases in our population. To address the seriousness of the onset of cardiovascular disease in youth, approaches to primordial prevention are described focussing on childhood health education as an important aspect of Preventive Cardiology.
