Linked Gordon Korman, 2021-07-20 An unforgettable novel from the New York Times bestseller Gordon Korman Link, Michael, and Dana live in a quiet town. But it's woken up very quickly when someone sneaks into school and vandalizes it with a swastika. Nobody can believe it. How could such a symbol of hate end up in the middle of their school? Who would do such a thing? Because Michael was the first person to see it, he's the first suspect. Because Link is one of the most popular guys in school, everyone's looking to him to figure it out. And because Dana's the only Jewish girl in the whole town, everyone's treating her more like an outsider than ever. The mystery deepens as more swastikas begin to appear. Some students decide to fight back and start a project to bring people together instead of dividing them further. The closer Link, Michael, and Dana get to the truth, the more there is to face—not just the crimes of the present, but the crimes of the past. With Linked, Gordon Korman, the author of the acclaimed novel Restart, poses a mystery for all readers where the who did it? isn't nearly as important as the why?

The Best Laid Plans Cameron Lund, 2021-02-02 High school senior Keely Collins takes on firsts, lasts, and everything in between in this sweet, sex-positive rom-com for fans of Meg Cabot and Jenny Han. It seemed like a good plan at first. When the only other virgin in her group of friends loses it at Keely's own eighteenth birthday party, she's inspired to take things into her

own hands. She wants to have that experience too (well, not exactly like that--but with someone she trusts and actually likes), so she's going to need to find the guy, and fast. Problem is, she's known all the boys in her small high school forever, and it's kinda hard to be into a guy when you watched him eat crayons in kindergarten. So she can't believe her luck when she meets a ridiculously hot new guy named Dean. Not only does he look like he's fallen out of a classic movie poster, but he drives a motorcycle, flirts with ease, and might actually be into her. But Dean's already in college, and Keely is convinced he'll drop her if he finds out how inexperienced she is. That's when she talks herself into a new plan: her lifelong best friend, Andrew, would never hurt or betray her, and he's clearly been with enough girls that he can show her the ropes before she goes all the way with Dean. Of course, the plan only works if Andrew and Keely stay friends--just friends--so things are about to get complicated. Cameron Lund's delightful debut is a hilarious and heartfelt story of first loves, first friends, and first times--and how making them your own is all that really matters.
