Teaching Evidence-Based Writing: Fiction Leslie Blauman, 2016-09-19 One in a million. Yes, that's how rare it is to have so many write-about-reading strategies so beautifully put to use. Each year Leslie Blauman guides her students to become highly skilled at supporting their thinking about texts, and in *Evidence-Based Writing: Fiction*, she shares her win-win process. Leslie combed the ELA standards and all her favorite books and built a lesson structure you can use in two ways: with an entire text or with just the excerpts she's included in the book. Addressing Evidence, Character, Theme, Point of View, Visuals, Words and Structure, each section includes: Lessons you can use as teacher demonstrations or for guided practice, with Best the Test tips on how to authentically teach the skills that show up on exams with the texts you teach. Prompt Pages serve as handy references, giving students the key questions to

ask themselves as they read any text and consider how an author's meaning and structure combine. Excerpts-to-Write About Pages feature carefully selected passages from novels, short stories, and picture books you already know and love and questions that require students to discover a text's literal and deeper meanings. Write-About-Reading Templates scaffold students to think about a text efficiently by focusing on its critical literary elements or text structure demands and help them rehearse for more extensive responses. Writing Tasks invite students to transform their notes into a more developed paragraph or essay with sufficiently challenging tasks geared for grades 6-8. And best of all, your students gain a confidence in responding to complex texts and ideas that will serve them well in school, on tests, and in any situation when they are asked: What are you basing that on? Show me how you know.

Time Is the Thing a Body Moves Through T Fleischmann,2019-06-04 W. G. Sebald meets Maggie Nelson in an autobiographical narrative of embodiment, visual art, history, and loss. How do the bodies we inhabit affect our relationship with art? How does art affect our relationship to our bodies? T Fleischmann uses Felix Gonzáles-Torres’s artworks—piles of candy, stacks of paper, puzzles—as a path through questions of love and loss, violence and rejuvenation, gender and sexuality. From the back porches of Buffalo, to the galleries of New York and L.A., to farmhouses of rural Tennessee, the artworks act as still points, sites for reflection situated in lived experience. Fleischmann combines serious engagement with warmth and clarity of prose, reveling in the experiences and pleasures of art and the body, identity and community.

The Genesis of Misery Neon Yang, 2022-09-27 A Goodreads Best Science Fiction Choice Award Nominee A New York Public Library Top 10 Book of 2022 An immersive, electrifying space-fantasy, Neon Yang's debut novel *The Genesis of Misery* is full of high-tech space battles and political machinations, starring a queer and diverse array of pilots, princesses, and prophetic heirs. This is Joan of Arc meets Gideon the Ninth with a touch of *Pacific Rim* thrown in as a treat. A mind-blowing rollercoaster ride of a space opera, propulsive and strange in the best way.—Rebecca Roanhorse, New York Times bestselling author It's a story you think you know: a young person hears the voice of an angel saying they have been chosen as a warrior to lead their people to victory in a holy war. But *Misery* Nomaki (she/they) knows they are a fraud. Raised on a remote moon colony, they don't believe in any kind of god. Their angel is a delusion, brought on by hereditary space exposure. Yet their survival banks on mastering the holy mech they are supposedly destined for, and convincing the Emperor of the Faithful that they are the real deal. The deeper they get into their charade, however, the more they start to doubt their convictions. What if this, all of it, is real? A reimagining of Joan of Arc's story given a space opera, giant robot twist, the *Nullvoid Chronicles* is a story about the nature of truth, the power of belief, and the interplay of both in the stories we tell ourselves. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Before We Were Strangers Renée Carlino, 2015-08-18 From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M
