The Ones We're Meant to Find Joan He, 2021-05-04 A New York Times Bestseller An Indie Bestseller Perfect for fans of Marie Lu and E. Lockhart, *The Ones We're Meant to Find* is a gripping and heartfelt YA sci-fi with mind-blowing twists. Set in a climate-ravaged future, Joan He's beautifully written novel follows the story of two sisters, separated by an ocean, desperately trying to find each other. Cee has been trapped on an abandoned island for three years without any recollection of how she arrived, or memories from her life prior. All she knows is that somewhere out

there, beyond the horizon, she has a sister named Kay, and it's up to Cee to cross the ocean and find her. In a world apart, 16-year-old STEM prodigy Kasey Mizuhara lives in an eco-city built for people who protected the planet and now need protecting from it. With natural disasters on the rise due to climate change, eco-cities provide clean air, water, and shelter. Their residents, in exchange, must spend at least a third of their time in stasis pods, conducting business virtually whenever possible to reduce their environmental footprint. While Kasey, an introvert and loner, doesn't mind the lifestyle, her sister Celia hated it. Popular and lovable, Celia much preferred the outside world. But no one could have predicted that Celia would take a boat out to sea, never to return. Now it's been three months since Celia's disappearance, and Kasey has given up hope. Logic says that her sister must be dead. But nevertheless, she decides to retrace Celia's last steps. Where they'll lead her, she does not know. Her sister was full of secrets. But Kasey has a secret of her own.

Talent Chooses You James Ellis, 2020-06-03 If you want your business to grow, you need to be able to rely on your ability to hire talent reliably and consistently. No talent pipeline? No growth, and no business. But your recruiting team is drowning (I asked them). They need help. Now, if you ask recruiters, they will ask for headcount. Or more technology. But more bodies and more tools won't solve the issue (though it will eat up your budget). What you need is a better strategy. And that strategy is called employer branding. Employer branding is about understanding, distilling and communicating what your company is all about in order to attract all the talent you need. That will differentiate your company as a place where people will want to work, rather than a place they land because they didn't know better. If you've heard about employer branding in business magazines, it might seem like something only big companies can do. Something that requires a dedicated team, expensive platforms, or a bunch of consultants. That isn't true. If you understand where your brand comes from,

and how to apply it, any company (especially yours) can hire better with it. And this book will teach you how to do all of that, and then some. In this book, you'll learn what employer branding really is, how to make a compelling argument internally to leadership that creates commitment, how to work with other teams and be creative in finding solutions. As a special bonus, we are including a handbook on how to work with recruiting teams. This hands-on workbook is chock full of examples, checklists, step-by-step instructions and even emails you can copy and paste to make things happen immediately.

Ten Thousand Skies Above You Claudia Gray, 2015-11-03 In this sequel to *A Thousand Pieces of You* by New York Times

bestselling author Claudia Gray, Marguerite races through various dimensions to save the boy she loves. Ever since she used the Firebird, her parents' invention, to cross through to alternate dimensions, Marguerite has caught the attention of enemies who will do anything to force her into helping them dominate the multiverse—even hurt the people she loves. She resists until her boyfriend, Paul, is attacked, and his consciousness is scattered across multiple dimensions. The hunt for each splinter of Paul's soul sends Marguerite racing through a war-torn San Francisco, the criminal underworld of New York City, and a glittering Paris where another Marguerite hides a shocking secret. Each dimension brings Marguerite one step closer to rescuing Paul. But with every trial she faces, she begins to question the one constant she's found between the worlds: their love for each other.

Passing, Posing, Persuasion Christina Yi, Andre Haag, Catherine Ryu, 2023-11-30 Passing, Posing, Persuasion interrogates the intersections between cultural production, identity, and persuasive messaging that idealized inclusion and unity across Japan's East Asian empire (1895–1945). Japanese propagandists drew on a pan-Asian rhetoric that sought to persuade colonial subjects to identify with the empire while simultaneously maintaining the distinctions that subjugated them and marking their attempts to self-identify as Japanese as inauthentic, illegitimate forms of “passing” or “posing.” Visions of inclusion encouraged assimilation but also threatened to disrupt the very logic of imperialism itself: If there was no immutable difference between Taiwanese and Japanese subjects, for example, then what justified the subordination of the former to the latter? The chapters emphasize the plurality and heterogeneity of empire, together with the contradictions and tensions of its ideologies of race, nation, and ethnicity. The paradoxes of passing, posing, and persuasion opened up unique opportunities for colonial contestation and negotiation in the arenas of cultural production, including theater, fiction, film, magazines, and other

media of entertainment and propaganda consumed by audiences in mainland Japan and its colonies. From Meiji adaptations of Shakespeare and interwar mass media and colonial fiction to wartime propaganda films, competing narratives sought to shape how ambiguous identities were performed and read. All empires necessarily engender multiple kinds of border crossings and transgressions; in the case of Japan, the policing and blurring of boundaries often pivoted on the outer markers of ethno-national identification. This book showcases how actors—in multiple senses of the word—from all parts of the empire were able to move in and out of different performative identities, thus troubling its ontological boundaries.

Inspire Your Home Farah Merhi, 2019-10-22 Instagram star and founder of Inspire Me! Home Décor shares her creative and elegant interior design secrets so you can create a glamorous yet

cozy home without spending a fortune. Farah Merhi launched Inspire Me! Home Decor in 2012 as a creative outlet during a transitional time in her life. Farah was about to graduate college and planned to attend law school. Going through the motions and feeling unfulfilled in her career choice, she built up the courage to face her truth. Taking time off to figure herself out, Farah, through a remodel project in her home, had her “ah-ha” moment. The importance of taking care of your home, specifically in the way you clean, organize, and design, was instilled in her at a young age, but she didn’t realize how much of an impact her upbringing had until she owned her own home. Farah knew she had found her passion and calling, and was determined to inspire home owners to live their best lives in their homes. Farah believes that taking care of your home is essential to your peace of mind. Her design style is elegant and glamorous but infused with warmth and coziness, creating a welcoming feel with neutral color palletes, soft and inviting fabrics, and exquisite design details that can work in any room. She believes you can make a statement without sacrificing an inviting feel to your rooms. There is no right and wrong when it comes to designing your home and Farah encourages you to focus on the overall look and feel you desire, and her tips and advice will help guide you through the process. Starting with her most frequently asked questions about paint color versus wallpaper, lighting and rugs, home organization, and of course styling, Farah walks you through every room in the house from the mudroom to the kitchen and kids’ bedrooms. Along the way, she includes quick seasonal updates on a budget, suggested routines for maintaining your space, and her unique reward system, which includes small styling vignettes around your home. Woven throughout are Farah’s personal stories that will feel like you’re getting design advice from a close friend. Everyone deserves to walk into a beautifully decorated home every day—now you can, with the inspiration and practical tips in Inspire Your Home.

Murder-a-Go-Go's Lori Rader-Day, Hilary Davidson, Susanna Calkins, Thomas Pluck, Lisa Brackmann, Nadine Nettmann, Diane Vallere, Eric Beetner, Patricia Abbott, 2019-03-25 The Go-Go's made music on their own terms and gave voice to a generation caught between the bra-burning irreverence of the seventies and the me-first decadence of the eighties. Anthems like "We Got the Beat," "Our Lips Are Sealed," and "Vacation" are an indelible part of our collective soundtrack, but more than that, they speak to the power and possibility of youth. Inspired by punk but not yoked to it, the Go-Go's broke important musical ground by combining cheeky lyrics, clever hooks, and catchy melodies, perfectly capturing what it feels like to be young and female in the process. But beyond the Go-Go's effervescent sound and cheerful pop stylings, a darkness underlies many of their lyrics and melodies, hinting at the heartache and frustration inherent in growing up. In other words, plenty to inspire murder and mayhem. Net proceeds from *Murder-a-Go-Go's* benefit Planned Parenthood, a crucial provider of women's affordable reproductive healthcare. With a foreword by Go-Go's co-founder Jane Wiedlin and original stories by twenty-five kick-ass authors, editor Holly West has put together an all-star crime fiction anthology inspired by one of the most iconic bands of the eighties and beyond. Praise for *MURDER-A-GO-GO'S*: "I always suspected that twinkle in the Go-Gos' eyes was a coded invitation to a darker world. In the hands of these 25 stellar crime fiction writers, 'We Got the Beat' and 'Our Lips Are Sealed' become evil little gems. A totally rad read." —Alan Hunter, Original MTV VJ, SiriusXM Host "Shock and awe, that sums up my reaction to *Murder-A-Go-Go's*. Shock to live in times when 'The Whole World Lost Its Head' and awe at the response of these gifted writers. Buckle up for a ride that will leave 'Skidmarks on Your Heart.'" —Sara Paretsky, bestselling author of the V.I. Warshawski crime series "Who knew those happy songs by one of all-time favorite bands, the Go-Go's could inspire such dark, noir, spine-tingling stories?!! It's a collection of tales of distinctly female rage—the

murderous kind and otherwise—to keep you up at night!” —Alison Arnglim, TV’s Nellie Oleson and author of *Confessions of a Prairie Bitch* “This is the music-driven anthology you didn’t know you needed, but after you read it, you’ll realize your bookshelf was lacking without it. This is a killer line-up of writers, and under Holly’s steady hand, they don’t play a single false note. Murder-A-Go-Go’s has got the beat.” —Rob Hart, author of *The Warehouse* “Like the songs these writers used for muses, each story contains the energy of a pop group and the rawness of a punk band, with some of the darkness and vulnerability that underscores the Go-Go’s themselves thrown in for good measure.” —Steph Post, author of *Miraculum* “The Go-Go’s spun some of the brightest, catchiest all-girl pop back in the day. But they always carried more weight than your average pop band: the burden of trailblazing and pioneering; the bad kids in the back of the class breaking all the rules and looking damn cool doing it. This collection commandingly captures that sweet subversion.” —Joe Clifford, author of *The One That Got Away* “Beneath the pop stylings and sensibilities of the Go-Go’s pulsed the heart of a punk band. In this eye-opening anthology, some of the sharpest voices of contemporary short crime fiction tease out the aches and anxieties echoing through the groundbreaking group’s music: the dark sides of desire, the missed opportunities, the tangled regrets. These stories—they got the beat.” —Art Taylor, award-winning author of *On the Road with Del & Louise: A Novel in Stories* “Holly West (editor)’s Murder-A-Go-Go’s is murderous fun from the first story to the last. Each masterful tale is distinctive, but this collection is so much more than the sum of its parts, infused with all the talent and skill of some of the best short story writers working in crime fiction today.” —Jennifer Hillier, author of *Creep* and *Jar of Hearts*

A Good Provider Is One Who Leaves Jason DeParle, 2020-08-18

One of The Washington Post's 10 Best Books of the Year A remarkable book...indispensable.--The Boston Globe A sweeping, deeply reported tale of international migration...DeParle's

understanding of migration is refreshingly clear-eyed and nuanced.--The New York Times This is epic reporting, nonfiction on a whole other level...One of the best books on immigration written in a generation.--Matthew Desmond, author of *Evicted* The definitive chronicle of our new age of global migration, told through the multi-generational saga of a Filipino family, by a veteran New York Times reporter and two-time Pulitzer Prize finalist. When Jason DeParle moved into the Manila slums with Tita Comodas and her family three decades ago, he never imagined his reporting on them would span three generations and turn into the defining chronicle of a new age--the age of global migration. In a monumental book that gives new meaning to immersion journalism, DeParle paints an intimate portrait of an unforgettable family as they endure years of sacrifice and separation, willing themselves out of shantytown poverty into a new global middle class. At the heart of the story is Tita's daughter, Rosalie. Beating the odds, she struggles through nursing school and works her way across the Middle East until a Texas hospital fulfills her dreams with a job offer in the States. Migration is changing the world--reordering politics, economics, and cultures across the globe. With nearly 45 million immigrants in the United States, few issues are as polarizing. But if the politics of immigration is broken, immigration itself--tens of millions of people gathered from every corner of the globe--remains an underappreciated American success. Expertly combining the personal and panoramic, DeParle presents a family saga and a global phenomenon. Restarting her life in Galveston, Rosalie brings her reluctant husband and three young children with whom she has rarely lived. They must learn to become a family, even as they learn a new country. Ordinary and extraordinary at once, their journey is a twenty-first-century classic, rendered in gripping detail.
