📖 **LEARNING MOBILE APP DEVELOPMENT** Jakob Iversen,Michael Eierman,2014 Now, one book can help you master mobile app development with both market-leading platforms: Apple’s iOS and Google’s Android. Perfect for both students and professionals, Learning Mobile App Development is the only tutorial with complete parallel coverage of both iOS and Android. With this guide, you can master either platform, or both--and gain a deeper understanding of the issues associated with developing mobile apps. You’ll develop an actual working app on both iOS and Android, mastering the entire mobile app development lifecycle, from planning through licensing and distribution. Each tutorial in this book has been carefully designed to support readers with widely varying backgrounds and has been extensively tested in live developer training courses. If you’re new to iOS, you’ll also find an easy, practical introduction to Objective-C, Apple’s native language.

📖 **TRAINING CAMP** Jon Gordon,2009-04-27 Training Camp is an inspirational story filled with invaluable lessons and insights on bringing out the best in yourself and your team. The story follows Martin, an un-drafted rookie trying to make it in the NFL. He’s spent his entire life proving to the critics that a small guy with a big heart can succeed against all odds. After spraining his ankle in the pre-season, Martin thinks his dream is lost when he happens to meet a very special coach who shares eleven life-changing lessons that keep his dream alive—and might even make him the best of the best. If you want to be your best—Training Camp offers an inspirational story and real-world wisdom on what it takes to reach true excellence and how you and your team (your work team, school team, church team and family team) can achieve it.

📖 **CTRL ALT DELETE** Mitch Joel,2013-05-21 The DNA of business has changed. Forever. You can blame technology, smartphones, social media, online shopping and everything else, but nothing changes this reality: we are in a moment of business purgatory. So, what are you going to do about it? Mitch Joel, one of the world’s leading experts in new media, warns that the time has come to CTRL ALT DELETE. To reboot and to start re-building your business model. If you don’t, Joel warns, not only will your company begin to slide backwards, but you may find yourself unemployable within five years. That’s a very strong warning, but in his new book, CTRL ALT DELETE, Joel explains the convergence of five key movements that have changed business forever. The movements have already taken place, but few businesses have acted on them. He outlines what you need to know to adapt right now. He also points to the seven triggers that will help you take advantage of these game-changing factors to keep you employable as this new world of business unfolds. Along the way, Joel introduces his novel concept of squiggle which explains how you can learn to adapt your personal approach to your career, as new technology becomes the norm. In short, this is not a book about change management but rather a book about changing both you AND your business model.
