The Line Tender Kate Allen, 2020-04-21 Funny, poignant, and deeply moving, *The Line Tender* is a story of nature's enduring mystery and a girl determined to find meaning and connection within it. Wherever the sharks led, Lucy Everhart's marine-biologist mother was sure to follow. In fact, she was on a boat far off the coast of Massachusetts, collecting shark data when she died suddenly. Lucy was seven. Since then Lucy and her father have kept their heads above water--thanks in large part to a few close friends and neighbors. But June of her twelfth summer brings more than the end of school and a heat wave to sleepy Rockport. On one steamy day, the tide brings a great white--and then another tragedy, cutting short a friendship everyone insists was meaningful but no one can tell Lucy what it all meant. To survive the fresh wave of grief, Lucy must grab the line that connects her depressed father, a stubborn fisherman, and a curious old widower to her mother's unfinished research on the Great White's return to Cape Cod. If Lucy can find a way to help this unlikely quartet follow the sharks her mother loved, she'll finally be able to look beyond what she's lost and toward what's left to be discovered. □Confidently voiced.—Kirkus Reviews, starred □Richly layered.—Publishers Weekly, starred □A hopeful path forward.—Booklist, starred □Life-affirming.—BCCB, starred □Big-hearted. —Bookpage, starred □“Will appeal to just about everyone.” – SLC, starred □Exquisitely, beautifully real.—Shelf Awareness, starred

The Fourth Child Jessica Winter, 2021-03-09 “A beautifully observed and thrillingly honest novel about the dark corners of family life and the long, complicated search for understanding and grace.” —Jenny Offill, author of *Dept. of Speculation* and *Weather* “The Fourth Child is keen and beautiful and heartbreaking—an exploration of private guilt and unexpected obligation, of the intimate losses of power embedded in female adolescence, and of the fraught moments of glancing divinity that come with shouldering the burden of love.” —Jia Tolentino, New York Times bestselling author of *Trick Mirror* “A remarkable family saga . . . The Fourth Child is a balm—a reminder that it is possible for art to provide a nuanced exploration of life itself.” —Rumaan Alam, author of *Leave the World Behind* and *Rich and Pretty* The author of *Break in Case of Emergency* follows up her “extraordinary debut” (*The Guardian*) with a moving novel about motherhood and marriage, adolescence and bodily autonomy, family and love, religion and sexuality, and the delicate balance between the purity of faith and the messy reality of life. Book-smart, devoutly Catholic, and painfully unsure of herself, Jane becomes pregnant in high school; by her early twenties, she is raising three children in the suburbs of western New York State. In the fall of 1991, as her children are growing older and more independent, Jane is overcome by a spiritual and intellectual restlessness that leads her to become involved with a local pro-life group. Following the tenets of her beliefs, she also adopts a little girl from Eastern Europe. But Mirela is a difficult child. Deprived of a loving caregiver

in infancy, she remains unattached to her new parents, no matter how much love Jane shows her. As Jane becomes consumed with chasing therapies that might help Mirela, her relationships with her family, especially her older daughter, Lauren, begin to fray. Feeling estranged from her mother and unsettled in her new high school, Lauren begins to discover the power of her own burgeoning creativity and sexuality—a journey that both echoes and departs from her mother's own adolescent experiences. But when Lauren is confronted with the limits of her youth and independence, Jane is thrown into an emotional crisis, forced to reconcile her principles and faith with her determination to keep her daughters safe. *The Fourth Child* is a piercing love story and a haunting portrayal of how love can shatter—or strengthen—our beliefs.

The Hardest Fall Ella Maise, 2022-10-27 In the game of love you can't afford to drop the ball... Zoe's always been shy. At college, to try to help her, her friend dares her to do the craziest thing she can think of... kiss a random guy. She follows Dylan into a room she thinks is a classroom and ends up seeing a little too much of him. She can hardly kiss him now... not when after their embarrassing encounter and certainly not after he tells her he has a girlfriend. But when he finds out about the dare, the two make a pact... if they ever cross paths again – and they're both single – they'll kiss. Two years later, fate intervenes, and they end up as accidental roommates. Now Zoe's seeing a lot more of Dylan than she bargained for and it's even harder to resist peeking the second time round.

Septology Jon Fosse, 2022-10-01 The celebrated Norwegian novelist's magnum opus, shortlisted for the International Booker Prize, published in one volume for the first time. What makes us who we are? And why do we lead one life and not another? Asle, an ageing painter and widower who lives alone on the southwest coast of Norway, is reminiscing about his life. His only friends are his neighbour, Åsleik, a traditional fisherman-farmer, and Beyer, a gallerist who lives in the city. There, in Bjørgvin, lives another Asle, also a painter but lonely and consumed by alcohol. Asle and Asle are doppelgängers – two versions of the same person, two versions of the same life, both grappling with

existential questions about death, love, light and shadow, faith and hopelessness. Jon Fosse's *Septology* is a transcendent exploration of the human condition, and a radically other reading experience - incantatory, hypnotic and utterly unique. 'Jon Fosse is a major European writer.' - Karl Ove Knausgaard 'The Beckett of the twenty-first century.' - *Le Monde* 'An extraordinary seven-novel sequence about an old man's recursive reckoning with the braided realities of God, art, identity, family life and human life itself...the culminating project of an already major career.' - Randy Boyagoda, *New York Times* 'A major work of Scandinavian fiction ...Fosse has written a strange mystical moebius strip of a novel, in which an artist struggles with faith and loneliness, and watches himself, or versions of himself, fall away into the lower depths.' - Hari Kunzru 'I hesitate to compare the experience of reading these works to the act of meditation. But that is the closest I can come to describing how something in the critical self is shed in the process of reading Fosse, only to be replaced by something more primal. A mood. An atmosphere. The sound of words moving on a page.' - Ruth Margalit, *The New York Review of Books*

Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Missing Out Adam Phillips, 2013-01-22 A transformative book about the lives we wish we had and what they can teach us about who we are All of us lead two parallel lives: the one we are actively living, and the one we feel we should have had or might yet have. As hard as we try to exist in the moment, the un-lived life is an inescapable presence, a shadow at our heels. And this itself can become the story of our lives: an elegy to unmet needs and sacrificed desires. We become haunted by the myth of our own potential, of what we have in ourselves to be or to do. And this can make of our lives a perpetual falling-short. But what happens if we remove the idea of failure from the equation? With his flair for graceful paradox, the acclaimed psychoanalyst Adam Phillips suggests that if we accept frustration as a way of outlining what we really want, satisfaction suddenly becomes possible. To crave a life without frustration is to crave a life without the potential to identify and accomplish our desires. In this elegant, compassionate, and absorbing book, Phillips draws deeply on his own clinical experience as well as on the works of Shakespeare and Freud, of D. W. Winnicott and William James, to suggest that frustration, not getting it, and and getting away

with it are all chapters in our unlived lives—and may be essential to the one fully lived.

When to Jump Mike Lewis, 2018-01-09 “A lively and inspiring guidebook for anyone who wants to make the jump from normal to extraordinary.” —Tony Robbins, #1 New York Times bestselling author of *Unshakeable* and *MONEY: Master the Game* An inspirational book that lays out the “Jump Curve”—four steps to wholeheartedly pursuing the career of your dreams—through experiences from a variety of people who have jumped and never looked back When Mike Lewis was twenty-four and working in a prestigious corporate job, he eagerly wanted to leave and pursue his dream of becoming a professional squash player. But he had questions: When is the right time to move from work that is comfortable to a career you have only dared to dream of? How have other people made such a jump? What did they feel when making that jump—and afterward? Mike sought guidance from others who had “jumped,” and the responses he got—from a banker who started a brewery, a publicist who became a Bishop, a garbage collector who became a furniture designer, and on and on—were so clear-eyed and inspiring that Mike wanted to share what he had learned with others who might be helped by those stories. First, though, he started playing squash professionally. The right book at the right time, *When to Jump* offers more than forty heartening stories (from the founder of Bonobos, the author of *The Big Short*, the designer of the Lyft logo, the Humans of New York creator, and many more) and takeaways that will inspire, instruct, and reassure, including the ingenious four-phase Jump Curve.

The Origin of Consciousness in the Breakdown of the Bicameral Mind Julian Jaynes, 2000-08-15 National Book Award Finalist: “This man’s ideas may be the most influential, not to say controversial, of the second half of the twentieth century.”—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes’s still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. “Don’t be put off by the academic title of Julian Jaynes’s *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor.”—The New York Times “When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis.”—John Updike, *The New Yorker* “He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior.”—American Journal of Psychiatry
