This Small Blue Dot Zeno Swarder, 2021-01-12 A little girl explores all of the funny, strange, and wonderful things that make living on Earth so special in this beautifully illustrated children's story. With a strong message of hope, interconnectedness, and empowerment, *This Small Blue Dot* features a little girl explaining the world to her baby sister. She hits on small wonders, big lessons, and everything in between, from sharing the joy of silly dances to contemplating the nature of this "small blue dot" we all live on. Author and illustrator Zeno Swarder, who hails from a multicultural background, wrote this story when his daughter was unable to find picture books with characters who looked like her. His precocious young narrator has opinions on plenty of things: nature and the environment, embracing difference, the power of imagination—and the trouble with broccoli. Rich pencil and crayon illustrations conjure up memories of childhood in this celebration of who we are, where we come from, and where our dreams may take us. In *This Small Blue Dot*, Swarder captures not only life lessons but also the fun, often strange experience of being a member of the human family on planet Earth.

The Hurrier I Go, the Behinder I Get Blue Press, 2020-01-25 6 x 9, 106 page journal Alice in Wonderland/White Rabbit theme 365 Day Planner Undated so you can start at any time Self Improvement Positive Affirmations Starting anew every day Makes a great gift

Sled Driver Brian Shul, Sheila Kathleen O'Grady, 1991 No aircraft ever captured the curiosity & fascination of the public like the SR-71 Blackbird. Nicknamed The Sled by those few who flew it, the aircraft was shrouded in secrecy from its inception. Entering the U.S. Air Force inventory in 1966, the SR-71 was the fastest, highest flying jet aircraft in the world. Now for the first time, a Blackbird pilot shares his unique experience of what it was like to fly this legend of aviation history. Through the words & photographs of retired Major Brian Shul, we enter the world of the

Sled Driver. Major Shul gives us insight on all phases of flying, including the humbling experience of simulator training, the physiological stresses of wearing a space suit for long hours, & the intensity & magic of flying 80,000 feet above the Earth's surface at 2000 miles per hour. SLED DRIVER takes the reader through riveting accounts of the rigors of initial training, the gamut of emotions experienced while flying over hostile territory, & the sheer joy of displaying the jet at some of the world's largest airshows. Illustrated with rare photographs, seen here for the first time, SLED DRIVER captures the mystique & magnificence of this most unique of all aircraft.

In the Time of the Butterflies Julia Alvarez, 2010-01-12
Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo. (Concepción de León, New York Times) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—the Butterflies. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. Alvarez helped blaze the trail for Latina authors to

break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas.—Francisco Cantú, *The New York Times Book Review* This Julia Alvarez classic is a must-read for anyone of Latinx descent. —Popsugar.com A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion. —People Shimmering . . . Valuable and necessary. —Los Angeles Times A magnificent treasure for all cultures and all time.” —St. Petersburg Times Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed.—Cosmopolitan.com

Engage Literacy, Teacher's Resource Lisa Thorpe, Lauren White, 2011-01-01 This extended teacher resource tool includes detailed teaching notes for each of the 34 Emergent and Early titles from the Red set. Teaching notes include whole and small group instruction. Engagement for English Language Learners, multiple assessments for each title. Ten Magic Butterflies Danica McKellar, 2019-02-12 Learn at home with help from *The Wonder Years*/Hallmark actress, math whiz, and New York Times bestselling author Danica McKellar using her acclaimed McKellar Math books! Fairies, butterflies, and magic help to make this math-focused board book positively enchanting! Join ten flower friends for a night of excitement that mixes a little math with a lot of magic. As each flower turns into a butterfly, children will discover different ways to group numbers to create ten, an essential building block of math, all while watching each flower's dream come true. (And keep an eye out for the adorable caterpillar who wishes he could fly, too!) In this, the second book in the McKellar Math line, Danica McKellar once again

sneaks in secret addition and subtraction concepts to help make your child smarter and uses her proven math success to show children that loving numbers is as easy as a wave of a wand and a BING BANG BOO! [Danica McKellar's] bringing her love of numbers to children everywhere. --Brightly on Goodnight, Numbers Danica McKellar is now on a mission to make math fun for even the youngest of kids. --L.A. Parent Magazine Don't Miss Even More Math Fun in Bathtime Mathtime!

The Weekly Curriculum Barbara Backer, 2003 What's your plan? If you're not sure, this great big book has the answer! With 52 weekly plans, it's easy to come up with appropriate learning experiences that children will love. This essential classroom resource covers special holidays, seasonal topics, everyday plans, and other things you've probably never thought of, such as National Pretzel Month or National Pancake Day!

The Storytime Handbook Nina Schatzkamer Miller, 2014-01-13 Fresh, fun ideas for children's storytime fill this book. The author, a long-time storytime facilitator, has put together 52 weekly themes plus additional plans for holidays, all with detailed instructions for talking about the theme and choosing the books, crafts, songs, poems, games and snacks. Each storytime idea is illustrated with photographs of a suggested craft and snack for easy reference. Libraries, bookstores, preschools and parents alike can use this book to offer themed storytimes that include discussion, literature, art, music, movement and food. Options are provided for each storytime, so the ideas can be used year after year.

The Diving Bell and the Butterfly Jean-Dominique Bauby, 2008-03-06 A triumphant memoir by the former editor-in-chief of French Elle that reveals an indomitable spirit and celebrates the liberating power of consciousness. In 1995, Jean-Dominique Bauby was the editor-in-chief of French Elle, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the

brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an inexhaustible reservoir of sensations, keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.

Figurations of Exile in Hitchcock and Nabokov Barbara Straumann, 2008-12-16 This book makes an important contribution to cultural analysis by opening up the work of two canonical authors to issues of exile and migration. Barbara Straumann's close reading of selected films and literary texts focuses on *Speak, Memory*, *Lolita*, *The Real Life of Sebastian Knight*, *Suspicion*, *North by Northwest* and *Shadow of a Doubt* and explores the connections between language, imagination and exile. Invoking psychoanalysis as the principal discourse of dislocation, the book not only uses concepts such as 'screen memory', 'family romance', 'fantasy' and 'the uncanny' as hermeneutic foils, it also argues that, in their own ways, the arch-parodists Hitchcock and Nabokov are remarkably in tune with the images and tropes developed by Freud.

The Little Butterfly That Could (A Very Impatient Caterpillar Book) Ross Burach,2021-04-06 WHAT IF I CAN'T? "Will elicit plenty of giggles. -- Kirkus Reviews Which way to the flowers? That way. 200 miles. How am I supposed to travel that far?! You fly. Can I take a plane? No. Then I'll never make it! This comical companion to Ross Burach's *The Very Impatient Caterpillar* pays loving homage to every child's struggle to persist through challenges while also delivering a lighthearted lesson on butterfly migration. Remember, if at first you don't succeed, fly, fly again!

California Blue David Klass,1994 When seventeen-year-old John Rodgers discovers a new sub-species of butterfly which may necessitate closing the mill where his dying father works, they find themselves on opposite sides of the environmental conflict.

Chance and the Butterfly Maggie De Vries,2011-05-01 Chance, who struggles to connect with his new foster family, becomes excited about his new school when his third-grade science class begins to take care of a group of caterpillars until they become butterflies.

Butterfly Park Elly MacKay,2015-05-05 Elly MacKay's luminous paper-cut illustrations and enchanting story encourage community, friendship, and wonderment in the beauty of everyday life.

Goodnight, Butterfly (A Very Impatient Caterpillar Book) Ross Burach,2022-08-02 "Everyone's favorite frantic insect is back . . . this time trying to sleep." — Kirkus Reviews This laugh-out-loud companion to *The Very Impatient Caterpillar* and *The Little Butterfly That Could* is perfect for bedtime—or any time! A delightful complement to the classic, *Goodnight, Moon!* Who needs to sleep at night, anyway? There's so much I'd miss! I'll just be nocturnal too. What do you think? I think we need to get you back to sleep. Readers will laugh themselves silly as they learn to find their inner calm and settle for sleep—even when they wake in the night—as they also discover the difference between nocturnal and diurnal animals.

A Box of Butterflies Jo Rooks, 2021-08-24 I love that story, said Ruby. Did you love it too? Robot is just a machine. Robot cannot feel love. Robot paused for a moment and said, What does love feel like? When Ruby asks Robot if he loved the story as much as she did, he tells her that he doesn't know what love is. If it's not something he can see, then what could it be? Ruby describes emotions to her Robot. She teaches him what each feels like ("love feels like a box of butterflies!") and when she feels them ("I sometimes feel that way when I'm told no more TV!"). With colorful metaphors and vibrant imagery, *A Box of Butterflies* takes the reader on a journey of self-discovery and emotional reflection, identifying not just love, but jealousy, anger, worry, and a host of other emotions. Included is a Note to Parents and Caregivers by Elizabeth McCallum, PhD, that further explores the importance of learning about emotions.

Olmo and the Blue Butterfly Alma Flor Ada, 1995 A boy in pursuit of a blue butterfly discovers that it was really always with him.

Lord of the Butterflies Andrea Gibson, 2018-11-27 Andrea Gibson's latest collection is a masterful showcase from the poet

whose writing and performances have captured the hearts of millions. With artful and nuanced looks at gender, romance, loss, and family, *Lord of the Butterflies* is a new peak in Gibson's career. Each emotion here is deft and delicate, resting inside of imagery heavy enough to sink the heart, while giving the body wings to soar.

Common Core Standards in Diverse Classrooms Jeff Zwiers, Susan O'Hara, Robert Pritchard, 2023-10-10 The Common Core State Standards require students to do more with knowledge and language than ever before. Rather than be mere consumers of knowledge, students must now become creators, critics, and communicators of ideas across disciplines. Yet in order to take on these new and exciting roles, many students need daily teaching with an extra emphasis on accelerating their academic communication skills. *Common Core Standards in Diverse Classrooms: Essential Practices for Developing Academic Language and Disciplinary Literacy* describes seven research-based teaching practices for developing complex language and literacy skills across grade levels and disciplines: using complex texts, fortifying complex output, fostering academic interaction, clarifying complex language, modeling, guiding, and designing instruction. Most important, you will find clear descriptions and examples of how these essential practices can-;and should-;be woven together in real lessons. The book: Clarifies how to support the learning of complex language that students need for reaching Common Core and other standards Provides practical ways to realize the instructional shifts needed with the implementation of new standards in diverse classrooms Includes frameworks and descriptions on how to develop students' complex language, speaking, and writing Helps maximize strategies and tools for building system-wide capacity for sustained growth in the practices *Common Core Standards in Diverse Classrooms* is a concise guide for helping us improve our practices to strengthen two vital pillars that support student learning: academic language

and disciplinary literacy.
