Hear Our Voices, We Entreat Max Cryer, 2004-01-01

The story of God Defend New Zealand is a curious one. After enterprising Irish settler Thomas Bracken penned the words, he held a competition for people to compose the music. The winner was John Joseph Woods, an obscure schoolteacher from Lawrence, central Otago. The story of its acceptance as our national anthem was long and fraught; there were many rivals, and dozens of songs purporting to be 'New Zealand's national song' were written and published. It was not until 1972 that God Defend New Zealand was first heard at an Olympic Games (when the rowing eight won gold), and it took a further five years before it officially became one of our two national anthems. Max Cryer tells the full story of the rise, fall, rise and fall again of God Defend New Zealand, unearthing many fascinating and little-known facts along the way, and correcting some popular misconceptions. Heavily illustrated, this delightful book will enlighten, astonish and entertain.

Star Spangled Banner (ENHANCED eBook) Douglas M. Rife,1998-03-01 There are about as many people who know the remarkable history behind our national anthem as can actually sing it. Take your students back to the battle at Fort McHenry and reveal the true meaning and importance of this famous poem. Includes crosswords, mapping activities and comprehension Q and As.

Tawhai,2010-03-01 Weeping Waters is a must read for anyone who wants to be informed about the current debate regarding the Treaty of Waitangi and a constitution for Aotearoa New Zealand. The book features essays from eighteen well-known and respected Maori figures including Professor Margaret Mutu, Bishop Muru Walters, Judge Caren Fox and lawyer Moana Jackson. This is the first book in recent years to offer a M?ori opinion on the subject of constitutional change. It shows how M?ori views have been ignored by successive governments and the courts and how M?ori have attempted to address constitutional issues in the past. Patriotism and Nationalism in Music Education

David G. Hebert, Alexandra Kertz-Welzel, 2016-05-13
Music has long served as an emblem of national identity in educational systems throughout the world. Patriotic songs are commonly considered healthy and essential ingredients of the school curriculum, nurturing the respect, loyalty and 'good citizenship' of students. But to what extent have music educators critically examined the potential benefits and costs of nationalism?

Globalization in the contemporary world has revolutionized the nature of international relationships, such that patriotism may merit rethinking as an objective for music education. The fields of 'peace studies' and 'education for international understanding' may better reflect current values shared by the profession, values that often conflict with the nationalistic impulse. This is the first book to introduce an international dialogue on this important theme; nations covered include Germany, the USA, South Africa, Australia, Finland, Taiwan, Singapore and Canada.

The Auckland University Press Anthology of New Zealand Literature Jane Stafford, Mark Williams, 2013-11-01 From the earliest records of exploration and encounter to the globalized, multicultural present, this compilation features New Zealand's major writing, from Polynesian mythology to the Yates' Garden Guide, from Allen Curnow to Alice Tawhai, and from Wiremu Te Rangikaheke's letters to Katherine Mansfield's notebooks. Including fiction, nonfiction, letters, speeches, novels, stories, comics, and songs, this imaginative selection provides new paths into New Zealand writing and culture.

The New Zealand Official Year-book ,2010

This Realm of New Zealand Janet McLean, Alison Quentin-Baxter, 2017-12-11 New Zealand is a democratic constitutional monarchy, one of Queen Elizabeth II's sixteen realms. This book provides a comprehensive account of how the Queen, the Governor-General and the Crown interact with our democratically-elected leaders under New Zealand's

unwritten constitution. The authors explain how these islands in the South Pacific were first brought within Queen Victoria's dominions, the arrangements then made for their future government, and how those arrangements developed over time with the pressure for democracy and responsible government to become New Zealand's current constitution. They discuss the responsibilities of, and interactions between, the key office-holders: the Sovereign herself; her representative, the Governor-General; the impersonal and perpetual Crown, and the Prime Minister, other Ministers and Members of Parliament. All of them affect in some way the government which runs the country day to day. In an afterword, the authors examine some of the key issues to be considered should New Zealand become a republic. The parliamentary democracy that we take for granted can conceal New Zealand's ultimate constitutional underpinnings in the monarchy. But, as the authors make clear, the monarchy's continuing role in New Zealand's constitution is significant. And understanding the roles of the Queen, the Governor-General and the Crown will be critical as we look forward to debates about the possibility of a republic in New Zealand.
