This instructional book includes floor gymnastics, back bends, poses, and stretches--and proves that belly dancing can be as easy and fulfilling as yoga.

Bellydance Dolphina, 2004-12-01 The book provides a structured approach to learning the basics of bellydance and the author's unique bellydance exercise routine, known as the Goddess Workout. The moves are presented in three levels, each one progressing in difficulty, followed by three specially choreographed routines that combine all the moves in a dance sequence. There is also information on having a bellydance party and guidelines for performing, both for a group -- and more seductively -- for a partner. Resource pages at the end of the book provide useful contacts for buying music, costume, and accessories by mail order.

**Bellydance** Dolphina, 2005 & High profile author: The author, Dolphina, has built a successful empire on bellydance and attracted many celebrity clients, including Salma Hayek, Minnie Driver, Heather Locklear, Pamela Anderson, Carmen Electra, and Alyssa Milano. & & A new approach to fitness Bellydance as a way to keep fit is growing in popularity as more and more gyms offer classes. The American Council on Exercise, who monitor fitness trends, predict that interest in it will continue to grow, especially as people begin to exercise not only to look good, but to feel good, too. & & Established market: The author has an established international following. Her DVDs sell well, and she sells a range of bellydance-related products (to buyers as far afield as Antarctica) through her website. &

& Presented in the same winning format that has been key to the success of other titles in the series, such as Pilates Body in Motion and Dynamic Yoga.

Grandmother's Secrets Rosina-Fawzia B. Al-Rawi, 1999 Come, sit next to me, says Grandmother. Take this chalk in your hand. Now draw a dot and concentrate all your energy into this one dot. It is the beginning and the end, the navel of the world. So Fawzia Al-Rawi describes her grandmother's first lesson about the ancient craft of Oriental dance. Grandmother's Secrets always circles back to the grandmother and this young girl, echoing the circular movements of the dance itself. Al-Rawi has written a strikingly graceful and

original book that blends personal memoir with the history and theory of her dance known in the West as belly dancing. It is the story of a young Arab girl as she is initiated into womanhood. It is a history of the dance from the earliest times through the days of the Pharaohs, the Roman Empire, to the Arab World of the last three centuries. It is a personal investigation into the effects of the dance's movements on individual parts of the body and the whole psyche. It is a guide to the actual techniques of the dance for those who are inspired to put down the book and move. Al-Rawi conveys in this book not only the history and technique of grieving and mourning dances, pregnancy and birth dances, but the spirit of these age-old rituals, and their possibilities for healing and empowering women today.

**Belly Dance for Health, Happiness and Empowerment** Tina Hobin, 2015-08-28 The intention of this book is to inspire men & women to enhance their self-awareness, to overcome common health problems and improve their health and general wellbeing through the ancient art of the belly dance. It helps readers to understand how the body works, the root causes of illness and how by taking up belly dancing it will help to stimulate the body's healing process, restore and enhance their appearance, revitalize, rejuvenate and help to promote a longer life expectancy and independence in old age.

Belly dancing also relieves menstrual problems and has been shown to be extremely useful during pregnancy and childbirth. On the emotional side belly dancing increases the libido and has enabled women to overcome self-esteem issues and regain healthy feelings of sensuality and sexuality. Belly Dancing covers all aspects of this ancient art, beginning with its origins and mythical connections to the moon goddess. The authors provide practical instructions and easy-to-follow photographs for the most important dance movements as well as guidance in costuming and related accoutrements.
