Godfather Gene D. Phillips, 2014-04-23 This critical biography by the acclaimed film historian is “certainly the definitive work on the director” behind *The Godfather* and *Apocalypse Now* (Publishers Weekly). Gene Phillips blends biography, studio history, and film criticism to complete the most comprehensive work on Coppola ever written. The force behind such popular and critically acclaimed films as *Rumble Fish* and the *Godfather* trilogy, Coppola has imprinted his distinct style on each of his movies and on the landscape of American popular culture. In *Godfather*, Phillips argues that Coppola has repeatedly bucked the Hollywood factory system in an attempt to create distinct films that reflect his own artistic vision—often to the detriment of his career and finances. Phillips conducted interviews with the director and his colleagues and examined Coppola's production journals and screenplays. Phillips also reviewed rare copies of Coppola's student films, his early excursions into soft-core pornography, and his less celebrated productions such as *One from the Heart* and *Tucker: The Man and His Dream*. The result is the definitive assessment of one of Hollywood's most enduring and misunderstood mavericks.

Leave the Gun, Take the Cannoli Mark Seal, 2021-10-19 This “wickedly pacey page-turner” (Total Film) unfurls the behind-the-scenes story of the making of *The Godfather*, fifty years after the classic film's original release. The story of how *The Godfather* was made is as dramatic, operatic, and entertaining as the film itself. Over the years, many versions of various aspects of the movie's fiery creation have been told—sometimes conflicting, but always compelling. Mark Seal sifts through the evidence, has extensive new conversations with director Francis Ford Coppola and several heretofore silent sources, and complements them with colorful interviews with key players including actors Al Pacino, James Caan, Talia Shire, and others to write “the definitive look at the making of an American classic” (Library Journal, starred review). On top of the usual complications of filmmaking, the creators of *The Godfather* had to contend with the real-life members of its subject matter: the Mob. During production of the movie, location permits

were inexplicably revoked, author Mario Puzo got into a public brawl with an irate Frank Sinatra, producer Al Ruddy's car was found riddled with bullets, men with "connections" vied to be in the cast, and some were given film roles. As Seal notes, this is the tale of a "movie that revolutionized filmmaking, saved Paramount Pictures, minted a new generation of movie stars, made its struggling author Mario Puzo rich and famous, and sparked a war between two of the mightiest powers in America: the sharks of Hollywood and the highest echelons of the Mob." "For fans of books about moviemaking, this is a definite must-read" (Booklist).
