**Victim Prime** Robert Sheckley, 2014-04-01 In 2092 the world's ecology is in ruins, drought and famine are widespread, and survival is a never-ending challenge. Harold Erdman leaves his dying community with one goal: to make his way to Esmeralda, an island paradise run by the Huntworld Corporation, which has turned public murder among willing competitors into a thriving and lucrative business. Can he survive the journey and the many rounds of deadly competition on his way to the Big Payoff? His neighbors' lives, as well as his own, hang in the balance. Hilarious, savagely funny, and imaginative, this is Sheckley at his best! From the very beginning of his career, Robert Sheckley was recognized by fans, reviewers, and fellow authors as a master storyteller and the wittiest satirist working in the science fiction field. Open Road is proud to republish his acclaimed body of work, with nearly thirty volumes of full-length fiction and short story collections. Rediscover, or discover for the first time, a master of science fiction who, according to the New York Times, was "a precursor to Douglas Adams."

**Me 1 Arthritis O** Brandon Wilkinson,2008-05 In his early twenties, Brandon Wilkinson received a shocking diagnosis: he had arthritis. Life took a sudden and devastating turn as he coped with chronic pain and the knowledge that he needed immediate hip replacement surgery. Yet as he struggled against the pain throughout his body, Wilkinson made a conscious decision to win the fight. With emotional depth and a maturity beyond his years, Wilkinson delves into the difficult days following his

diagnosis in Me 1 Arthritis 0. He tells of how friends, family, and co-workers greeted the news with varying degrees of support, sympathy, and even pity, and he shares the emotional upheaval that he experienced in every aspect of his life. After his successful surgery, Wilkinson changed his life: he adopted better eating habits, pain-management techniques, and an improved mental attitude. In the end, Wilkinson triumphed over his disease and today lives a pain-free life. Dark and edgy with splashes of humor, this memoir is a must-read for all arthritis sufferers. Wilkinson's courage and strength brilliantly capture the true essence of the human spirit and will inspire anyone living with the physical and mental aspects of chronic pain.
