**The Gold Card Brigade** Steven Illingworth, 2022-06-30 The crowds at English county cricket matches are dominated by senior citizens. Some media commentators can make rather dismissive and patronising comments about these spectators, using terms like the Gold Card Brigade, from the name used for the pensioners' bus pass in some parts of the country. This book argues that senior cricket spectators deserve more respect. It is an observation of how these spectators behave, both individually and collectively, and a reflection on the conversations they have while they are watching cricket. The book provides an affectionate tribute to the enthusiasm, wisdom and stoicism of the older generation at our county grounds and an invitation to all of us to make sure that we value and treasure these loyal spectators.

Leah lebt ihren Traum: Sie arbeitet als Goldschmiedin in ihrem eigenen Juwelierladen in einer luxuriösen Geschäftspassage in Moskau. Ihre extravaganten Schmuckstücke begeistern ihre anspruchsvolle Kundschaft, die Damen der Moskauer High Society. Doch der attraktive Herr mit der dunklen Aura ist gekommen, um ein Schmuckstück der besonderen Art in Auftrag zu geben. Er überreicht ihr eine goldene Karte und ist so schnell wieder verschwunden, wie er aufgetaucht ist. Während Leah an dem außergewöhnlichen Auftrag feilt, kann sie nicht aufhören, an den geheimnisvollen Mann zu denken, bis sie unweigerlich in seine dunkle Welt hineinschlittert. **Tales from the Chargers Sideline** Sid Brooks, Gerri Brooks, 2017-09-12 During his 27-year tenure with the Chargers, beloved equipment manager Sid Brooks kept more than 5,000 football players from appearing naked before their cheering fans. The first African American to hold the job of equipment manager in the NFL, Brooks was tasked with seeing that each player left the locker room in uniform. But the means to that end was far more complicated—and outrageous—than one would believe. In *Tales from the Chargers Locker Room*, Sid recounts stories unique to a life spent working behind the scenes in the Chargers locker room. He features stories about Chargers greats like Dan Fouts, Charlie Joiner, Kellen Winslow, Louie Kelcher, John Jefferson, Rodney Harrison, and Junior Seau. With an eye for detail, he recounts tales of spies sent out to capture the opposing team's playbooks; the night the lights went out on Don Shula; wild cab rides; the zany pregame rituals and idiosyncrasies; rivalries born not on the playing field, but at the dominoes table; and plenty of pranks and good-natured ribbing. Brimming with hilarity, insight, and fascinating behind-the-scenes stories, *Tales from*

the Chargers Locker Room is a must-read for every Chargers devotee.

Changing Customs Mr. Michael Keen, 2003-10-20 This paper, based on the considerable practical experience of the IMF's Fiscal Affairs Department, sets out a successful strategy for modernizing customs administration. The essence is to establish transparent and simple rules and procedures, and to foster voluntary compliance by building a system of self-assessment supported by well-designed audit policies. Having set out this strategy--and its benefits--the paper discusses in depth what is required in terms of trade policy, valuation procedures, dealing with duty reliefs and exemptions, controlling transit movements, organizational reform, use of new technologies, private sector involvement, and designing incentive systems for an effective customs administration.

Electronic Value Exchange David L. Stearns, 2011-01-04 Electronic Value Exchange examines in detail the transformation of the VISA electronic payment system from a collection of non-integrated, localized, paper-based bank credit card programs into the cooperative, global, electronic value exchange network it is today. Topics and features: provides a history of the VISA system from the mid-1960s to the early 1980s; presents a historical narrative based on research gathered from personal documents and interviews with key actors; investigates, for the first time, both the technological and social infrastructures necessary for the VISA system to operate; supplies a detailed case study, highlighting the mutual shaping of technology and social relations, and the influence that earlier information processing practices have on the way firms adopt computers and telecommunications; examines how "gateways" in transactional networks can reinforce or undermine established social boundaries, and reviews the establishment of trust in new payment devices.
