Golden Retriever Care Canine Care, 2016-09-04 Golden Retriever Care: The Complete Guide to Caring for and Keeping Golden Retrievers as Pets The Golden Retriever is one of the most popular breeds of dog in the United States of America and United Kingdom. The Golden Retriever is a large breed of dog. It was bred for the purpose of being a gun dog that would be able to retrieve shot waterfowl, ducks and upland game during hunting and shooting parties. The breed has been called 'retriever' due to the fact that they are capable of retrieving the prey without damaging it. They have a dense inner coat that allows them to stay warm in the outdoors and an outer coat that repels water. The Golden Retriever is a long-haired breed and shed copiously if not groomed on a regular basis. They are a highly intelligent breed and are often trained to be disability dogs (caring for the deaf and blind), search and rescue dogs, detection dogs and as previously mentioned hunting dogs. There are three types of Golden Retriever: The American type, the British type and the Canadian type. Thank you for purchasing our pet care manual on caring for a Golden Retriever. We hope you have found the information both interesting and informative.
