Expression and Literature Songiso Mvalo,2015-12-13 Tumbuka is the dominant language in the Northern Region of Malawi. It is, however, also spoken in large pockets of Kasungu District in the Central Region and also in the Eastern Province of Zambia, and in Lundazi District in particular. Tonga, spoken in Nkhatabay and Nkhotakota, is like a cousin to Tumbuka with a close resemblance in their phonetics. Like other Bantu languages, Tumbuka is very expressive, but can also be very economic in communication or use of words, and yet clearly delivering the desired message. This can be done through the use of idioms, proverbs, or ideophones. This collection is on commonly used Tumbuka ideophones, where an ideophone shall mean a word describing a situation, or a state of affairs, or a set of actions all in one word. It is the intention of this collection to provoke both interest in the use of ideophones as a form of expression in literature and to expound on the richness of Bantu languages.

Zen Fool Ryokan Misao Kodama,Hikosaku Yanagishima,1999-02-15 This collection of Zen poetry by 19th century Japanese Buddhist monk and hermit Ryokan is a masterful exploration of life and nature. Ryokan's zen poems are celebration of the joys and sadness of everyday life. His spare, direct style is remarkable for its immediacy and intimacy. This bilingual collection contains more than 150 of his finest poems in Japanese and Chinese, including his famous lyrical correspondence with the nun Teishin, who befriended him in his later years. It also includes a biographical essay on Ryokan, and useful notes on the poems themselves.

Lost Histories Kirsten L. Ziomek,2020-10-26 A grandson's photo album. Old postcards. English porcelain. A granite headstone. These are just a few of the material objects that help reconstruct the histories of colonial people who lived during Japan's empire. These objects, along with oral histories and visual imagery, reveal aspects of lives that reliance on the colonial archive alone cannot. They help answer the primary question of Lost Histories: Is it possible to write the history of Japan's colonial subjects? Kirsten Ziomek contends that it is possible, and in the process she brings us closer to understanding the complexities of their lives.Lost Histories provides a geographically and temporally holistic view of the Japanese empire from the early 1900s to the 1970s. The experiences of the four least-examined groups of Japanese colonial subjects—the Ainu, Taiwan's indigenous people, Micronesians, and Okinawans—are the centerpiece of the book. By reconstructing individual life histories and following these people as they crossed colonial borders to the metropolis and beyond, Ziomek conveys the dynamic nature of an empire in motion and explains how individuals navigated the vagaries of imperial life.
