Getting Started with Google Apps Paul

Darbyshire, Adam Darbyshire, 2012-02-03 How would you like to share your calendar, access your e-mail, or create and share documents, all online from your smartphone/mobile device, netbook, or desktop? If you answered yes, then you should know that the best of all these online applications and services are being offered for free, from one of the Internet's biggest names, Google. These apps are in an online suite of productivity and fun applications called Google Apps. Getting Started with Google Apps gets you started collaborating and creating with Google's online suite of applications on the Chrome operating system—analogueous to using Microsoft Office on Windows. The differences are that Google Apps and Chrome are mostly free and run entirely on the Web. With this book, you get clear and easy-to-use instructions for getting up and running with basic Google Apps like Gmail, Google Voice, and more. Moreover, you get detailed visuals and step-by-step explanations on the more sophisticated Google apps like Google Docs, Spreadsheets, Presentations, SketchUp, and more. So get going and have some fun while you're at it.

Google Apps Hacks Philipp Lenssen, 2008 Google is challenging the venerable Microsoft Office suite with its own Web-based office applications. This book offers scores of clever hacks and workarounds that enable power users to get more out of various applications.

Reference Reborn Diane Zabel, 2010-12-16 More than 30 stellar authors have contributed to these up-to-date essays on public services librarianship, including timely topics such as new service configurations, the impact of e-resources

in reference and collection development, and innovative outreach. The roles of reference and public librarians are constantly changing. Today, it's not unusual for librarians to also serve as trend trackers, data analysts, project managers, IT troubleshooters, marketers, and staffing specialists. Academic and public libraries across the country are experimenting with new service models to accommodate new technology, budget constraints, and a clientele with new needs and expectations. Not surprisingly, librarians are assuming revised roles as a result. *Reference Reborn: Breathing New Life into Public Services Librarianship* is a collection of over two dozen essays on developments and trends in reference and public services librarianship, highlighting some of the best thinking on reference services, outreach initiatives, the migration from print to e-reference collections, staffing 21st century libraries, library school curriculum, and more. This text will appeal to library and information science students and educators, beginning and seasoned reference librarians and managers of public service departments in academic and public libraries. The education and training of reference librarians receives special attention.
