The End of Fashion Adam Geczy,Vicki Karaminas,2018-11-01 Attitudes to fashion have changed radically in the twenty-first century. Dress is increasingly approached as a means of self-expression, rather than as a signifier of status or profession, and designers are increasingly treated as 'artists', as fashion moves towards art and enters the gallery, museum, and retail space. This book is the first to fully explore the causes and implications of this shift, examining the impact of technological innovation, globalization, and the growth of the internet. *The End of Fashion* focuses on

the ways in which our understanding of fashion and the fashion system have transformed as mass mediation and digitization continue to broaden the way that contemporary fashion is perceived and consumed. Exploring everything from the rise of online shopping to the emergence of bloggers as power elites who have revolutionized the terrain of traditional fashion reportage, this volume anatomizes a world in which runway shows now compete with live-streaming, digital fashion films, Instagram, and Pinterest. Bringing together original, cutting-edge contributions from leading international scholars, this book is essential reading for students and scholars of fashion and cultural studies, as well as anyone interested in exploring the dramatic shifts that have shaken the fashion world this century – and what they might say about larger changes within an increasingly global and digital society.

Never Stop Simba Sana, 2017-09-12 A memoir from the cofounder of the nation's largest black-owned chain of bookstores. "A candid testimony of struggle and achievement." –Kirkus Reviews Never Stop is the wrenching memoir of Simba Sana, the cofounder and former leader of Karibu Books, a major indie-bookselling phenomenon and perhaps the most successful black-owned company in the history of the book industry. In this memoir, Sana reveals how his experience with Karibu jumpstarted his lifelong journey to better understanding himself, human nature, faith, and American culture—which ultimately helped him develop the powerful personal philosophy that drives his life today. Born Bernard Sutton in Washington, DC, Sana grew up in the cycle of poverty and violence that dominated inner-city life in the seventies and eighties. Sana's academic success got him into college, where his life increasingly embodied the contradictions that plagued his youth. Committed to

self-improvement and self-discipline, he grew into a successful businessman while becoming an impassioned Black Nationalist and Pan-Africanist. He lived the corporate life at Ernst & Young by day while leading radical consciousness-raising groups by night. Building Karibu became Sana's opportunity to bind the disparate elements of his life together. Ultimately, though, the paradoxes in his identity and his accumulated emotional wounds confounded his effort to overcome his business reversals, and everything Sana built—his marriage, family, and business—was lost in an incredibly brief period of time. Sana had to rebuild his life—and his identity—and set out to do so in a way that focused principally on the meaning and importance of love. "Hands down one of the best explorations into the Black male psyche I've ever read." —Essence

Translating Blackness Lorgia García Peña, 2022-08-29 In *Translating Blackness* Lorgia García Peña considers Black Latinidad in a global perspective in order to chart colonialism as an ongoing sociopolitical force. Drawing from archives and cultural productions from the United States, the Caribbean, and Europe, García Peña argues that Black Latinidad is a social, cultural, and political formation—rather than solely a site of identity—through which we can understand both oppression and resistance. She

takes up the intellectual and political genealogy of Black Latinidad in the works of Frederick Douglass, Gregorio Luperón, and Arthur Schomburg. She also considers the lives of Black Latina women living in the diaspora, such as Black Dominicana guerrillas who migrated throughout the diaspora after the 1965 civil war and Black immigrant and second-generation women like Mercedes Frías and Milagros Guzmán organizing in Italy with other oppressed communities. In demonstrating that analyses of Black Latinidad must include Latinx people and cultures throughout the diaspora, García Peña shows how the vaivén—or, coming and going—at the heart of migrant life reveals that the nation is not a sufficient rubric from which to understand human lived experiences.

Please Don't Sit on My Bed in Your Outside Clothes Phoebe Robinson, 2021-09-28 "[A]nother hilarious essay collection from Phoebe Robinson." -The New York Times Book Review "Strikes the perfect balance of brutally honest and laugh out loud funny. I didn't want it to end." -Mindy Kaling, New York Times bestselling author of *Why Not Me?* With sharp, timely insight, pitch-perfect pop culture references, and her always unforgettable voice, New York Times bestselling author, comedian, actress, and producer Phoebe Robinson is back with her most must-read book yet. In her brand-new collection, Phoebe shares stories that will make you laugh, but also plenty that will hit you in the heart, inspire a little bit of rage, and maybe a lot of action. That means sharing her perspective on performative allyship, white guilt, and what happens when white people take up space in cultural movements; exploring what it's like to be a woman who doesn't want kids living in a society where motherhood is the crowning achievement of a straight, cis woman's life; and how the dire state of mental health in America means that taking care of one's mental health--aka "self-care"--usually requires disposable money. She also shares stories about her mom slow-poking before a visit with Mrs. Obama, the stupidly fake reassurances of zip-line attendants, her favorite things about dating a white person from the UK, and how the lack of Black women in leadership positions fueled her to become the Black lady boss of her dreams. By turns perceptive, laugh-out-loud funny, and

heartfelt, *Please Don't Sit on My Bed in Your Outside Clothes* is not only a brilliant look at our current cultural moment, it's also a collection that will stay with readers for years to come.

The New Heroines in Film and Television Helena Bassil-Morozow, 2023-06-29

This thought-provoking volume offers an overview of contemporary representations of prominent female characters as they appear in an array of moving-image narratives from a Jungian and post-Jungian perspective. Applying a theoretical frame that is richly informed by the Jungian and post-Jungian concepts of persona, individuation, and archetypes, works including *Fleabag* (2016-2019), *Ladybird* (2017), and *The Queen's Gambit* (2020) as well as Disney productions such as *Brave* (2012), *Moana* (2016), and *Frozen* (2013), are contextualized and discussed alongside their non-screen precedents and contemporaries, including myths, fairy tales, and works of literature, to closely examine new patterns of the female journey. This book identifies how young female characters rebel against the female persona of previous eras through the trickster, the shadow, and other archetypes, comparing the contemporary female protagonist with her predecessors to assess the new paths, roles, and milestones available to her. Examining the construction of the female persona across time periods and mediums in an accessibly written yet academic style, this book is the first of its kind. With a fulsome

account of the progressive developments in entertainment media and Jungian thought, this book is essential reading for students and scholars of film, as well as anyone with an interest in analytical psychology and wider feminist issues in contemporary culture.
