The Best Green Bay Football Baby Names Dr. Jon

Kester, 2021-03-23 In Wisconsin you do not become a Green Bay packer fan you are born a packer fan. All good new born packer fans need a name that represents the green and gold. This book will give you loads of ideas of what to name your new little cheese head. The author leaves no stone unturned to find your new baby the perfect name. In fact, Dr. Kester looked at every player from the very first team in 1919, through the Lombardi years and the dark years of the 1970s and 1980s then the return to glory years under Brett Favre up to the present with Aaron Rodgers.. These names may be from Hall of Fame players like Don Hutson or may come from names that just have a nice ring to them like Desmond Bishop. This book will also have names to stay away from, either because of the players negative reputation such as Tony Mandarich or maybe because the name does not roll off the tongue well such as Gbaja-Biamila. One thing is for sure this book will make sure your child's packer name will not live in infamy.
