The Gossip Nancy Bush,2021-06-29 Every word you whisper In high school, rumors can make or destroy a reputation. A thoughtless nickname can turn each day into a living hell. Gossip is irresistible—and contagious. But sometimes, gossip can kill . . . Every secret you share Mackenzie Laughlin, formerly with Oregon's River Glen police department, has reluctantly agreed to investigate a local woman's disappearance. The case reconnects her with Jesse James Taft, a P.I. gifted at getting under Mac's skin. But when the body is found tangled in river weeds, Mac and Taft realize that the case has changed, from one missing woman to a hunt for a terrifying and relentless killer . . . Could be your last In his old school yearbooks, they were the pretty, popular ones, confident and callous. Back then, they held the power. But now, it's all his. He's been waiting to teach them the lessons they should have learned long ago: that gossip and popularity have a price, and it's time to pay . . .

Speak Love Annie F. Downs,2013-08-20 Through funny stories, Scripture, and a challenge that could help you change the lives of every person you see, tweet, or message for the better, Annie F. Downs explores the difference you can make when you speak love to others, to God, and to yourself. Do you still remember a mean comment someone made about you online? Does something you said to your friend about your other friend haunt you sometimes? Has your day instantly gotten better because you received a compliment? That's because everything we say has a lot of power—even the things we tell ourselves. Annie Downs has learned this lesson firsthand as both a reformed mean girl and the recipient of a lot of hurtful comments herself, and she knows we can break the cycle of harmful words and make a difference if we decide to focus on speaking love—positive, honest words—instead. Through truthful and very funny experiences from her own life, as well as examples from the Bible and every part of life, Annie shows the amazing changes that can happen when we send positive words out into the world and believe them about ourselves. Speak Love: Is the perfect gift for young women ages 13 and up who are ready to speak love and speak life Looks at the ways we speak to ourselves, to others, and to God—and how choosing to use positive words with each one can change our lives, and the lives of those around us Pairs well with the companion devotional, Speak Love Revolution, that contains thirty days of encouragement and tips, as well as journaling space to record your Speak Love journey

A hand book of complete English grammar Prabir Rai Chaudhuri,2022-08-13 A hand book of complete English grammar - A comprehensive guide-by Prabir Rai Chaudhuri ABOUT THIS BOOK This book is intended as an introductory text for courses in English grammar at secondary and tertiary level. It offers an outline account of the most important and central grammatical constructions and categories in English. I have assumed only minimal prior familiarity with the structure of English: all the grammatical terminology used is systematically explained. The analysis draws on the descriptive and theoretical advances made in modern linguistics, and for this reason the book could be used for an elementary course on English within a linguistics programme. It is, however, intended for a wider audience: for any course aiming to present a descriptive overview of the structure of English. Significant departures from traditional grammar in analysis or terminology are pointed out, normally in footnotes. One distinctive feature of the book is that it discusses the major grammatical categories at both a language-particular and a general level. The language-particular account gives the distinctive grammatical properties of the various categories as they apply to English: it thus provides the criteria for determining whether some word is a noun, verb, adjective, adverb or whatever, whether some verb-form is a past participle, a past tense form, etc., whether some clause is declarative,

interrogative, imperative, exclamative – and so on. Analysis at the general level is concerned with what is common to the categories across languages, thus providing criteria for the application of the same terms in the grammars of different languages. Hope this book will remain as a “friend in need” in your daily life whenever you use English language as a communicative vehicle . - Prabir Rai Chaudhuri
