*Ask a Manager* Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

*Firefly Lane* Kristin Hannah,2008-02-05 From the New York Times bestselling author Kristin Hannah comes a powerful novel of love, loss, and the magic of friendship. . . . now a #1 Netflix series! In the turbulent summer of 1974, Kate Mularkey has accepted her place at the bottom of the eighth-grade social food chain. Then, to her amazement, the coolest girl in the world moves in across the street and wants to be her friend. Tully Hart seems to have it all---beauty, brains, ambition. On the surface they are as opposite as two people can be: Kate, doomed to be forever uncool, with a loving family who mortifies her at every turn. Tully, steeped in glamour and mystery, but with a secret that is destroying her. They make a pact to be best friends forever; by summer's end they've become Tully and Kate. Inseparable. So begins Kristin Hannah's magnificent new novel. Spanning more than three decades and playing out across the ever-changing face of the Pacific Northwest, *Firefly Lane* is the poignant, powerful story of two women and the friendship that becomes the bulkhead of their lives. From the beginning, Tully is desperate to prove her worth to the world. Abandoned by her mother at an early age, she longs to be loved unconditionally. In the glittering, big-hair era of the eighties, she looks to men to fill the void in her soul. But in the buttoned-down nineties, it is television news that captivates her. She will follow her own blind ambition to New York and around the globe, finding fame and success . . . and loneliness. Kate knows early on that her life will be nothing special. Throughout college, she pretends to be driven by a need for success, but all she really wants is to fall in love and have children and live an ordinary life. In her own quiet way, Kate is as driven as Tully. What she doesn't know is how being a wife and mother will change her . . . how she'll lose sight of who she once was, and what she once wanted. And how much she'll envy her famous best friend. . . . For thirty years, Tully and Kate buoy each other through life, weathering the storms of friendship---jealousy, anger, hurt, resentment. They think they've survived it all until a single act of betrayal tears them apart . . . and puts their courage and friendship to the ultimate test. *Firefly Lane* is for anyone who ever drank Boone's Farm apple wine while listening to Abba or Fleetwood Mac. More than a coming-of-age novel, it's the story of a generation of women who were both blessed and cursed by choices. It's about promises and secrets and betrayals. And

ultimately, about the one person who really, truly knows you---and knows what has the power to hurt you . . . and heal you. Firefly Lane is a story you'll never forget . . . one you'll want to pass on to your best friend.

Love Can Happen Multiple Times PRASAD R BATTU,2020-02-05 The myth says every marriage is decided in heaven. If it is so, why do we love another person first? When God already knows, why does He let us love someone else, when He knows that it is going to be a disaster? He would like to play with our life to have fun. I am one of his victims; he made me love one girl, but my fate had different plans. Some people say love can only happen once, but I don't think it ends with one; it moves from one to the other. Yes! I'm serious; it happened to me. Sorry. Sorry. I didn't say my name. I'm Karthik. Welcome to my world.

You Have Got To Be Kidding Me! My Chérie Amour,2009-06-29 I am living the single, single, single...life. "Why are you single?", I've been asked. Good question. Yeah. Why am I single? Or, better yet. My favorite question, "You still single?" Ouch! So, I entered the cyber space of dating. "How was your date?", I'm often asked afterwards. One day, my good friend Cheryl asked me this question and I began to share. There was silence. She was speechless. Finally, she said "You're kidding?" I laughed. "No, I'm not." Again, there was silence. "You have to write this stuff down." No one would believe some of the things I experienced on these dates really happened, but I am here to tell you yes. It really did happen. Honestly and truly it did.

Shaken Annie Dyer,2023-08-30 He can save her life, but can he save her heart as well... Abby Walker arrived in Severton searching for her sister. Two years later, she's the one being hunted. Life as a cop in a small town shouldn't include protecting tiny blonde bartenders from big city gangs, but Alex Maynard won't ever let the bad guys win. The quietest of the Maynard family, he refuses to let anything blur his lines. Except Abby. He knows he's been her crush for a while, but doing anything about it wouldn't have felt right, not when he knows she's keeping a secret that could destroy his career. One hot night and a scorching kiss later, the feelings between them have definitely been shaken. Abby's life is in danger and Alex has to make a choice - the woman he's falling for or protecting his small town and his family that lives in it. Contains a hot cop, small town, and some serious suspense. Shaken is part of the Maynards of Severton series but can be read as a stand-alone.

One Missed Call Yasushi Akimoto,2007 It's an epidemic of accidental death! Multiple college students receive odd voicemails from themselves, messages from the future, and all they contain are the screams of their own deaths. A few days later, at the date and time of the message's posting, they die in mysterious accidents, and oddly enough, each have a candy in their mouths.

The Texanist David Courtney,Jack Unruh,2017-04-25 A collection of Courtney's columns from the Texas Monthly, curing the curious, exorcizing bedevilment, and orienting the disoriented, advising on such things as: Is it wrong to wear your football team's jersey to church? When out at a dancehall, do you need to stick with the one that brung ya? Is it real Tex-Mex if it's served with a side of black beans? Can one have too many Texas-themed tattoos?--Amazon.com.

Burnt River Karin Salvalaggio,2015-05-12 When Detective Macy Greeley is called to Wilmington Creek, a sleepy ranching community in northern Montana, she expects an open-and-shut, if high-profile, murder case. What greets her is anything but. John Dalton, a soldier returned home from serving in Afghanistan, has been shot dead in an alleyway outside a local bar. Macy can't see any obvious motive for the attack, but John's closest friends and his twin sister, Jessie, have been keeping secrets. With a series of wildfires pushing the area's resources to the limit and Darby Lake's water level dropping to a record low, Jessie is becoming increasingly anxious about what may be uncovered if the rains don't return to the valley soon. Haunted by what's hidden beneath the still waters, she doesn't know whether to help or hinder Macy's investigation. And Macy herself is increasingly uneasy about what she discovers as she navigates the politics of a small town and the Dalton family clan, as well as her own complicated relationship with the father of her young son. Macy Greeley returns in Burnt River, another taut and intimate mystery from acclaimed Bone Dust White author Karin Salvalaggio.
