

Gothic House Go Theme

David Ronneburg

Gothic Roger Luckhurst,2021-11-16 Crumbling ruins, undead fiends, dark alleys and forests teeming with horrors seen and unseen: the tendrils of the Gothic have crept out of the architecture of churches, mosques and grand houses and into suburban malls, overcrowded cities, the deserted corners of the world and beyond, taking the shape of monsters from Beowulf to Gojira, Cthulhu or the wendigo to our own terrifying, warped reflections. Across time, form and media, this book traces the weaving path of the Gothic from the shadows of history to the very heart of popular culture today--

Paint It Black Voltaire,2005-08-30 Home decorating will never be the same. Close your curtains! Throw away your summery linens! Forget about those white eyelet pillow covers! And for Goth's sake, buy some black lights! Voltaire is here to help you with your home decorating dilemmas, guide you through the hardware stores and decorating centers (which are so difficult for Goths to navigate), and lay it all out on the line about which shade of black goes with which shade of black. Who knows?! One day soon he might have his own decorating line at a discount store. In this world of pastels and plaids, it's so hard for Goths to find anything aesthetically appealing. You go in search of Edward Gorey and wind up with an eyeful of Eddie Bauer. With Voltaire's Paint It Black you can turn the unbearably mundane into the delightfully macabre with little more than a touch of creativity and a can of black spray paint.

James Baldwin's Go Tell it on the Mountain Carol E. Henderson,2006 The publication of James Baldwin's Go Tell It on the Mountain ushered in a new age of the urban telling of a tale twice told yet rarely expressed in such vivid portraits. Go Tell It unveils the struggle of man with his God and that of man with himself. Baldwin's intense scrutiny of the spiritual and communal customs that serve as moral centers of the black community directs attention to the striking incongruities of religious fundamentalism and oppression. This book examines these multiple impulses, challenging the widely held convention that politics and religion do not mix.

Adult Themes Anne Etienne,Benjamin Halligan,Christopher Weedman,2023-08-24 Between the late 1950s and mid-1970s, British cinema experienced an explosion of X-certificated films. In parallel with an era marked by social, political, and sexual ferment and upheaval, British filmmakers and censors pushed and guarded the permissible limits of violence, horror, revolt, and sexuality on screen. Adult Themes is the first volume entirely devoted to the exploration of British X certificate films across this transformative period, since identified as 'the long 1960s'. How did the British Board of Film Censors, harried on one side by the censorious and moralistic, and beset on the other by demands for greater artistic freedom, oversee and manage this provocative body of films? How did the freedoms and restrictions of the X certificate hasten, determine, and reshape post-war British cinema into an artistic, exploitational, and unapologetically adult medium? Contributors to this collection consider these central questions as they take us to swinging parties, on youthful crime sprees, into local council meetings, on police raids of cinemas, and around Soho strip clubs, and introduce us to mass murderers, lesbian vampires, apoplectic protestors, eroticised middle-aged women, and rebellious working-class men. Adult Themes examines both the workings and negotiations of British film censorship, the limits of artistic expression, and a wider culture of X certificate cinema. This is an important volume for students and scholars of British Film History and censorship, Media Studies, the 1960s, and Cultural and Sexuality Studies, while simultaneously an entertaining read for all connoisseurs of British cinema at its most vivid and scandalous.

Mixed-Media Dollhouses Tally Oliveau,Julie Molina,2011-01-09 This book takes the artistic approach of assemblage and collage, and combines it with the long-loved tradition of making doll houses--but these doll houses are anything but traditional! Carpenter's Gothic William Gaddis,1999-03-01 This story of raging comedy and despair centers on the tempestuous marriage of an heiress and a Vietnam veteran. From their carpenter gothic rented house, Paul sets himself up as a media consultant for Reverend Ude, an evangelist mounting a grand crusade that conveniently suits a mining combine bidding to take over an ore strike on the site of Ude's African mission. At the still center of the breakneck action--revealed in Gaddis's inimitable virtuoso dialogue--is Paul's wife, Liz, and over it all looms the shadowy figure of McCandless, a geologist from whom Paul and Liz rent their house. As Paul mishandles the situation, his wife takes the geologist to her bed and a fire and aborted assassination occur; Ude issues a call to arms as harrowing as any Jeremiad--and Armageddon comes rapidly closer. Displaying Gaddis's inimitable virtuoso dialogue, and his startling treatments of violence and sexuality, Carpenter's Gothic shows again that Gaddis is among the first rank of contemporary American writers (Malcolm Bradbury, The Washington Post Book World).

The Whispering House Elizabeth Brooks,2021-03-16 Eerie and addictive. . . . Like Wuthering Heights, The Whispering House is a melancholy novel, its characters filled with dark longings. — The New York Times Book Review From the acclaimed author of The Orphan of Salt Winds It was like holding a couple of jigsaw pieces in my palm, knowing there was a whole picture to be made, if I could only find the rest. Freya Lyell is struggling to move on from her sister Stella’s death five years ago. Visiting the bewitching Byrne Hall, only a few miles from the scene of the tragedy, she discovers a portrait of Stella—a portrait she had no idea existed, in a house Stella never set foot in. Or so she thought. Driven to find out more about her sister’s secrets, Freya is drawn into the world of Byrne Hall and its owners: charismatic artist Cory and his sinister, watchful mother. But as Freya lingers in this mysterious, centuries-old house, her relationship with Cory crosses the line into obsession and the darkness behind the locked doors of the estate threatens to spill out. In prose as lush and atmospheric as Byrne Hall itself, Elizabeth Brooks weaves a simmering, propulsive tale of art, sisterhood, and all-consuming love: the ways it can lead us toward tenderness, nostalgia, and longing, as well as shocking acts of violence.

Haunted Houses Corinne May Botz,2010-09-28 “When I was between the ages of five and eight, my sister and I slept in a large attic bedroom. At nightfall the room was filled with gypsies who glided around in clusters. They wore colorful thin flowing dresses and rummaged greedily through my drawers and books as if they would steal everything. I lay in bed as stiff as a board, trying to will myself invisible, praying they would not notice me looking . . . Daylight obliterated the gypsies, rendering them as thoroughly insubstantial as they had been real in the dark. I had a vague understanding that my vision was private, so I never told my family what I

saw." So began Corinne May Botz's fascination with the invisible, a phenomenon that has profoundly influenced her approach to photography in style and subject matter. For more than ten years, she searched for ghost stories in buildings across the United States. She ventured into these haunted places with both camera and tape recorder in hand; her photographs, accompanied by first-person narratives, reveal a rare glimpse into American interiors, both physical and psychological. This book includes more than eighty haunted buildings, from the legendary to the ordinary, including Edgar Allan Poe's house in Baltimore, a New Jersey tavern, and a Massachusetts farmhouse, a log cabin in Kentucky, and a number of private residences. The text includes ghost stories told to the author by those who lived through the moving rugs, creaking floors, apparitions, disappearing-and reappearing-objects, cries in the night, mysteriously burning candles, and other unexplained occurrences.

Neo-Gothic Narratives Sarah E. Maier, Brenda Ayres, 2020-03-31 Neo-Gothic Narratives defines and theorises what, exactly, qualifies as such a text, what mobilises the employment of the Gothic to speak to our own times, whether nostalgia plays a role and whether there is room for humour besides the sobriety and horror in these narratives across various media. What attracts us to the Gothic that makes us want to resurrect, reinvent, echo it? Why do we let the Gothic redefine us? Why do we let it haunt us? Does it speak to us through intertextuality, self-reflectivity, metafiction, immersion, affect? Are we reclaiming the history of women and other subalterns in the Gothic that had been denied in other forms of history? Are we revisiting the trauma of English colonisation and seeking national identity? Or are we simply tourists who enjoy cruising through the otherworld? The essays in this volume investigate both the readerly experience of Neo-Gothic narratives as well as their writerly pastiche.

Shirley Jackson and Domesticity Jill E. Anderson, Melanie R. Anderson, 2020-05-28 Shirley Jackson and Domesticity takes on American horror writer Shirley Jackson's domestic narratives – those fictionalized in her novels and short stories as well as the ones captured in her memoirs – to explore the extraordinary and often supernatural ways domestic practices and the ecology of the home influence Jackson's storytelling. Examining various areas of homemaking – child-rearing and reproduction, housekeeping, architecture and spatiality, the housewife mythos – through the theoretical frameworks of gothic, queer, gender, supernatural, humor, and architectural studies, this collection contextualizes Jackson's archive in a Cold War framework and assesses the impact of the work of a writer seeking to question the status quo of her time and culture.

Mapping Home in Contemporary Narratives Aleksandra Bida, 2018-09-22 By offering an analysis of the idea of home across the individual, interpersonal, social, and global scales, Mapping Home aims to show the extent to which self-concept is deeply tied to constructions of home in a globally mobile age. The epistemological link between dwelling as knowing oneself and the experience of welcome as key to being able to map one's place(s) in the world are examined through Martin Heidegger's concept of dwelling, Zygmunt Bauman's notion of liquid modernity, Jacques Derrida's exploration of hostile hospitality, and Kwame Anthony Appiah's sense of cosmopolitanism as border-crossing conversation. To further explore these ideas, the book draws on multimodal literature and films that span genres, including gothic horror, fantasy and science fiction, thoughtful comedies, and politically nuanced tragedies. The quality that deeply links the texts is their ability to illuminate the stabilities and mobilities through which home not only mediates but also integrates an individual's diverse experiences of belonging in different locations as well as on different geocultural scales—from the intimate household to the more abstract hometown or homeland and beyond.

The Haunted House on Film Paul Meehan, 2019-12-09 A popular phenomenon since antiquity, the image of the haunted house is one that has translated elegantly into the modern medium of film. The haunted house transcends genre, appearing in mysteries, gothic romances, comedies and horror films. This book is the first comprehensive historical and critical study of themes surrounding haunted houses in film. Covering more than 100 films, it spans from the Mystery House thrillers of the silent era to the high-tech, big budget productions of the 21st Century. Included are the works of such acclaimed directors as D.W. Griffith, Robert Wise, Mario Bava, Alfred Hitchcock, Stanley Kubrick, Tim Burton and Guillermo Del Toro. The book also covers the real-life haunted house phenomenon and movies based on paranormal case files, including those featured in films like the Conjuring series.

Encyclopedia of Film Themes, Settings and Series Richard B. Armstrong, Mary Willems Armstrong, 2015-07-11 The first edition was called "the most valuable film reference in several years" by Library Journal. The new edition published in hardcover in 2001 includes more than 670 entries. The current work is a paperback reprint of that edition. Each entry contains a mini-essay that defines the topic, followed by a chronological list of representative films. From the Abominable Snowman to Zorro, this encyclopedia provides film scholars and fans with an easy-to-use reference for researching film themes or tracking down obscure movies on subjects such as suspended animation, viral epidemics, robots, submarines, reincarnation, ventriloquists and the Olympics ("Excellent" said Cult Movies). The Literary Haunted House Rebecca Janicker, 2015-01-09 The haunted house of American fiction is an iconic union of setting and theme with an enduring presence in popular culture that traces its lineage to the early English Gothic novels. Blurring the boundaries between past and present, the living and the dead, the haunted house—synonymous with the dark side of domesticity—challenges accepted notions of reality and wields a special power over the reader's imagination. Focusing on the work of H. P. Lovecraft, Richard Matheson and Stephen King, this critical work offers a fresh perspective on one of the most popular motifs in American fiction. Case studies demonstrate how these authors have kept the past alive while highlighting the complexities of modern society, using their ghostly tales to celebrate and challenge 20th century American history and culture.

Environmental Ethics in the Midwest Ian Smith, Matt Ferkany, 2022-12-01 The American Midwest is environmentally rich and complex, home to some of the world's largest freshwater lakes and streams as well as cities, prairies, forests, and farmlands. Nevertheless, the unique environmental opportunities and challenges the region presents have been left underappreciated and underexplored by environmental ethicists. The close integration of the natural and built environments of the Midwest

prompts interdisciplinary inquiry in a particularly pointed way. To remedy the lack of scholarly attention to this area, this volume attends to the way that the broad concerns of environmental ethics manifest in the region. These eight original essays cover a wide range of topics, including agrarian ethics and Stoicism; the Dakota access pipeline and Indigenous women’s activism; philosophy of law and species classification; environmental justice and the Flint water crisis; hog farming and antimicrobial drug resistance; science education standards and climate change education; virtue ethics and ecological restoration; environmental pragmatism and the Clean Water Act; and more. Each accessibly written chapter brings multidisciplinary complexity to bear on this complex region. The authors include philosophers working in environmental ethics and other subfields of philosophy, and together with scholars in fields such as environmental sociology, American Indian studies, and environmental studies, they provide a fresh and necessary perspective on the American Midwest.
