Motorcycle GP Racing in the 1960s Chris Pereira,2014-04-15

This book examines the classic period of Grand Prix racing from 1960 to 1969, and the men and machines involved. A fascinating exploration of the last decade of ‘traditional’ Grand Prix racing, before significant events changed the nature of the sport forever.

*The Illustrated History of Moto GP* Michael Scott,2021-08-31

This illustrated history jam packed with more than 150 stunning photographs celebrates high performance motorbike racing since the start of the world championship in 1949. The daring exploits of motorcycle race legends Valentino Rossi, Barry Sheene, Casey Stoner and John Surtees are all gloriously celebrated in *Moto GP: The Illustrated History*. Each racing decade is dissected and discussed, as are the big incidents, top personalities and technological innovations. To complete the book, motorcycle racing's greatest names – including John Surtees, Giacomo Agostini, Kenny Roberts, Valentino Rossi, Casey Stoner and young phenom Marc Marquez – provide exclusive personal insights and accounts of what it is like to race at speeds of 180mph. *Moto GP: The Illustrated History* is a unique book which brilliantly conveys the exhilarating spirit of this popular sport.

**American Grand Prix Racing** Tim Considine, 1997 ... This book is the ultimate chronicle of America's involvement at the highest level of international motor racing. Author has left no source unreviewed in telling this story. More than 200 black and white historical photographs and a special color gallery complement the lively, entertaining text ...

**Formula One: The Pinnacle** Tony Dodgins, Simon Arron, Guenther Steiner, 2022-07-05 The history of Formula One and the changes which have taken F1 from its rudimentary beginnings to the exhilarating high octane spectacle it is today. A fascinating insight into one of the most exciting and dangerous sports in the world

An Age of Superheroes Mat Oxley, 2011-02-01 Traction control? Engine management? Acres of run-off? You've got to be joking: motorcycle racing's age of superheroes, 1988-93, was the zenith of two-stroke Grand Prix racing, when macho colonials slugged it out on evil two-strokes capable of 200mph. Even Valentino Rossi acknowledges this period as a special moment in motorcycle racing history, for he grew up watching Kevin Schwantz, Wayne Rainey, Eddie Lawson, John Kocinski, Mick Doohan and Wayne Gardner on TV as they bumped fairings and

burned rubber around ultra-fast, lethal racetracks.

Racing Stewart Maurice Hamilton, Jon Nicholson, 1998 The birth of a Grand Prix team does not occur every day -- or every season for that matter, Formula 1 is an extremely difficult business to break into, and very few new arrivals survive beyond their first year. That's why the racing world took note in 1997 when a new team bearing the name of race legend Jackie Stewart gained a foothold in the sport. The team has, in fact, been in the news since 1996, when Stewart and his son, Paul, first announced their intentions. Racing Stewart tells the story of this remarkable adventure, charting in full for the first time ever, the birth of a Grand Prix challenger. Hamilton and Nicholson were granted unparalleled access to the team from Stewart's initial decision, giving them a behind-the-scenes look at the peaks and valleys that are an inevitable part of gaining acceptance in this ruthless sport.

Survive. Drive. Win. Nick Fry, 2019-10-03 'The story of Brawn GP is legendary... Exciting and magical.' Damon Hill 'Nick Fry and Ed Gorman take us behind the mysterious and tightly closed doors of F1 to tell the remarkable story of the 2009 season.' Martin Brundle Foreword by Bernie Ecclestone The full story of F1's incredible 2009 championship battle has never been told. Until

now. In this gripping memoir, Nick Fry, the former CEO of Brawn GP, reveals how he found himself in the driving seat for one of the most incredible journeys in the history of motor sport. At the end of 2008, Nick, then head of Honda's F1 team, was told by his Japanese bosses that the motor company was pulling out of F1 in thirty days. This bolt from the blue was a disaster for the team's 700 staff, for Ross Brawn, who Nick had recently recruited as chief engineer, and for the drivers, Jenson Button and Rubens Barrichello. But in a few short weeks, Nick and Ross would persuade Honda to sell them the company for £1 (plus all the liabilities). Just thirteen weeks later, the Brawn GP team, led by Nick and Ross, would emerge from these ashes, win the first Grand Prix of the 2009 season, and go on to win the Driver's and the Constructor's Championship, with a borrowed engine, a heavily adapted chassis and, at least initially, no sponsors. In *Survive. Drive. Win.*, Nick gives an up-close-and-personal account of how he and Ross turned disaster into championship glory and laid the foundations for what was to become the Mercedes-AMG Petronas F1 team. Along the way he gives the inside track on the drivers, the rivalries between teams, on negotiating with Bernie Ecclestone, on hiring and working with two global superstars: Michael

Schumacher and Lewis Hamilton - and offers a unique and thrilling perspective on an elite global sport.

**The Complete History of Grand Prix Motor Racing** Adriano Cimarosti, 1997 Chronicles every grand prix motor race from 1894 onwards, including profiles of the cars, the drivers, and the racetracks; traces the development of motor car racing; and presents, in chronological order, all the cars and models.

**Formula One: The Rivals** Tony Dodgins, Mark Webber, 2023-02-09 Delve into Formula One's most iconic rivalries with stunning photography, insight from celebrated F1 journalist Tony Dodgins and a foreword by nine-time grand prix winner Mark Webber. At the heart of Formula One lies the blistering contests and feuds between the drivers. The drama, personality and thrill of the sport is borne of these fierce duels, where only the fastest and savviest survive. The rivalry between Lewis Hamilton and Max Verstappen is one of the fiercest we have seen in Formula One in decades. Incendiary both on and off the track, the battles between

the seven-time world champion and the hard-driving Dutchman have only served to highlight the importance of these dramatic conflicts to the sport. In *Formula One: The Rivals*, Dodgins identifies the most prominent rivalries since the championship's inception in 1950, including the feud between Hamilton and Verstappen. This highly illustrated book explores the dramatic collisions between drivers vying for the top spot, the bitter wars of words as tension runs high and the controversial decisions that have captivated viewers and delivered truly thrilling racing. From the slow burn of intense dislike between Ayrton Senna and Alain Prost to the verbal barbs dished out by Nigel Mansell and Nelson Piquet to the clash between James Hunt and Niki Lauda that inspired a Hollywood blockbuster, the rivalries include: Hakkinen vs Schumacher Hill vs Schumacher Alonso vs Schumacher Pironi vs Villeneuve Mansell vs Piquet Prost vs Lauda Prost vs Senna Hunt vs Lauda Hamilton vs Rosberg Hamilton vs Massa Hamilton vs Verstappen Vettel vs Webber And many more This book is a must-read for all fans of the sport, whether you have been following F1 for decades or are a new fan drawn by the intensity of recent seasons.

**World Racing History Jeffrey Berger,2023-02-10 World Racing**

History chronicles the evolution of auto racing from its start just after the invention of the car into the major sport it is today. Using Race Car Toons – caricatures of actual racing cars throughout history – World Racing History tells this story in a unique way. With the detailed cars and cartoon characters, it makes learning about racing fun and exciting for all ages. There are three primary forms of racing today – Grand Prix, Indy Cars, and Sports Car. World Racing History covers these in detail and touches on other popular forms from around the world including sprint cars, stock cars, touring/GT cars, rallying, and drag racing.

**Jim Redman** Jim Redman, 2013-10-18 The incredible rags-to-riches story of one of the world's greatest motorcycle racers. From humble beginnings in 1930s London, to winning six world titles, Jim Redman MBE is one of GPs most extraordinary characters, and a true legend of motorcycle racing. After migrating to South Africa, he started his racing career in the mid-fifties, and was awarded an MBE in 1964 – a year that also saw him win three World Championships in a single day, a feat, to this day, matched only by Mike Hailwood. During the mid-60s, Jim was THE man to beat on track, but a bad crash at the '66 Belgian GP ended his racing career. Following this, Jim was involved in a number of business

ventures – including helping his two sons with their own successful sports careers, and owning a champion sire race horse – until, in 1995, he once again took up a career in racing as a Classic Racer and Demonstration Rider.

### **International Motor Racing Doug Nye, 1973**

*Feel* Freddie Spencer, 2017-04-20 *Feel* is the story of how a small-time boy from humble beginnings in Louisiana rose to the pantheon of greats, to win the 500cc and 250cc GP Championship in the same year – an historic achievement over three decades ago which has never been repeated. Growing up at the time of the assassination of Malcolm X and Martin Luther King, Freddie judged by feel, not by colour. Blind to prejudice and discrimination, he formed dynamic connections with people and events, but only years later during his racing afterlife could Freddie come to understand the true power of the things he learned. Spencer is an articulate and compassionate guide as he describes the thrill and horror of racing in an era when death was a perennial threat. He recalls in pin-sharp detail the frenetic high-octane racing duels with the ‘King’ Kenny Roberts, but also describes a parallel internal journey as he struggled to make sense of it all. Driven by a search for the personal fulfilment that comes through finding your purpose,

Freddie's story is a universal one. In its message of hope, *Feel* transcends its genre to offer a story for everyone. Part thriller, part philosophical self-exploration, it is a remarkably insightful account of what it is like to have it all, but wonder why. "For the first time I will talk about the traumas of my childhood, the contrast between the leaf fire burns, the mistrust and discomfort and the peace and purpose I felt when riding my bike. I didn't tell my parents about something that happened to me. Why? I felt ashamed, but when I rode I felt connected to everything and the pain in my hand and heart would go away. It gave me the feeling of hope".

Motorcycle Road Racing Jeffrey Zuehlke, 2009-01-01 Presents motorcycle road racing, providing simple explanations surrounding the sport including descriptions of famous races, the culture of racing, and brief career highlights of its legendary stars.

**Moto GP Yesterday & Today** Michael Scott, 2017-10 Moto GP has never seen anything like this before, in what is a unique visual study of the world's leading motorcycle championship. *Moto GP Yesterday and Today* is a stunning illustrated book where vintage photographs are shown alongside related images from the modern era. The topics covered include the legendary champions, famous tracks, great races and life away from the track, which has resulted

in a unique record that reveals Moto GP from a new and exciting perspective. Written by leading MotoGP journalist, Michael Scott, Moto GP Yesterday and Today illustrates how much the sport has changed over the years but also how several of the fundamentals of motorcycle racing has remained unaltered.

#### **GP Ice Race Ferdinand Porsche, Jr.,Vinzenz**

Greger,2020-10-08 \* The GP Ice Race 2020: the participants, the cars, the men of action\* Exclusive background stories about the races, interviews with drivers and promoters\* Published and curated by Ferdinand Porsche Junior\* Marvelous coffee-table book with top photos by top photographers\* The perfect present for car and Porsche lovers!It's cool, man! Winter sport meets motor sport at the GP Ice Race. In the summer they're drawn to the racetracks, in winter they go to Scandinavia: during the cold season, there are spectacular races on frozen lakes and icy tracks. In 2019 Ferdinand Porsche revived the old tradition of ice races and with his pal Vinzenz Greger he brought back the GP Ice Race to Zell am See in Austria, the home of the Porsche family. For two days amateurs, professional racing drivers, teams and manufacturers of different classes meet there for racing competitions - facing the extreme conditions of an icy track at the old airport. Spectacular

pictures of motor races on the icy track. Motorsport belongs to Zell am See like passes to the mountains, says Ferdinand Porsche, great-grandson of the Porsche patriarch of the same name. Apparently Ferdinand Porsche junior does not just share the great name, but also the motor sport genes of his ancestors. So the GP Ice Race unites a varied mix of participants, that should please all motorsport enthusiasts. Among others, participants are supercars, modern classic cars and classic cars, vehicles with combustion and electric engines. The two organizers even planned the traditional Skijoring, where courageous skiers, connected by a tow line, are pulled by a car. This racing weekend is a special experience of freedom, driving skills, sporting precision and speed - a must for motor racing enthusiasts! Text in English and German.
