Holy Crap!! Claude Bearden,2017-12-11 Over a forty-year period, my career in education expanded the private and public sectors, but mostly public. Hopefully over that period, I grew in my understanding of myself and human nature. While the work I did was intended to improve the lives and opportunities for children, it did not always turn out to be the case. Energy was often diverted to those interests belonging to adults. I am not referring to parents. The adult interest that I speak of here is the interest of those within the system: administrators, school board members, and government officials. While I might have included teachers, I did not, for these are the hardest and most dedicated individuals of this group. Someone once said, It is about powerwho has the power, who wants the power, and who gets the power. This is the distraction and children are not the benefactors.

Colleges that Change Lives Loren Pope,1996 The distinctive group of forty colleges profiled here is a well-kept secret in a status industry. They outdo the Ivies and research universities in producing winners. And they work their magic on the B and C students as well as on the A students. Loren Pope, director of the College Placement Bureau, provides essential information on schools that he has chosen for their proven ability to develop potential, values, initiative, and risk-taking in a wide range of students. Inside you'll find evaluations of each school's program and personality to help you decide if it's a community that's right for you; interviews with students that offer an insider's perspective on each college; professors' and deans' viewpoints on their school, their students, and their mission; and information on what happens to the graduates and what they think of their college experience. Loren Pope encourages you to be a hard-nosed consumer when visiting a college, advises how to evaluate a school in terms of your own needs and strengths, and shows how the college experience can enrich the rest of your life.

Pen State to State Pen Cornell Richards,2021-09-17 In *Pen State to State Pen*, Cornell Richards is a

young African-American male, who just recently graduated from college, but unfortunately gets arrested for the first time in his life for unknowingly, committing a crime. His conviction lands him in prison for four years. Throughout this continuous flashback tale, Cornell draws over a dozen graphic comparisons between the college life, and the jail life. Now That You Mention It Kristan Higgins, 2017-12-26 New York Times–Bestselling Author: “The dialogue is witty and the prose is smooth . . . [A] moving take on starting over and repairing past hurts.” —Publishers Weekly One step forward. Two steps back. The Tufts scholarship that put Nora Stuart on the path to becoming a Boston medical specialist was a step forward. Being hit by a car and then overhearing her boyfriend hit on another doctor when she thought she was dying? Two major steps back. Injured in more ways than one, Nora feels her carefully built life cracking at the edges. There's only one place to land: home. But the tiny Maine community she left fifteen years ago doesn't necessarily want her. At every turn, someone holds the prodigal daughter of Scupper Island responsible for small-town drama and big-time disappointments. With a tough islander mother who's always been distant, a wild-child sister in jail, and a withdrawn teenage niece as eager to ditch the island as Nora once was, Nora has her work cut out for her if she's going to take what might be her last chance to mend the family. Balancing loss and opportunity, dark events from her past with hope for the future, Nora will discover that tackling old pain makes room for promise . . . and the chance to begin again. “Powerful, entertaining . . . Balancing emotion,

humor, and a redemptive theme, Higgins hits all the right notes with precision, perception, and panache.”
—Kirkus Reviews (starred review) “She only gets better with each book.” —New York Times

You Can Do Anything George Anders, 2017-08-08 In a tech-dominated world, the most needed degrees are the most surprising: the liberal arts Did you take the right classes in college? Will your major help you get the right job offers? For more than a decade, the national spotlight has focused on science and engineering as the only reliable choice for finding a successful post-grad career. Our destinies have been reduced to a caricature: learn to write computer code or end up behind a counter, pouring coffee. Quietly, though, a different path to success has been taking shape. In **YOU CAN DO ANYTHING**, George Anders explains the remarkable power of a liberal arts education - and the ways it can open the door to thousands of cutting-edge jobs every week. The key insight: curiosity, creativity, and empathy aren't unruly traits that must be reined in. You can be yourself, as an English major, and thrive in sales. You can segue from anthropology into the booming new field of user research; from classics into management consulting, and from philosophy into high-stakes investing. At any stage of your career, you can bring a humanist's grace to our rapidly evolving high-tech future. And if you know how to attack the job market, your opportunities will be vast. In this book, you will learn why resume-writing is fading in importance and why telling your story is taking its place. You will learn how to create jobs that don't exist yet, and to translate your campus achievements into a new style of expression that will make employers' eyes light up. You will discover why people who start in eccentric first jobs - and then make their own luck - so often race ahead of peers whose post-college hunt focuses only on security and starting pay. You will be

ready for anything.

Virgin Soul Judy Juanita,2013-04-18 From a lauded poet and playwright, a novel of a young woman's life with the Black Panthers in 1960s San Francisco At first glance, Geniece's story sounds like that of a typical young woman: she goes to college, has romantic entanglements, builds meaningful friendships, and juggles her schedule with a part-time job. However, she does all of these things in 1960s San Francisco while becoming a militant member of the Black Panther movement. When Huey Newton is jailed in October 1967 and the Panthers explode nationwide, Geniece enters the organization's dark and dangerous

world of guns, FBI agents, freewheeling sex, police repression, and fatal shoot-outs—all while balancing her other life as a college student. A moving tale of one young woman's life spinning out of the typical and into the extraordinary during one of the most politically and racially charged eras in America, *Virgin Soul* will resonate with readers of Monica Ali and Ntozake Shange.
