**The Yucatan Connection** Chuck Kimball,2016-11-16 While on a previous assignment, Lyle Mercer was unable to stop the flourishing drug trade originating in Pakistan. During this monumental endeavor he had assassinated suppliers and agents in many parts of the world, in the Bayou in the southern US, in France, and in Egypt. All he had really achieved was the temporary containment of the drug supply. Now the operation was back in force. Once again, a deep black controller working for POTUS (President of the United States) had asked him to risk his life for the homeland. With Brett Thompson, his partner, he is preparing to engage in a perilous undertaking which the two men were not sure they could handle. From the discovery of drugs and weapons in a cenote (natural water reservoir) in the Mexican State of Yucatan, the stalking and the assassination of the Chief of Detectives in Mexico City, the tortuous detour in Colombia, the pursuit into the bayou to eliminate thugs with crossbows, these two partners find themselves engaged in an incredible chase to eliminate drugs and arms dealers. This long and often fruitless hunt is targeting one kingpin in particular who is transporting his illegal merchandise by submarine to the United States. The smugglers' extensive connection to Russia for sophisticated arms, and to the Orient for heroin, added to the genius of the traffickers inventing new methods to keep their profitable entrepreneurship thriving, may be too challenging for these two highly trained deep Black Ops agents. Mentally tortured by love for a woman has driven one of the partners to a breaking point at times. Will the love for his country and the devotion to his woman be an obstacle to the common cause, the exclusion of drugs and weapons entering the United States?
