*Doing Ethnography in Criminology* Stephen K. Rice, Michael D. Maltz, 2018-10-13 This innovative book examines the use of ethnography and fieldwork in Criminology and Criminal Justice Research. Using a combination of case studies, as well as “behind the scenes” contributions, it provides an comprehensive look at both the insights gained from ethnographic research, as well as the choices researchers make in conducting that work. The research is divided into three main sections, covering ethnographies of subcultures, ethnographies of place, and ethnographies of policing. It includes a diverse group of international contributors to provide perspectives on researchers’ selection of questions to study, and their decisions about using ethnography to study those questions. This work will be of interest to researchers in criminology and criminal justice, particularly with a qualitative perspective, as well as related fields such as sociology, anthropology, and demography. It will also be of interest to students studying research methods and design.

*Training Days: The Subway Artists Then and Now* Henry Chalfant,Sacha Jenkins,2014-10-14 Authentic first-person accounts from the graffiti artists whose creative genius fueled the movement from its beginning in late 1970s and early 1980s New York Late 1970s New York City was bankrupt and its streets dirty and dangerous. But

the city had a wild, raw energy that made it the crucible for the birth of rap culture and graffiti. Graffiti writers worked in extremely tough conditions: uncollected garbage, darkness, cramped spaces, and the constant threat of police raids, assault by security staff and attacks by rival crews. It was not unlike practicing performance art in a war zone. Yet during the fertile years of the late 1970s and 1980s they evolved their art from stylized signatures to full-blown Technicolor dreamscapes. Henry Chalfant created panoramic images of painted trains by photographing overlapping shots along the train's length. It took time to earn the writers' trust and respect, but Chalfant became their revered confidant and with Tony Silver went on to produce the classic documentary film *Style Wars* (1983). Through a series of interviews conducted by Sacha Jenkins, we hear the voices of these characters of old New York. Quite a few of the original writers are no longer with us, but those who have survived have continued to push the envelope as artists and individuals in a new millennium. The stories they tell, included here alongside iconic, raw photographs of their work, will enthrall graffiti fans everywhere.

**The Radical Potter** Tristram Hunt, 2021-10-26 From one of

Britain's leading historians and the director of the Victoria & Albert Museum, a scintillating biography of Josiah Wedgwood, the celebrated eighteenth-century potter, entrepreneur, and abolitionist. Wedgwood's pottery, such as his celebrated light-blue jasperware, is famous worldwide. Jane Austen bought it and wrote of it in her novels; Empress Catherine II of Russia ordered hundreds of pieces for her palace; British diplomats hauled it with them on their first-ever mission to Peking, audaciously planning to impress China with their china. But the life of Josiah Wedgwood is far richer than just his accomplishments in ceramics. He was a leader of the Industrial Revolution, a pioneering businessman, a cultural tastemaker, and a tireless scientific experimenter whose inventions made him a fellow of the Royal Society. He was also an ardent abolitionist, whose Emancipation Badge medallion—depicting an enslaved African and inscribed “Am I Not a Man and a Brother?”—became the most popular symbol of the antislavery movement on both sides of the Atlantic. And he did it all in the face of chronic disability and relentless pain: a childhood bout with smallpox eventually led to the amputation of his right leg. As historian Tristram Hunt puts it in this lively, vivid biography, Wedgwood was the Steve Jobs of the eighteenth century: a difficult, brilliant, creative figure whose personal drive and extraordinary gifts changed the way we work and live. Drawing on a rich array of letters, journals, and historical documents, *The Radical Potter* brings us the story of a singular man, his dazzling contributions to design and innovation, and his remarkable global impact.

**Taking the Train** Joe Austin, 2001 Traces the history of graffiti in New York City against the backdrop of the struggle that developed between the city and the writers.

Yo' Mama's Disfunktional! Robin D.G. Kelley, 2001-01-04 In this vibrant, thought-provoking book, Kelley, the preeminent historian of black popular culture writing today (Cornel West) shows how the multicolored urban working class is the solution to the ills of American cities. He undermines widespread misunderstandings of black culture and shows how they have contributed to the failure of social policy to save our cities. From the Trade Paperback edition.

Dada Culture , 2016-08-01 How Dada is to break its cultural accommodation and containment today necessitates thinking the historical instances through revised application of critical and theoretical models. The volume Dada Culture: Critical Texts on the Avant-Garde moves precisely by this motive, bringing together writings which insist upon the continuity of the early twentieth-century moment now at the start of the twenty-first. Engaging the complex and contradictory nature of Dada strategies, instanced in the linguistic gaming and performativity of the movement's initial formation, and subsequently isolating the specific from the general with essays focusing on Ball, Tzara, Serner, Hausmann, Dix, Heartfield, Schwitters, Baader, Cravan and the exemplary Duchamp, the political philosophy of the avant-garde is brought to bear upon our own contemporary struggle through critical theory to comprehend the cultural usefulness, relevance, validity and effective (or otherwise) oppositionality of Dada's infamous anti-stance. The volume is presented in sections that progressively point towards the

expanding complexity of the contemporary engagement with Dada, as what is often exhaustive historical data is forced to rethink, realign and reconfigure itself in response to the analytical rigour and exercise of later twentieth-century animal anarchic thought, the testing and cultural placement of thoughts upon the virtual, and the eventual implications for the once blissfully unproblematic idea of expression. From the opening, provocative proposition that historically Dada may have been the falsest of all false paths, the volume rounds to dispute such condemnation as demarcation continues not only of Dada's embeddedness in western culture, but more precisely of the location of Dada culture. Ten critical essays – by Cornelius Partsch, John Wall, T. J. Demos, Anna Schaffner, Martin I. Gaughan, Curt Germundson, Stephen C. Foster, Dafydd Jones, Joel Freeman and David Cunningham – are supplemented by the critical bibliography prepared by Timothy Shipe, which documents the past decade of Dada scholarship, and in so doing provides a valuable resource for all those engaged in Dada studies today.

### **Inscriptions in the Private Sphere in the Greco-Roman World**

Rebecca Benefiel, Peter Keegan, 2015-11-30 When one thinks of inscriptions produced under the Roman Empire, public inscribed monuments are likely to come to mind. Hundreds of thousands of such inscriptions are known from across the breadth of the Roman Empire, preserved because they were created of durable material or were reused in subsequent building. This volume looks at another aspect of epigraphic creation – from handwritten messages scratched on wall-plaster to domestic sculptures labeled with texts to displays of official patronage posted in homes: a range of inscriptions appear within the private sphere in the Greco-Roman world. Rarely scrutinized as a discrete epigraphic phenomenon, the incised texts studied in this

volume reveal that writing in private spaces was very much a part of the epigraphic culture of the Roman Empire.

Where the Ball Drops Daniel Makagon, 2004 An analysis of the transformation of Times Square from a seedy urban center to a family friendly entertainment district captures the competing social and cultural fantasies that are at work, revealing an ongoing urban drama of the contradictions of public and private life.

**The Popular History of Graffiti** Fiona McDonald, 2013-06-13 What is graffiti? And why have we, as a culture, had the urge to do it since 30,000 BCE? Artist Fiona McDonald explores the ways in which graffiti works to forever compel and simultaneously repel us as a society. When did graffiti turn into graffiti art, and why do we now pay thousands of dollars for a Banksy print when just twenty years ago, seminal graffiti artists from the Bronx were thrown into jail for having the same idea? Graffiti has not always been imbued with a sense of aesthetic, but when and why did we suddenly “decide” that it is worthy of consideration and criticism, just within the past few years? Throughout history, graffiti has served as an innately individualistic expression (such as Viking graffiti on the walls of eighth-century churches), but it has also evolved into a visual and narrative expression of a collective group. Graffiti brings to mind not only hip-hop culture and urban landscapes, but petroglyphs, tree trunks strewn with carved hearts symbolizing love, and million-dollar works of art. Learn about more graffiti artists and rebels such as: the band Black Flag, Lee Quinones and Fab 5 Freddy, Dandi, Zephyr, Blek le Rat, Nunka, Keith Haring, and more! Illustrated with stunning full-color photos of graffiti throughout time, *The Popular History of Graffiti* promises to be an important and dynamic addition to graffiti literature.

*The Birthplace of Jesus Is in Palestine* Toine van

Teeffelen, 2024-03-15 *The Birthplace of Jesus Is in Palestine* is a narrative of a Christian family in Bethlehem in the West Bank. Based on diary entries and interviews from 2000 to 2023, the Dutch author--an anthropologist and peace activist--chronicles the spontaneous reactions of his Palestinian children and wife navigating the challenges posed by curfews and checkpoints. Problems of Palestinian school life are shown from the perspective of teachers and students. Against the background of Israeli occupation and settlement building, the intricacies of Palestinian culture in its daily rhythms and domestic spaces come to life. Throughout the pages, the key Palestinian concept of *sumud*, or steadfastness, is explored. The memoir details acts of creative nonviolent resistance, individual protests, affirmations of cultural identity, and inspiring examples of Muslim-Christian community. The book also reveals unexpected connections between Palestinian culture in the Bethlehem area and broader Christian values and traditions. An afterword reflects upon implications of Israel's war in Gaza.

**American Graffiti** Margo Thompson, 2015-09-15

The first appearances of graffiti "tags" (signatures) on New York City subway trains in the early 1970s were discarded as incidents of vandalism or the rough, violent cries of the ignorant and impoverished. However, as the graffiti movement progressed and tags became more elaborate and ubiquitous, genuine artists emerged whose unique creativity and unconventional media captured the attention of the world. Featuring gallery and street works by several contributors to the graffiti scene, this book offers insight into the lives of urban artists, describes their relationship with the bourgeois art world, and discusses their artistic motivation with unprecedented sensitivity.
