

# Gre Mnemonics Wordlist

Talia Swinton

**Mnemonic Words for Remembering GRE Vocabulary** Xuhua Chen, 2012-09-16 Believe it or not the mnemonic technique used in this book is possibly the most simple and powerful in remembering the meaning of difficult words. Here's how it works: Take the word ABUT, which means to lie adjacent to another or share a boundary. All you need to do is to use the mnemonic link words provided by the book to form a sentence or phrase to remember it. We have the following as the first example: ABUT - (v.) to lie adjacent to another or share a boundary ABUT = A Border Unites Turkey. The first letters of the above sentence match each letter of ABUT. You don't need to be genius to work out how effective this is. What you need is some more examples: IMP - (n.) (folklore) fairies that are somewhat mischievous (n.) one who is playfully mischievous IMP = Infant Must Play HIVE - (n.) a teeming multitude (n.) a man-made receptacle that houses a swarm of bees (n.) a structure that provides a natural habitation for bees HIVE = Honey Is Very Expensive Rouge - (n.) makeup consisting of a pink or red powder applied to the cheeks (v.) redden by applying rouge to ROUGE = Red Onions Usually Get Eaten PAUCITY - (n.) an insufficient quantity or number PAUCITY = Poor And Ugly CITY Check out the book and you will have more surprise. The author's other publication can be found on <http://wordnet.princeton.edu/wordnet/related-projects/>

**Gre Vocab Capacity** Vince Kotchian, Brian McElroy, 2012-06-12 2015 version published on 12/29/14. Need a good way to remember that the word prodigal means wasteful? Just think of prada gal - a girl who spends all of her money on designer clothes. Brian McElroy (Harvard, '02) and Vince Kotchian (Boston College, '97), two of San Diego's most sought after test-prep tutors, provide a series of clever, unconventional, and funny memory devices aimed toward helping you to improve your vocabulary and remember words long-term so that you don't ever forget their meanings. Brian and Vince, combined, have been tutoring the test for over 20 years. They have analyzed all available official GRE tests to select the words that appear in this book. The vocabulary words in this book are best suited for students at a 9th-grade level or above. The words in this edition are specifically targeted toward the GRE exam, but they are also helpful for students who are preparing for other standardized tests such as the SAT, ACT, ISEE, SSAT, GMAT, LSAT or MCAT, or anyone at any age who simply wants to improve his/her knowledge of English vocabulary. Disclaimer: a few of our mnemonics might not be appropriate for kids – some contain adult language or situations. Over 950 of the words in this book appear in our other mnemonics book, SAT Vocab Capacity. So if you're easily offended, the SAT version might be a better choice. Why This Book Is Different If you're studying for the GRE, SAT, or for any other standardized test that measures your vocabulary, you may be feeling a little bit anxious – especially if you've taken a practice test and encountered words you didn't know (or maybe never even saw before)! Whether you have seven days or seven months to prepare for the test, you're going to want to boost your vocabulary. But it's not that simple – you've got to remember the words you learn. And on many GRE text completion and sentence equivalence questions, getting the right answer comes down to knowing the precise definition of the words. You could make vocabulary flashcards. You could look up words you don't know. You could read a book with lots of big words. But unless you give your brain a way to hold on to the words you learn, it will probably have a harder time remembering them when they appear on the test. That's the problem with most vocabulary books: the definitions and sentences in the books aren't especially memorable. That's where this book is different. We've not only clearly defined the words but we've also created sentences designed to help you remember the words through a variety of associations - using mnemonics. Mnemonic Examples A mnemonic is just a memory device. It works by creating a link in your brain to something

else, so that recall of one thing helps recall of the other. This can be done in many ways – but the strongest links are through senses, emotions, rhymes, and patterns. Consider this example: Quash (verb): to completely stop from happening. Think: squash. The best way to quash an invasion of ants in your kitchen is simple: squash them. Now your brain has a link from the word quash (which it may not have known) to the word squash (which it probably knows). Both words sound and look the same, so it's easy to create a visual and aural link. If you picture someone squashing ants (and maybe get grossed out), you also have another visual link and an emotional link. Here's another example: Eschew (verb): to avoid. Think: ah-choo! Eschew people who say ah-choo! unless you want to catch their colds. The word eschew sounds similar to a sneeze (ah-choo!), so your brain will now link the two sounds. If you picture yourself avoiding someone who is about to sneeze in your face, even better! Again, the more connections you make in your brain to the new word, the

Barrons Mnemonics Arjun Singh, This book contains Tricks to remember GRE Barron Word list. Mnemonic helps in learning and remembering word and it's meaning easily by providing memory aids (called mnemonics) for each word. Mnemonics connect to-be-remembered meaning of words with a systematic and organized set of images or words that are already firmly established in long-term memory and can therefore serve as reminder cues.

**SAT Vocab Capacity** Vince Kotchian, Brian McElroy, 2012-07-09 2014 Edition published on 2/20/2014. Need a good way to remember that the word prodigal means wasteful? Just think of PRADA GAL - a girl who spends all of her money on designer clothes. Brian McElroy (Harvard, '02) and Vince Kotchian (Boston College, '97), two of San Diego's most sought after test-prep tutors, provide a series of clever, unconventional, and funny memory devices aimed toward helping you to improve your vocabulary and remember words long-term so that you don't ever forget their meanings. Brian and Vince, combined, have been tutoring the test for over 20 years. They have analyzed all available official SAT tests to select the words that appear in this book. The vocabulary words in this book are best suited for students at a 9th-grade level or above. The words in this edition are specifically targeted toward the SAT exam, but they are also helpful for students who are preparing for other standardized tests such as the GRE, ACT, ISEE, SSAT, GMAT, LSAT or MCAT, or anyone at any age who simply wants to improve his/her knowledge of English vocabulary. Disclaimer: All of the words in this book appear in our other book, GRE Vocab Capacity. Why This Book Is Different If you're studying for the GRE, SAT, or for any other standardized test that measures your vocabulary, you may be feeling a little bit anxious - especially if you've taken a practice test and encountered words you didn't know (or maybe never even saw before)! Whether you have seven days or seven months to prepare for the test, you're going to want to boost your vocabulary. But it's not that simple - you've got to remember the words you learn. And on many SAT sentence completion questions, getting the right answer comes down to knowing the precise definition of the words. You could make vocabulary flashcards. You could look up words you don't know. You could read a book with lots of big words. But unless you give your brain a way to hold on to the words you learn, it will probably have a harder time remembering them when they appear on the test. That's the problem with most vocabulary books: the definitions and sentences in the books aren't especially memorable. That's where this book is different. We've not only clearly defined the words but we've also created sentences designed to help you remember the words through a variety of associations - using mnemonics. Mnemonic Examples A mnemonic is just a memory device. It works by creating a link in your brain to something else, so that recall of one thing helps recall of the other. This can be done in many ways - but the strongest links are through senses, emotions, rhymes, and patterns. Consider this example: Quash (verb): to

completely stop from happening. Think: SQUASH. The best way to QUASH an invasion of ants in your kitchen is simple: SQUASH them. Now your brain has a link from the word quash (which it may not have known) to the word squash (which it probably knows). Both words sound and look the same, so it's easy to create a visual and aural link. If you picture someone squashing ants (and maybe get grossed out), you also have another visual link and an emotional link. Here's another example: Eschew (verb): to avoid. Think: AH-CHOO! ESCHEW people who say AH-CHOO! unless you want to catch their colds. The word eschew sounds similar to a sneeze (ah-choo!), so your brain will now link the two sounds. If you picture yourself avoiding someone who is about to sneeze in your face, even better! Again, the more connections you make in your brain to the new word, the easier it will be for you to recall it.

**GRE Prep by Magoosh** Magoosh,Chris Lele,Mike McGarry,2016-12-07 Magoosh gives students everything they need to make studying a breeze. So crack open this book, join us online at magoosh.com, and let's get you ready to rock the GRE!

**Dictionary Mnemonics** Talia Swinton,2021-04-10 Upgrade your English Vocabulary Today!If you swallowed a dictionary and somehow transferred all its contents into your brain, you would be unstoppable. This book makes that happen in a much less extreme way!Most books that help you prepare for the SAT or the GRE are either compendia or word lists and flashcards, or have multiple choice questions on the lines of those featured in these tests.Very few books concentrate on fun exercises to build up the skills required to become better, organically, at verbal and vocabulary skills in English. This book fills the gap.Within this book, you will find multiple fun games and exercises that help you recognize patterns and guess some of the harder words on the tests, and link them to their definitions.Here are a few key features of the approach used:1. Gamification: In each part of each exercise, you are given a set of clues about a word, one of which is always linked to its definition. This gamification approach is key to making you come back, Exercise Set after Exercise Set, to master hundreds of useful new words by the end of the entire book.2. Pattern recognition: The clues are carefully chosen so that they link to key properties of a word that help you remember it quickly in a test scenario. For example, the first letter of a word, its length, and its approximate meaning are all patterns that help us create mental shortcuts to quick + intuitive guesses. These are exactly what the word clues are based on, and they will benefit you in skill building, through an indirect approach - just like working out a group of muscles in the gym gives you muscle gains weeks

later!3. Graded difficulty increase: The pool of words used for this book is carefully curated - you will start off with challenging but commonly used words for the most part, and graduate to more obscure words in a slowly staged manner. All the while, we will sprinkle in a few words related to those you have mastered in earlier Exercise Sets, so that you are able to build on what you have learnt earlier. By the end of the book, you will be ready for anything that a real standardized test can throw at you - both in terms of skills and confidence.4. Unique proprietary format: The format of questions used in this book cannot be found anywhere else - it has been tried and tested with thousands of students, and works every single time. Whether you are looking to strengthen your verbal skills in English for a test, or just looking to do this out of interest, this book is for you.

*Essential Words for the GRE* Philip Geer, 2010-07-01 An extensive working vocabulary is a prerequisite for test-taking success on the GRE Graduate Record Exam. This revised and updated test preparation guide presents 800 college-graduate-level words with definitions that frequently appear on the exam, while also familiarizing test takers with how the words are generally used in various contexts. Additional features include a pretest that serves as a diagnostic, a lengthy word list with extensive sentence-completion exercises, and a chapter that discusses and analyzes essential word roots. The book concludes with a detailed posttest. Answers are provided for all exercises and for all questions in the posttest.

Vocabulary 4000 Jeff Kolby, 2021-01-15 Other vocabulary books list difficult, esoteric words that readers quickly forget or feel self-conscious about using. Here there is a bounty of choice words, between the common and the esoteric, that will flow forth, once learned. Brief Description: English offers perhaps the richest vocabulary of all languages, in part because its words are culled from so many languages. It is a shame that we do not tap this rich source more often in our daily conversation to express ourselves more clearly and precisely. Many a vocabulary book lists esoteric words we quickly forget or feel self-conscious using. However, there is a bounty of choice words between the common and the esoteric that often seem to be just on the tip of our tongue. Vocabulary 4000 brings these words to the fore. All the words you need for success in business, school, and life! Features: \* Word Analysis section \* Idiom and Usage section \* 200 Prefixes, Roots, and Suffixes \* Concise, practical definitions \* Great for the SAT, GRE and other entrance exams.

**Learn GRE+SAT+CAT vocabulary through photographic memory** Pathan M.A,2015-02-09 Book description Learn GRE+CAT+SAT vocabulary through photographic memory Guide to, how to use our maximum sensual power along with photographic story to learn vocabulary for the students appearing for

higher exam studies Tests taken in the start of book, this will tell you about your present vocabulary learning capability and guide for improvement vocabulary and pronunciation Two memory technique to learn vocabulary in fastest possible time and for forever - Rhyme words memory technique(RM) - Split word alphabet memory technique(SWAM) Rhyme word memory technique (RM): Suppose word, deft-skilful Rhyme word of deft- theft, meaning- skilful Create story in your mind or write it down on paper Now we have two words; one is theft (thieves) & skillful. Let's narrate photographic memory story for this word. You know, how thieves rob bank skillfully. Consider you locked in bank and in midnight thieves arrived to rob bank. They are in black dresses and by fear of them you hide beneath of counter. They enter in bank and reached to locker. You are watching them, they reach to locker & one of them skillfully opened locker by master key & theft bank. This is your photographic memory story for deft word. Here you have to feel, you are actually there and facing the situation. Use your all senses to generate story. First time it will take time to narrate story but when you will go through practice, without fraction of second, you would able to generate story. This exercise not only will help you to learn word but will help you to think beyond your boundaries & in sequential manner. I'm pretty sure about that, your IQ will not be the same after learning number of words. Because here you are doing job of thinking, not only thinking but thinking in sequential manner by attaching story mode. Definitely thinking is nothing but imaging anything in mind. Split word alphabet memory technique(SWAM) The SWAM technique briefly explained in book Why should I buy this book? This book provide you, way to learn vocabulary in fastest possible time and ends your journey in search of right book. Provide guide not only in learning of vocabulary effortlessly and easily but provides pronunciation of about 4000 words correctly.

*GRE Vocabulary Workbook* Lewis Morris, Learn the Secret to Success on the GRE Test! Ever wonder why learning comes so easily to some people? This remarkable workbook reveals a system that shows you how to learn faster, easier and without frustration. By mastering the hidden language of the subject and exams, you will be poised to tackle the toughest of questions with ease. We've discovered that the key to success on the Graduate Record Exam lies with mastering the Insider's Language of the subject. People who score high on their exams have a strong working vocabulary in the subject tested. They know how to decode the vocabulary of the subject and use this as a model for test success. People with a strong Insider's Language consistently: Perform better on their Exams Learn faster and retain more information Feel more confident in their courses Perform better in upper level courses Gain more satisfaction in learning The GRE Test Vocabulary Workbook is different from traditional review books because it focuses on the exam's Insider's Language. It is an outstanding supplement to a traditional review program. It helps your preparation for the exam become easier and more efficient. The strategies, puzzles, and questions give you enough exposure to the Insider Language to use it with confidence and make it part of your long-term memory. The GRE Exam Vocabulary Workbook is an awesome tool to use before a course of study as it will help you develop a strong working Insider's Language before you even begin your review. Learn the Secret to Success! After nearly 20 years of teaching Lewis Morris discovered a startling fact: Most students didn't struggle with the subject, they struggled with the language. It was never about brains or ability. His students simply didn't have the knowledge of the specific language needed to succeed. Through experimentation and research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student's ability to progress in the subject. Lewis called this set of vocabulary the "Insider's Words". When he applied these "Insider's Words" the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of workbooks and applications to teach this "Insider's Language" to students around the world.

**Word Smart for the GRE** Anne Curtis, Princeton Review (Firm), 2003 The number of students taking the GRE is the highest it has been in years, and now is the perfect time for Word Smart for the GRE. This brand-new Smart guide defines hundreds of the words that appear on the test most often.

A Dictionary of Mnemonics Methuen Publishing Limited, 1972-01-01

Vocabulary Cartoons Sam Burchers, Max Burchers, Bryan Burchers, 1997-03 A quick method of building a better vocabulary through the use of mnemonic cartoons.
