Γεωπονικά. Agricultural Pursuits. Translated from the Greek by ... T. Owen ,1805

The Life of a Greek American John Antonakos,2019-05-09 This biography is more about the people who have surrounded me than about myself. With this biography, I intend to show all the following: How my environment affected me as a Greek American; the interplay I had with my parents who had come from Greece; my parents' faith and how it influenced me; the difficulties Greek immigrants had and how they overcame them; the strong belief a Greek immigrant had for education and how it impelled him to drive his children to get a good education; the way immigrants entertained themselves with home celebrations, dances, and picnics; and the relationship Greek Americans had with one another. In summary, the purpose of this biography is to show how Greek culture was established within American culture and was impressed upon me. This book is built around a thread that traces the development of the life of the immigrants in America. Do not look in it for the development of my life, but rather look in it to see the development of the Antonakos family in America. Look at the life of the Antonakoses in Mani, their immigration to America, and their progress in America. Look at their material development and how they used it to obtain higher education for their children. Then note how, through the use of this education, they obtained good positions in the professional world. It is fervently hoped that all immigrants in America from all nations of the world will establish their culture in America as the ones who had come here earlier. The greatness of America will continue to remain as long as this peaceful blending of cultures continues to occur. This biography is written purely chronologically. The persons, places, and events are recorded chronologically in my story as they actually occurred in my life. Accept them as they are recorded, and don't attempt to group different parts of my story together in any unique way.

The Greek Junta and the International System Antonis Klapsis,Constantine Arvanitopoulos,Evanthis Hatzivassiliou,Effie G. H. Pedaliu,2020-02-19 This book examines the international dimensions of the Greek military dictatorship of 1967 to 1974 and uses it as a case study to evaluate the major shifts occurring in the international system during a period of rapid change. The policies of the major nation-states in both East and West were determined by realistic Cold War considerations. At the same time, the Greek junta, a profoundly anti-modernist force, failed to cope with an evolving international agenda and the movement towards international cooperation. Denouncing it became a rallying point both for international organizations and for human rights activists, and it enabled the EEC to underscore the notion that democracy was an integral characteristic of the European identity. This volume is an original in-depth study of an under-researched subject and the multiple interactions of a complex era. It is divided into three sections: Part I deals with the interaction of the Colonels with state actors; Part II deals with the responses of international organizations and the rising transnational human rights agenda for which the Greek junta became a totemic rallying point; and Part III compares and contrasts the transitions to democracy in Southern Europe, and analyses the different models of transition and region-building, and how they intersected with attempts to foster a European identity. The Greek dictatorship may have been a parochial military regime, but its rise and fall interacted with significant international trends and can therefore serve as a salient case study for promoting a better understanding of international and European trends during the 1960s and 1970s. This book will be of much interest to students of Cold War studies, international history, foreign policy, transatlantic relations and International Relations, in general.

Innovation Policies in the European News Media Industry Hans van Kranenburg,2017-02-15 This book explores the importance and the types of media innovation policies formulated and implemented in various European countries. Each country analysis illustrates the evolution and structure of news media markets and media cross-ownership policies in recent years and evaluates how innovation policies stimulate innovative activities in journalism and news media. The main objective of this book is to promote discussion on how innovation policies can help the news media industry to meet development needs and requirements in the future. It will help scholars, politicians and practitioners in the media industry to identify best practices to support innovation in a rapidly changing news media landscape.

Modern Greek and American English in Contact P. David Seaman,2017-12-04

The Greek Gastarbeiter in the Federal Republic of Germany (1960-1974) Maria Adamopoulou,2024-03-04 Was migration to Germany a blessing or a curse? The main argument of this book is that the Greek state conceived labor migration as a traineeship into Europeanization with its shiny varnish of progress. Jumping on a fully packed train to West Germany meant leaving the past behind. However, the tensed Cold War realities left no space for illusions; specters of the Nazi past and the Greek Civil War still haunted them all. Adopting a transnational approach, this monograph retargets attention to the sending state by exploring how the Greek Gastarbeiter's welfare was intrinsically connected with their homeland through its exercise of long-distance nationalism. Apart from its fresh take in postwar migration, the book also addresses methodological challenges in creative ways. The narrative alternates between the macro- and the micro-level, including subnational and transnational actors and integrating a diverse set of primary sources and voices. Avoiding the trap of exceptionalism, it contextualizes the Greek case in the Mediterranean and Southeast European experience.

Pluralism in Transition Judy Rene Sims,1990

Once We Were Here Christopher Cosmos,2020-10-20 As World War II intrudes upon their home, three young friends risk everything for freedom, love, and a chance at a better life. On October 28th, 1940, Mussolini provides Greek Prime Minister Ioannis Metaxas with an ultimatum: either allow Axis forces to occupy their country, or face war, and Greece's response is swift. Oxi! they say. No! In a small village nestled against the radiant waters of the Aegean Sea, we find Alexei, the son of a local fisherman, and his best friend Costa, who were both born on the same night eighteen years earlier and have been like brothers ever since, though now, like all the other young men in their village and throughout Greece, they will leave their homes to bravely fight for their country. But before they go, Alexei asks Philia, the girl that he's loved his entire life, to marry him, which sets into motion the events which will change the lives of these three and their family and friends forever, and begins an epic and unforgettable story of courage, survival, sacrifice, the strength of the human spirit, and of a love and friendship that will echo across time and generations. A spellbinding novel and sweeping romance that performs the remarkable feat of creating action-packed scenes, characters that we care deeply about, and revealing in vivid detail the untold true story of how Greece helped the Allies to win World War II, *Once We Were Here* is an unforgettable tale that pays tribute to the brave men and women who fought and gave everything for their country, for each other, and for freedom.

Hellas, the Country of Miracles Maria Pappa,Stavros Marmarinos,Gerasimos Gerasopoulos,2012-06-01 The rich photo book, "Hellas, the Country of Miracles", where Hellas is the greek word for Greece, contains highly informative text written in Greek by Maria Pappas, and in English by Katalina Gerasopoulou. Maria Pappas is a Greek educator in the U.S. and Katalina Gerasopoulou is a bright student with exceptional academic drive and performance.The contents of the book are modular and are divided into three sections: 1. The Glory of Hellas 2. Natural beauty of Hellas and 3. The magic of the everyday life in Hellas".Through the pictures, you are swayed by the deep blue waters of the islands of Greece. You have the chance to walk the picturesque streets of villages and towns. You can run in the green and carefree flowered plains. You can climb to the wild beauty of the mountains and fly like an eagle over the mountaintops. You can see the eternal Greece, impressed in the ruins of the monuments of classic and modern times. Each photograph is a challenge to the mind and the senses.

The British and the Greek Resistance, 1936-1944 André Gerolymatos,2018-04-30 This study examines Greek resistance to Nazi occupation during the Second World War and the role of British intelligence in the conflict. The author looks beyond the standard scholarly focus on guerrilla groups in the mountains to Greek intelligence work and espionage in the cities and towns.

Old and New Islam in Greece Konstantinos Tsitselikis,2012-05-25 Providing an interdisciplinary look at Greece’s Muslim minority and migrant communities, this book provides an exhaustive legal analysis of regulations and broadens our understanding of the political management of ethnic and religious otherness, while placing these phenomena in historical context.

Studies on Slavery, in Easy Lessons John Fletcher,1852

The Oxford Handbook of Modern Greek Politics Kevin Featherstone,Dimitri A. Sotiropoulos,Dēmētrēs A. Sōtēropoulos,2020 This volume is the authoritative Handbook guide to the development of Greek politics, economy, and society from the period of the fall of the Colonels' Regime (1974) to the present day, including the causes and consequences of the crisis in Greece and the aftermath of the crisis, in comparative and historical perspective.

Geōponika ,1806

Greek Island Life Margaret E. Kenna,2001 This book gives a vivid and engaging account of anthropological exploration on a remote Greek island in the 1960s and is based on letters, progress reports, field notes and diary entries made at the time. These allow the reader to experience the bewildering early weeks of fieldwork in the Spring of 1966, the writer's first impressions, mistakes and understandings, and her attempts to make sense of what was going on during the sixteen months she spent on the island. The reader can also share in the emerging understanding resulting from long-term association and familiarity, gaining a sense of how months of work can be summed up in a short phrase or single sentence in later writings. Since the 1960s the author has returned to the island many times, and her later impressions and understandings are integrated in this book adding richness and depth to the material. This enables the reader, together with the author, to look back on those months from a viewpoint in the 90s.The islanders who regarded themselves as far from God in the sixties are now struggling to make a living from tourism, marketing their island as one of the unspoilt places in Greece. This is not only a dynamic and important reflexive account for the anthropologist, but an engaging and thoroughly enjoyable read for anyone interested in Greece or travel writing. Readers with an interest in modern history, sociology or Greek studies will also appreciate the depth and quality of Kenna's research as well as her accessible writing style.

Greece on Air Amanda Wrigley,2015 'Greece on Air' offers a discussion of the fascinating history of public engagements thought via the BBC Radio, from the birth of domestic broadcasting in the 1920s up to the 1960s. The range of programmes broadcast in this period includes engagements with ideas from and about ancient Greece in twentieth-century Britain. Wrigley draws on the vast amount of evidence that exists in the written archives to develop a full understanding of the role of the radio medium in public engagements with ancient Greece in twentieth-century Britain.

Covert Ops James E. Parker,1997-11-15 At the same time the Vietnam War was being broadcast into the living rooms of Americans across the country the CIA was conducting a large-scale secret war in northeastern Laos that few heard about. Agency case officer Jim Parker's five years of combat and immersion in Southeast Asian culture had a lasting influence on him and his family. His dramatic, provocative reminiscence of those years is the first account by a participant to portray America's involvement in Laos.

Greek Radios Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has be evident than ever. They have the capacity to inspire, provoke, and ignite change.
