The Power of Mobile Banking Sankar Krishnan,2014-05-19 Today's tech-savvy consumers are demanding a more personal customer experience from their banks, and banks are discovering that mobile services deliver individualized, tailored experiences better than any other technology. The Power of Mobile Banking: How to Profit from the Revolution in Retail Financial Services gives banking and financial professionals a well-researched guide for becoming transformational leaders. These leaders can convert their traditional retail branch banks into streamlined systems that deliver personalized services to their customers' laptops, tablets, and smartphones. Written by Sankar Krishnan—a career banker and noted financial services industry thought leader—The Power of Mobile Banking includes strategies for adapting mobile banking practices that suit the needs of both developed and emerging markets. Krishnan also shows how bankers can make their products and services relevant to a new generation of digital natives. Krishnan explores the expanding mobile payment systems that offer a wealth of financial opportunities for banking institutions and includes information on the growth of e-commerce, which holds the potential for new and profitable ways for banks to engage with consumers. The Power of Mobile Banking outlines the practical aspects of adapting to a mobile banking strategy and shows how to put the right players in place to ensure the technology works seamlessly. Once in place, a great mobile system delivers excellent service and benefits to users, as well as real value and unique features that cement customer loyalty. The book also offers advice for bankers who want to increase their bottom line by delving into the world-wide prepaid card market. Krishnan includes a discussion on the risks and hazards of mobile banking and reveals the critical investments that banks must be willing to make in order to avoid losing customers to telecoms, retailers, and technology providers. The time for retail banking to prepare for the new paradigm is now and The Power of Mobile Banking is the guide for professionals who want to adapt, evolve, and succeed in this new mobile-driven world.

Dead Calm Inge Löhnig,2017-05-18 A chilling Scandinavian thriller that surprises at every turn, perfect for readers of Henning Mankell and Tana French. For better or worse, our parents' secrets shape the people we become. When the body of a retired paediatrician is discovered in his weekend house on Lake Starnberg, it seems clear that his death was the result of a robbery gone wrong. But as Inspector Konstantin Dühnfort starts to investigate and details of how the man met his death are revealed, an altogether murkier series of events begins to emerge - one of torture, betrayal and cruelty, of complex sibling relationships and toxic parental ambition. With a family ripping at the seams, will Dühnfort be able to uncover the truth?

Intelligent Autonomous Systems 13 Emanuele Menegatti,Nathan Michael,Karsten Berns,Hiroaki Yamaguchi,2015-09-03 This book describes the latest research accomplishments, innovations, and visions in the field of robotics as presented at the 13th International Conference on Intelligent Autonomous Systems (IAS), held in Padua in July 2014, by leading researchers, engineers, and practitioners from across the world. The contents amply confirm that robots, machines, and systems are rapidly achieving intelligence and autonomy, mastering more and more capabilities such as mobility and manipulation, sensing and perception, reasoning, and decision making. A wide range of research results and applications are covered, and particular attention is paid to the emerging role of autonomous robots and intelligent systems in industrial production, which reflects their maturity and robustness. The contributions have been selected through a rigorous peer-review process and contain many exciting and visionary ideas that will further galvanize the research community, spurring novel research directions. The series of biennial IAS conferences commenced in 1986 and represents a premiere event in robotics.

The Money Hackers Daniel P. Simon,2020-04-14 Businesses, investors, and consumers are grappling with the seismic daily changes technology has brought to the banking and finance industry. The Money Hackers is the story of fintech's major players and explores how these disruptions are transforming even money itself. Whether you've heard of fintech or not, it's already changing your life. Have you ever "Venmoed" someone? Do you think of investing in Bitcoin--even though you can't quite explain what it is? If you've deposited a check using your iPhone, that's fintech. If you've gone to a bank branch and found it's been closed for good, odds are that's because of fintech too. This book focuses on some of fintech's most powerful disruptors--a ragtag collection of financial outsiders and savants--and uses their incredible stories to explain not just how the technology works, but how the Silicon Valley thinking behind the technology, ideas like friction, hedonic adaptation, democratization, and disintermediation, is having a drastic effect on the entire banking and finance industry. Upon reading The Money Hackers, you will: Feel empowered with the knowledge needed to spot the opportunities the next wave of fintech disruptions will bring. Understand the critical pain points that fintech is resolving, through a profile of the major finsurgents behind the disruption. Topic areas include Friction (featuring founders of Venmo), Aggregate and Automate (featuring Adam Dell, founder of Open Table and brother of Michael Dell), and Rise of the Machines (featuring Jon Stein, founder of robo-advisor Betterment). Learn about some of the larger-than-life characters behind the fintech movement. The Money Hackers tells the fascinating story of fintech--how it began, and where it is likely taking us.

How the Other Half Banks Mehrsa Baradaran,2015-10-06 The United States has two separate banking systems--one serving the well-to-do and another exploiting everyone else. Deserted by banks and lacking credit, many people are forced to wander through a Wild West of payday lenders and check-cashing services thanks to the effects of deregulation in the 1970s that continue today, Mehrsa Baradaran shows.
