Public Collectors Marc Fischer,2014 Established in 2007 by Marc Fischer, and featured in the 2014 Whitney Biennial, Public Collectors encourages collectors of material culture--the kind that most museums won't exhibit--to 'open' their collections to the public. Extending the popular website of the same name, this book presents a wide array of collections--some featured on the website, most newly assembled for publication--interspersed with commentary and essays exploring the problems and politics of collecting materials that may lack conventional monetary or cultural value.

Sellout Dan Ozzi,2021 From celebrated music writer Dan Ozzi comes a comprehensive chronicle of the punk music scene's evolution from the early nineties to the mid-aughts, following eleven bands as they dissolved, sold out, and rose to surprise stardom. From its inception, punk music has been identified by two factors: its proximity to authenticity, and its reliance on an antiestablishment ethos. Yet, in the mid- to late '90s, major record labels sought to capitalize on punk's rebellious undertones, leading to a schism in the scene: to accept the cash flow of the majors, or stick to indie cred?Sellout chronicles the evolution of the punk scene during this era, focusing on prominent bands as they experienced the last gold rush of the music industry. Within it, music writer Dan Ozzi follows the rise of successful bands like Green Day and Jimmy Eat World, as well as the implosion of groups like Jawbreaker and At the Drive-In, who buckled under the pressure of their striving labels. Featuring original interviews and personal stories from members of eleven of modern punk's most (in)famous bands, Sellout is the history of the evolution of the music industry, and a punk rock lover's guide to the chaotic darlings of the post-grunge era. --

Paper Kisses R. M. Grace,

The Bone Garden Tess Gerritsen,2007-09-18 Unknown bones, untold secrets, and unsolved crimes from the distant past cast ominous shadows on the present in the dazzling new thriller from New York Times bestselling author Tess Gerritsen. Present day: Julia Hamill has made a horrifying discovery on the grounds of her new home in rural Massachusetts: a skull buried in the rocky soil—human, female, and, according to the trained eye of Boston medical examiner Maura Isles, scarred with the unmistakable marks of murder. But whoever this nameless woman was, and whatever befell her, is knowledge lost to another time. Boston, 1830: In order to pay for his education, Norris Marshall, a talented but penniless student at Boston Medical College, has joined the ranks of local “resurrectionists”—those who plunder graveyards and harvest the dead for sale on the black market. Yet even this ghoulish commerce pales beside the shocking murder of a nurse found mutilated on the university hospital grounds. And when a distinguished doctor meets the same grisly fate, Norris finds that trafficking in the illicit cadaver trade has made him a prime suspect. To prove his innocence, Norris must track down the only witness to have glimpsed the killer: Rose Connolly, a beautiful seamstress from the Boston slums who fears she may be the next victim. Joined by a sardonic, keenly intelligent young man named Oliver Wendell Holmes, Norris and Rose comb the city—from its grim cemeteries and autopsy suites to its glittering mansions and centers of Brahmin power—on the trail of a maniacal fiend who lurks where least expected . . . and who waits for his next lethal opportunity. With unflagging suspense and pitch-perfect period detail, *The Bone Garden* deftly interweaves the thrilling narratives of its nineteenth- and twenty-first century protagonists, tracing the dark mystery at its heart across time and place to a finale as ingeniously conceived as it is shocking. Bold, bloody, and brilliant, this is Tess Gerritsen’s finest achievement to date. This ebook edition contains a special preview of Tess Gerritsen’s *I Know a Secret*. The story, which digs up a dark Boston of times long past, entices readers to keep turning pages long after their bedtimes.—Kirkus Reviews (starred)

My Soul to Take Rachel Vincent,2009-08-01 She doesn't see dead people, but... She senses when someone near her is about to die. And when that happens, a force beyond her control compels her to scream bloody murder. Literally. Kaylee just wants to enjoy having caught the attention of the hottest guy in school. But a normal date is hard to come by when Nash seems to know more about her need to scream than she does. And when classmates start dropping dead for no apparent reason, only Kaylee knows who'll be next...

Devoted to Death R. Andrew Chesnut,2018 R. Andrew Chesnut offers a fascinating portrayal of Santa Muerte, a skeleton saint whose cult has attracted millions of devotees over the past decade. Although condemned by mainstream churches, this folk saint's supernatural powers appeal to millions of Latin Americans and immigrants in the U.S. Devotees believe the Bony Lady (as she is affectionately called) to be the fastest and most effective miracle worker, and as such, her statuettes and paraphernalia now outsell those of the Virgin of Guadalupe and Saint Jude, two other giants of Mexican religiosity. In particular, Chesnut shows Santa Muerte has become the patron saint of drug traffickers, playing an important role as protector of peddlers of crystal meth and marijuana; DEA agents and Mexican police often find her altars in the safe houses of drug smugglers. Yet Saint Death plays other important roles: she is a supernatural healer, love doctor, money-maker, lawyer, and angel of death. She has become without doubt one of the most popular and powerful saints on both the Mexican and American religious landscapes.

Reaper Man Terry Pratchett,2009-10-13 They say there are only two things you can count on ... But that was before DEATH started pondering the existential. Of course, the last thing anyone needs is a squeamish Grim Reaper and soon his Discworld bosses have sent him off with best wishes and a well-earned gold watch. Now DEATH is having the time of his life, finding greener pastures where he can put his scythe to a whole new use. But like every cutback in an important public service, DEATH's demise soon leads to chaos and unrest -- literally, for those whose time was supposed to be up, like Windle Poons. The oldest geezer in the entire faculty of Unseen University -- home of magic, wizardry, and big dinners -- Windle was looking forward to a wonderful afterlife, not this boring been-there-done-that routine. To get the fresh start he deserves, Windle and the rest of Ankh-Morpork's undead and underemployed set off to find DEATH and save the world for the living (and everybody else, of course).

Full of Eyes Christopher Powers,2019-01-09 He is the radiance of the glory of God... - Hebrews 1:3The most glorious news in all of reality is that the God for whom we--and all things--exist is communicated to his creation with definitive authority in the incarnate Son (John1:14,18), and with climactic finality in the revelatory redemption of the cross (John 8:28, 17:1,5). Knowing and enjoying the One True God in the crucified and risen Jesus is the wellspring of our love (1 John 4:19), the substance of our sanctification (2 Corinthians 3:18), and the heart of eternal life (John 17:3), and this book is an attempt to help you do just that. Full of Eyes is a daily devotional containing 100 examples of visual exegesis. Each picture is designed to help you see, savor, and sing the beauty of God in his crucified and risen Son. As the Scripture in this book illuminates the pictures so that the pictures can shine back to exegete the Scripture, may you be ever

more deeply enamored with the all satisfying excellence of who God has declared himself to be for us in Jesus.

Grim Tidings Amanda M. Lee,2024-01-28 Grim(ace) while you work ... Aisling Grimlock is having a bad week. Well, actually, she's having a bad life -- not that she's complaining. Okay, she's totally complaining. After being laid off from her secretarial position, she has no choice but to join the family business, and now she's a full-time grim reaper. That's right. She collects and transfers souls to the hereafter. Cool, huh? Not quite. On the second day of her new job, Aisling (literally!) stumbles over a dead body that's not on her list and the stakes are suddenly raised because, when a name isn't on the list, that means someone stole it (and that's never a good thing). Aisling's family, which consists of a tempestuous father and four overbearing older brothers, are hot on the case - but the answers they're coming up with aren't exactly soothing. It seems a contingent of wraiths have descended on the area, and they're not just dangerous for unsuspecting souls and the general populace. The Grimlock family is at risk, too. If that weren't bad enough, Aisling finds herself inexplicably drawn to Detective Griffin Taylor - the police officer who considers her a murder suspect. Oh, and she's a wraith-magnet -- although, truth be told, she's more interested in Detective Taylor. Aisling is determined to prove that she has what it takes to be a great reaper - even if it means risking her life and proving her father and brothers wrong when it comes to her competence level. When things finally become clear, will Aisling survive long enough to make things right? Or, will she fall prey to the wraiths and the individual controlling them?

Wings of Fire Stephanie Mirro,2020-09 I wasn't always the bad guy... Once upon a time, I was simply Veronica Neill: daughter, sister, phoenix. But now I'm all alone, and life as the Falcon-an avian shifter and acquirer of fantastical things-is dangerously sexy and fun. Some might even call me a thief, just never to my face. But when my latest acquisition is stolen before I arrive and a gruesome murder is blamed on me, I've got a choice to make: 1) get taken in by the hotter-than-hell agent sent by the Death Enforcement Agency and let them charge me with a crime I didn't commit, or 2) wait for my bloodsucking client to realize I've failed at the job he hired me for. I don't like either door, so I'll take the window instead: track down the real killer and clear my name. If I don't solve this murder, and fast, then I might just be facing a lifetime in a grim prison-or worse, a lifetime of servitude to the man who hired me, a man who's turning out to be more dangerous than I realized. And my kind lives for a very long time. If you loved Nalini Singh's Guild Hunters, Ilona Andrews's Hidden Legacy, or Seanan McGuire's InCryptid series then you will devour The Last Phoenix series. WINGS OF FIRE is the 1st book of 7 in The Last Phoenix series, a kickass urban fantasy containing fast-paced action, snarky humor, sexy grim reapers, horrific vampires, a hearty dose of swearing, and a healthy splash of slow-burn romance.
